One of the worst sand and wind storms known passed through Cecil on Tuesday, October 16. It began about 10 a. m. and never ceased till midnight. Haystacks are damaged (many blown all to pieces), barns unroofed, trees uprooted. Karl Farnsworth's barn at Rhea siding was completely wrecked. We heard of one young man due to arrive at the "Mayor's" residence Tuesday night but the wind was so terrific he missed the gate and landed at "the pace where the strawberries used to grow" in Gilliam county.

Oral Henriksen is busy hauling grain from Cecil warehouse for his stock.

We understand that J. W. Osborn of Cecil has rented his Shady Dell ranch to Bena brothers of Standfield. They took possession October 18, and we extend the hand of welcome to them.

Mr. and Mrs. Jack Hynd have landed back in Butterby Flats once more and are busy seeing that the rest of the ranch are kept busy preparing for the stock coming in for their winter quarters.

Mr. and Mrs. Jesse Wallace of Condon were visitors with Mrs. George Krebs on Wednesday.

The basket social held in Cecil hall on October 13 in aid of the Japanese Relief fund was a great success. After all expenses were paid, the sum of \$90 was sent to Mrs. Emmert Cochran, chairman of the Morrow County Japanese Relief fund, as Cecil's donation. It is impossible to thank everyone personally who assisted in any way to help make the social such a success, but we take this means of thanking all. Contributions of \$5 from W. G. Hynd, and the same from David Hynd of Sand Hollow, helped to swell the fund.

"Wid" Palmateer of "Windynook" has hauled his wheat to the Minor & Hynd warehouse at Cecil. "Wid" declares he has never seen a storm to equal what passed over his part of the country on Tuesday. The wind carried everything before it. Wid says he can't find a straw left on his ranch, and that the name of his ranch ought to be changed to "Hungry Hollow," for even his chicken feed and chickens went with the wind. One thing was left in Cecil during the severe storm, and that was a large Hubbard squash weighing 41 pounds and grown by J. W. Osborn at Cecil.

MORGAN

Mrs. Johnson, the health nurse, visited the Morgan school the day of the big storm. The pupils are now doing health chores. One small child understood that the four glasses of water were to be drank all at one

time, but was informed of her mistake before she had completed the chore.

HARDMAN

Friday, October 19, Lexington's second football team played a return game with the Hardman team. Hardman lost, the score being 13 to 0 in the visitors' favor. The Union high school of Hardman gave a banquet to the visiting team. After the banquet, a school party was given in the auditorium of the high school.

On the same evening a surprise party was given on Mrs. Brookhouser, one of the town's popular women. Most of the high school students and their guests went to this party after their own school social was over. Everyone had a pleasant evening.

Everett Hadley was lost Friday, October 19, while out hunting in the mountains. He was found Sunday afternoon, cold and unconscious. He is recovering.

Bill Miller has been very ill for the past week. Pneumonia is said to be the cause of his illness.

Beware of the Cane

No man who carries a cane can be elected to public office in Oregon. We lay this down as an axiom of Oregon politics. A cane confers immunity upon its twirler. It eliminates him automatically. Ben W. O'cott found that out. He began to carry a cane, very privately, while he was governor. So the Curse of Cane was upon him. The editor of the Voter always carries a cane, very publicly. Thus he is removed from temptation to become a candidate for anything, knowing he is doomed to defeat. We note that Robert N. Stanfield is carrying a cane.—Oregon Voter.

OF INTEREST TO DISABLED VETERANS

Giving scores of disabled veterans of the Pacific Northwest permanent compensation, a new move on the part of the United States Veterans' Bureau establishing medical rating boards throughout the district for the purpose of awarding permanent partial disability ratings is proving not only a benefit to the injured ex-service man but will also be a money-saver for the government, according to L. C. Jesseph, northwest district manager of the bureau.

More than 100 disabled veterans have already been given permanent partial disability ratings, meaning permanent compensation from the government and eliminating the need of periodical physical examinations, he stated. Approximately 2,000 men will be called in for examination before the rating boards finish their work. Boards have been named at Seattle, Tacoma, Spokane, Portland, Walla Walla and Boise.

"Disabled ex-service men receiving notices to report for examination before one of these boards should make it a point to do so at the time designated," said Mr. Jesseph. "This program of awarding permanent compensation to veterans with partial disability ratings is one of the most important and far-reaching moves of the Veterans' Bureau since its formation. It relieves the mind of the injured ex-service man whose disability is of a permanent nature because he will receive a permanent income ranging from \$10 to \$100 a month. The government administration costs will be lightened because the men will not have to be examined at stated times."

Mr. Jesseph stated that veterans given permanent ratings may have their compensation increased in case their injuries are aggravated but no reductions can be made under the present rulings.

OREGON BOY RIDES ZEV. GREAT 3-YEAR-OLD TO VICTORY

Earl Sande, Salem (Oregon) boy and known as the world's greatest race rider, piloted Zev, the world's greatest 3-year-old to victory in the \$100,000 race with Papyrus, the English Derby winner at New York last Saturday.

More than 60,000 persons witnessed the great race which is said to be the greatest crowd that ever attended a horse race in America.

The track was wet and heavy but Zev went over the mile and one-half course in 2 minutes 35 2-5 seconds.

Sande's parents are residents of Salem and they expect their son to make them a visit this fall.
