

EYE WITNESS OF JAPANESE DISASTER WRITES HEPPNERITE

Ora Matlock expects to leave Thursday for Spokane from where he will go a little later to Seattle, where he will resume his law course at the University of Washington. Mr. Matlock ranks high in the baseball world at Washington U. and with others of the ball squad is looking forward with much interest to the contemplated trip to the Orient in 1925 when Washington will show our trans-Pacific neighbors how the great American game is played. He has some concern that the recent Japanese disaster may result in cancellation of the trip which is expected to require ten months, during which the entire Orient will be covered.

Mr. Matlock received a letter from his friends, Dr. F. W. Wilkinson, physician on the Admiral liner President Jefferson, saying that ship stood by in Yokohama harbor after the earthquake and picked up many refugees. He wrote that the conditions were simply indescribable in their horror and wretchedness.

MORROW COUNTY FARM BUREAU HOLDS MEETING

A meeting of the Morrow County Farm Bureau was held in the county agent's office Saturday afternoon.

R. W. Turner, president of the bureau, called the meeting to order and presided during the meeting. In the absence of J. O. Turner, secretary, R. W. Morse acted in that capacity.

Other members present were: Ralph Finley, J. O. Kincaid, Roy Campbell, R. B. Wilcox, Oscar Keithley.

Routine business was transacted and a report of work planned for the coming year by the county agent's office was submitted tentatively, by Mr. Morse. It was decided to resume publication of the Farm Bureau News. The question of re-entering the state organization from which the county bureau withdrew last winter, was discussed but no action was taken.

HEAVY SHEEP SHIPMENTS YESTERDAY

Twenty cars of sheep left the local yards yesterday afternoon by special train destined for Idaho and Colorado feed yards where they will be topped off for the eastern mar-

kets. Stockmen represented in the shipments were John Kelly, 3100 head; Bob Thompson, 1600; L. V. Gentry, 1000. Of the total about 4700 were lambs and 1000 were wethers, the latter going to Montana. Mr. Kelly, who has been buying for a shipper, went to Baker today to make a shipment from there. He will make another shipment from Heppner about September 25th.

W. H. Padberg was in town Monday. He will finish harvesting his wheat crop in about two weeks if all goes well.

Howard Lamp, stockman and meat dealer of Lexington, was a visitor in Heppner yesterday.

COUNTY COURT PROCEEDINGS

County court met in regular session with all officers being present except Commissioner L. P. Davidson.

Court approved, allowed continued or rejected the various claims presented against the county as per notation on the face of each claim.
