McNabb Warehouse Collapses

The wheat warehouse at McNabb siding below Ione collapsed last Friday night with some 10,000 sacks of wheat on the floor. The loss will not be heavy, being confined to the waste from some 2000 sacks that bursted. Fortunately the wheat was practically all Turkey Red so there will be no loss from mixture of varieties. Most of the grain belonged to members of the wheat growers association and the building belonged to H. W. Collins of Pendleton.

We wish to express our appreciation for the kindly assistance and sympathy tendered by our old friends and neighbors of Heppner during our recent bereavement.

Don't think Hassler will beat me to it, either." Congratulations are offered to George by all his friends.

CAR OWNERS SHOULD APPLY FOR LICENSE PLATES AT ONCE

Application blanks for securing 1924 motor vehicle licenses have been mailed by the secretary of state to all motor vehicle owners in Oregon, and they are urged to apply early so that the license plates may be mailed so as to reach them before January 1, 1924. This action will avoid much trouble, annoyance and unnecessary delay. License plates for 1924 will have a bright red background and white letters and figures.

Up to October 31, 1923, there were registered and licensed in Oregon 569 motor vehicle dealers, 13,824 chauffeurs, 258,381 motor vehicle operators, 3,101 motorcycles, 148,999 passenger and commercial cars of less than one ton capacity, and 13,201 trucks and trailers, from which the total license fees aggregated \$4,031,141.92. The fees, less administrative expenses, are distributed one-fourth to the counties from which the registrations are received and three-fourths to the State Highway fund for the prosecution of road work throughout the state generally.

The distribution of the 1923 registrations up to October 31, 1923, shows that in Morrow county there were licensed five motor vehicle dealers, 93 chauffeurs, 1500 motor vehicle operators, 12 motorcycles, 872 passenger cars, two busses and

17 commercial cars of less than one ton capacity, 101 trucks of from one to five tons capacity, or a total of 992 licensed passenger and commercial vehicles. During 1922 there was a total of 925 passenger and commercial motor vehicles licensed in your county.

Between September 15, 1922 and September 15, 1923, of the receipts from motor vehicle licenses and fees \$967,492.19 was distributed to the counties of the state, and there was turned over or transferred to the State Highway fund \$2,902,476.56 during that period. Morrow county's share of the foregoing allotment to the counties was \$5,610.33.

BURNED TO DEATH IN BARN AT DAYVILLE

A barn belonging to Bert Snow, Mayor of Dayville, was burned this week, and a man named James R. Tolen was burned to death in the fire.

It was at first reported that the barn was deliberately set on fire, but Mr. Snow attributes it to the man who lost his life, as he was a character about town known to be so careless in his smoking habits that no one liked to give him a room. It was also erroneously reported here that Mr. Snow's home was burned.

It is reported that about 60 tons of hay and some livestock were burned with the barn. The loss is placed at \$1500 to \$2,000, with no insurance.

The rumors of incendiarism were probably due to Mr. Snow's having received threatening letters, signed K. K. K., which are disclaimed by members of that organization. Mayor Snow, according to Condon people recently at Dayville, does not attribute the fire to incendiarism, but to the careless habits of the man who lost his life.—Condon Globe-Times.
