**EVERYTHING**

(Written by Dona Brown, 9 Years Old)

See the pretty clothes hanging on the line;  
The line is stretched from tree to tree,  
The bird nest overhead is neatly built  
And the garden over yonder has no weeds to be seen.  
It's just green, glittering leaves all so bright,  
And the hollyhocks on the other side  
With flowers so bright and pure and bees a humming all around.  
Oh, it's such a joy to see them all so bright,  
And the children, so clean and fair  
It's a joy to see them there.  
I think they wash their hands with lots of soap and water.  
So all these things are good because they help to keep health.

**Buy Your Tires from a Firestone DEALER**

**At the Latest Prices—The Lowest in History**

You will find the Firestone Dealer one of the stable business men of your community. He offers a clean, fresh stock, backed by a well organized service. He wants you as a permanent customer.

That is the reason he sells Firestone tires. He knows and has plenty of proof that they are the best tires on the market. He can give you the greatest value and thereby retain your trade for years.

Every day you find new proof of this unequalled value. On the 15th of this month, Firestone Tires set two new dirt track records at Syracuse when Tommy Milton slid around four turns at every mile and covered the 100 miles in 75 minutes, 33 hundredths seconds. He also established a new world's record for one mile by covering it in 42 and 28 hundredths seconds. The next four cars to finish were also equipped with Firestone Gum-Dipped Cords. Each one of them

went the entire race without a stop. This and every other important race this year was won on Firestone Gum-Dipped Cords and Steam-Welded Tubes. Such performance gives you conclusive proof of their strength and durability.

Not only do race drivers use Firestone Tires as protection to their lives and the surest way to victory, but the largest tire buyers in the world insist on and buy Firestone Tires for economy and service. These buyers include the leading car manufacturers, the biggest commercial car operators and the taxicab and motorbus operators. 57,639,714 tire miles were sold to taxicab and motorbus operators in the month of August.

Think this over. You cannot afford to accept anything less than Firestone service and economy. You can buy this service and economy from any of the dealers listed below.
