One of the great departments of the Pacific International Live Stock Exposition is that devoted to boys' and girls' clubs. There will be more of them than ever this year, and the livestock they bring will in some instances surpass that of the old breeders, for they are doing good work. The exposition devotes much money to premiums in this department, and fosters and encourages in every way the club activities.

Society

Numerous social activities added zest to life in Heppner last week, almost every afternoon being occupied.

Tuesday afternoon the ladies of Bethel Chapel gave a farewell party to Mrs. Grover Young prior to her departure for The Dalles where Mr. and Mrs. Young will reside. A pleasing program was given after which refreshments were served. Mrs. Young has been active in social and musical circles in Heppner during her residence here and many were the expressions of regret over her departure. The chapel parlors were filled during the afternoon and the occasion was a very delightful one.

The following program was given during the afternoon: Vocal duets by Virginia Dix and Thelma Starkey; song and recitation by Frances and Bunnie Frye; recitation by Beas Young; vocal solo by Patricia Mahoney and a reading by Mrs. Emille Kelly which was given for the entertainment of the little folks but was thoroughly enjoyed by all.

Mrs. Gilbert W. Phelps, of Pendleton, was an out of town guest present.

The young people's society of the Methodist community church gave a social party in the church parlors Friday evening honoring Stanley Peterson, one of the society's active members who left Sunday for The Dalles. ARCHDEACON GOLDIE IS VISITOR HERE

Archdeacon Goldie of the eastern Oregon diocese of the Episcopal church is in Heppner this week making a survey of the community preliminary to having a regular minister placed in charge of the Heppner parish of that denomination.

Archdeacon Goldie held regular services here Sunday morning and evening when good sized audiences were present. The archdeacon is a pleasing speaker and his sermon Sunday morning on the text, "Let not your heart be troubled," was rich with optimistic and inspiring thought.

Speaking of the plan to place a regular minister in Heppner the archdeacon makes it plain that there shall be no thought of proselyting or building up that church at the expense of other religious organizations already here but that the work of the Episcopal church shall be directed generally among families unattached to other churches and to general community betterment. Mr. Goldie visited about 60 families yesterday and is continuing the work today.

It is expected that a regular minister will be placed here to take charge of the work about January 1st.

TEACHERS' INSTITUTE WAS SUCCESSFUL EVENT

The local teachers' institute held here October 26 was well attended by teachers from all parts of Morrow county. This was a joint meeting of the institute and the Oregon State Teachers' association. Mr. Tucker of Lexington was elected president of the association for the coming year. Most of the day was spent in discussing the intelligence and educational tests which are to be given throughout the schools of Morrow county. Mr. Hedrick conducted a number of the tests with the teachers, and Mrs. Dix gave a demonstration with the second grade, so that the teachers might understand how to use them to the best advantage. The meeting adjourned at 3:30 after adopting the following resolutions:

We, the teachers of Morrow county, in special institute assembled at Heppner, October 26, 1923, do hereby resolve, First, that the present meeting of the teachers of Morrow county called by our superintendent was well-timed and judicious; second, that we thoroughly concur in the plan as outlined by our county superintendent for additional local institutes; third, that we heartily endorse the use of intelligence tests in the schools of Morrow county and recommend the teachers of the county to give them a thorough and complete trial; fourth, whereas the O. S. T. A. has proved of estimable value both to the schools and to the teachers of this state, therefore we earnestly urge 100 per cent support by all the teachers of Morrow county.

Be it further resolved that we extend a vote of thanks to the County Superintendent for her untiring efforts on behalf of the teachers and schools of this county; to the school boards of the county for allowing the attendance of teachers and especially to the school board of Heppner for the use of the school building; to the teachers of the Heppner schools for their courtesy to visiting teachers; to the instructors for the able manner in which they have presented the subjects of this institute, and to Mrs. Measidine and Mrs. Frank Turner for their assistance with the music.

In conclusion be it resolved that a copy of these resolutions be sent for publication to all the local papers of the county.
