IONE.

We did not see Sliding Bill at church last Sunday night. Wonder where he was.

Mr. Burrows of Lexington was an Ione visitor one day last week. Come and see us again Mr. Burrows.

Roy Akers left Monday morning for Idaho, where he will help his brother-in-law with the spring work.

Mrs. Walter Eubanks, of Pendleton, has been here several days visiting with her mother, Mrs. Halvorsen.

Mrs. John Wilt and daughter made a visit to Heppner Monday of last week, returning the following day.

Mae Wattenburger came down to Ione to see us last Saturday. Come again Mae when you can stay longer.

Fred Nicholson went up above Walla Walla last week to see a party who is anticipating a well drilled somewhere in this locality.

Nels Swanson and wife left last Friday morning for Idaho where they will visit for some time with their son Emil who is located up there.

The moving picture show given at Walker's hall last Saturday night was first class in every respect. Better go see it next Saturday night and have jolly good laugh.

The best egg day of the season up to date was last Saturday, the O. T. Walker Est. getting 16 cases holding 30 dozen each. Stay with it you feathered varmints.

Ross Shaver who was here for some time a couple of years ago is back with us again. He arrived Sunday morning from Kansas City and expects to stay in this locality.

Fox—to rabbit sitting in a hole—Why don't you come outside?
Rabbit—Because if I came outside I might get inside; and if I stay inside I'm certain to remain outside.

R. M. Akers is wearing a broad smile these days. The well drillers have just completed a well for him, getting an abundance of water at about 100 feet.

The railway bridge builders have been here several days, working on the water tank which needed it sadly. We hope next time they come it will be to put up a steel tank.

Frank Woods returned from Heppner, Tuesday of last week, where he has been for some time recovering from an operation for appendicitis. Frank is feeling pretty good again.

F. H. Robinson returned from Portland last week where he went to have a slight operation. Frank says he feels much better and is as busy as a bee these days registering the prospective voters.

E. M. Shutt was up from the ranch last Saturday with a bunch of cackle berries and some of that good country butter that tastes like more. E. M. says there is no hard work on these creek ranches—all same vacation.

Lee Padberg is very busy these days fencing his lots. Stay with it Lee; it helps the appearance of things wonderfully. There are a few more of us that have fences that need fixing; wonder if we could get Lee into the notion of helping us?

W. H. Cronk and family went up to Lexington last Sunday to spend the day with Mr. and Mrs. Burrows. We understand Mr. Burrows is going to leave Lexington and move to Adams where his company has a location for him. We do not like to lose men of Mr. Burrows' type but our locality's loss will be another's gain.

A Sad Calendar.
Jan.—et was quite ill one day;

Sep.—ulchre was sadly made
Oct.—aves peeled and prayers were said
Nov.—ices with many a tear
Dec.—orated Janet's bier.

The Y. P. B. O. served supper in the Wilmet building last Saturday evening. Did they have anything good to eat? Well I should snicker. Yem yum! These fine cakes and those chicken sandwiches just like mother used to make; they had beans hot and beans cold and everything imaginable for the young and old and they had a goodly crowd in attendance. Table after table was filled and the young people waited on the feasters in a way that would please a king. We wish this young society all that is possible and we hope they will have many more such pleasant gatherings.

LEXINGTON.

Mr. Thomas Lyness was a Lexington visitor on Wednesday.

Mrs. Brashears is entertaining her mother from Walla Walla Wn.

Mrs. W. M. McMillan and Miss Vesta Outforth visited a day in Ione.

Chas. Schaz, the new Tum-a-Lum Lumber Co. man, is here getting acquainted with friends and patrons.

Mrs. Al Zink returned from visiting her brother near Salem. Mr. Zink's sister, Mrs. Hewitt, accompanied her home.

Mrs. Rowena Gentry and two children went up to Heppner on Saturday night. Mr. Gentry will have some dentistry work done while there.

Mrs. Ella Craven Wheeler will give another lecture at the Congregational church March 25. Admission 25 cents. Mrs. Wheeler is an interesting talker and everyone who can should hear her.

The Ladies Improvement society wish to announce that any money contributions will be gladly received. Payments may be made to either Mrs. Tom Beymer, Mrs. Will Crow, or Mrs. Munkers.

Two Swedish boys from Minnesota are the latest new comers in our city. One of the young men bought a piece of land here. Both are well pleased with the country. They expect more comers from Minnesota soon.

Lexington will be sorry to lose Mr. and Mrs. C. O. Burrows, who will make their future home at Adams. Mr. Burrows has been the Tum-a-Lum Lumber Co. man in our city for the past three years. The Burrows' will leave many friends when they depart for their new home about April 1. Misses Wilma and Ruth will remain until school closes, when they will join their parents. We wish Mr. Burrows success in his new place.

SAND HOLLOW.

R. B. Rice bought two cows at the Blahm sale.

Arthur Ashinhust is now working for Hynd Bros.

This nice weather is very favorable to the lambing season.

Claud White has to make two trips a week to the creamery.

Miss Boblet visited Mrs. Finley from Friday until Sunday.

Mr. and Mrs. Arthur Finley were Sunday visitors of Mr. Tucker and family.

R. B. Rice and W. L. Copenhaver made a business trip to Rhea creek last week.

Ernest Smith and Miss Maxwell attended the basket dinner at Pine City Sunday.

W. L. Copenhaver purchased a fat hog and two Jersey calves from Lawrence Redding.

Mrs. Subert and Miss Ida Copenhaver were visiting their father a few days last week.

Miss Winnie Smith, Miss Boblet and Roy Campbell visited Mrs. Sarah White Sunday.

Spring barley is coming up well. All grain looks fine and not many squirrels are to be seen at present.

Teachers, pupils and several outsiders have been busy for several days preparing for the closing of school.

S. S. was reorganized and will be held as usual soon as the literature arrives which should be about April first.

Edgar Copenhaver came very near having a serious accident happen him one day at school. Glad to say his eye was not seriously injured. Pupils should be more careful in their play.

Irrigon hasn't any the better of Sand Hollow when it comes to the chicken business as Claud White has a pen of Anconas and Black Minorcas; R. B. Rice a pen of large Plymouth Rocks and R. I. Reds and Joe Sibley has the Anconas, Minorcas and R. I. Reds. All three run incubators and can furnish eggs or baby chickens at reasonable prices.

ALPINE.

W. B. Finley lost a nice heifer last week.

School at Alpine closed Friday, March 15.

Lambing begins in this vicinity about April 25th this year.

M. Mills is living on Butter creek now, in the employ of Mr. Matthews.

Oscar Szepekan was plowing for the Alpine ranch a few days the past week.

Quite a number of Alpine folks attended the basket dinner at Pine City Sunday last.

Mr. Ewing of Cecil was in the neighborhood lately to see about getting our school the coming year.

W. D. Hoeye arrived from the Valley with his family last week and is at home on the homestead again.

Jas. Farmer suffered quite a severe misfortune lately. While out hunting a stray cow his pony threw him, breaking the collar bone. At last reports he was getting along nicely.

PARKERS MILL.

A. L. Ayers returned from a trip recently, and his wife will return soon.

There is a man living in our neighborhood that expects a new son-in-law soon.

The snow at Parker's Mill is about five inches and still old mother nature seems to throw down her gems.

The dance at the schoolhouse was a success, and was well attended. The only incident to mar the pleasure of the occasion was a short but severe attack of sickness by Chas. Ridgeway about eleven o'clock. He was very sick for a few minutes.

Guy Fuller says he will be a millionaire soon, if everything turns out OK.

Paul Webb has a new time piece. Paul is very proud of this time piece; its name is Waterberry.

Harley Matteson ear-marked himself recently in a barbed wire fence by running a barb through his ear.

The big dance at the mountain school house was well attended. There were about 50 present. Every body reported a good time.

Harley and Walter Matteson killed two bob cats recently near Rhea creek, and while hunting cats they killed 12 porcupines. These animals are getting very thick near Rhea creek.

Artie Brown took a notion a few days ago that he would get a partner for the dance, so he rambled over to Mr. Davises to say the big word, but when he landed there was no one present. He found out soon that she was down to John Ridgeway's and had been there for three days. Art was out of luck.

Harley, Edgar, Elmer and Loren Matteson killed a big bob cat recently on House Leg. They had a hard chase for this animal but at last they found him in a big tree. The dogs had treed him about half a mile from where he started.

IRRIGON.

Earl Ross of Coolidge was an Irrigon visitor Sunday.

Mr. Seaman purchased the 5-acre tract of Mr. Ferdinand Bauer. It is a choice piece of land lying close to town.

Saturday night a dance was held at the E. & W. hall. There was a good attendance and an enjoyable time was reported.

We expect to report quite a number of real estate deals in the near future as things are beginning to liven up a little already.

The water is now running in the big ditch and it will only be a matter of a few days when the irrigating season will be upon us.

There are seven more weeks of school for the Irrigon pupils. Among so many contending emotions it is hard to say whether they are glad or sorry.

Miss Park received word that her brother, in Hermiston, was ill. She went down Friday afternoon and, finding him much better returned Sunday.

Miss Kelly is now a visitor in Irrigon among her many friends. During her absence, of about ten months, she visited the Hot Lakes as a cure for rheumatism and is now on her way for her home in Pomeroy, staying here for a few days.

A first class ball game was pulled off here last Sunday p. m. Irrigon has some good players and altho it has never done any real team work many are under the impression that they can put up a pretty good scrap against an outside team. We wish we could get a match game with some of our neighboring towns; viz. Lexington, Ione, or even Heppner. What say you boys? A game is being arranged with Umatilla for next Sunday.

Dr. Winnard has taken a special course on eye diseases and is prepared to fit glasses properly.
