I have for sale a first class hack—practically good as new. Will sell at a bargain. 2t

MARTIN JOHNSON.

### Chicken Dinner Palace Sunday

Aaron Peterson, prosperous Eight Mile farmer, was doing business in Heppner on Tuesday.

J. F. Wilder, of Freewater, was in Heppner a few days this week, departing for home on Monday.

Dr. C. C. Chick was up from Ione on Friday evening to attend the meeting addressed by Hon. Ralph D. Cole.

It may be to your interest to get my prices before buying watches, clocks or jewelry. C. R. Johnson, Jeweler.

Joe Waters, lone merchant and booster was a visitor to Heppner on Friday evening to hear Ex-Congressman Cole.

The man who has his clothes made by Friedrich the Tailor gets the best to be had at the price in Fabric Fit and Finish.

Mrs. J. E. Mitchell, of Stettler, Alberta, a sister of the Thomson boys and Mrs. W. E. Pruyn, of Heppner, is visiting with her relatives here.

Postmaster McMillan, of Lexington, attended the big political meeting in Heppner on Friday evening, and incidentally helped in storing away some of the good things at the banquet preceding the speaking.

The Lyceum committee regret that it is necessary for holders of season tickets to secure a re-reservation of seats, but it is impossible to secure chairs enough to seat the club house. Please call at the Slocum Drug Store and make your choice of seats.

Mrs. Frank Turner and young son returned from a visit of a couple of weeks with her husband at Arlington on Saturday evening. Frank has now gone with his shearing crew to Echo where he began work in the shearing plant there the first of the week.

Rhea Luper departed on Monday for LaGrande where he will have work at that point and in the vicinity of Baker in connection with the adjudication of irrigation rights. Mrs. Luper remains to visit her relatives here and at Spray for a few weeks.

Mrs. L. E. Cohn will have the first cut price sale of millinery commencing Saturday. Sailor hats for school and outing 25 and 50 cents each. A nice assortment of flowers and trimmed hats at reasonable prices. Mannish hats 1-4 off regular price.

Prof. J. W. L. Kaufman, of Ione, has been chosen as superintendent of the High school at Blaine, Wash., for the coming year. Blaine is a town of about 2500 and has a fine school. Prof. Kaufman is to be congratulated on landing such a good position though we regret to see him leave Morrow county.

The splendid downpour of rain on Thursday and Friday has soaked up the grain fields in fine shape. In the section of country about Ione and Lexington wheat is just booming and grain in many of the fields out that way stands all the way from ten to eighteen inches high. There will be no failure in these sections this season.

Mr. and Mrs. J. S. Lucky, of Eugene, visited with the families of S. W. Spencer and Vawter Crawford four days the past week, leaving for home on Monday morning. Mr. Lucky is a retired silversmith and jeweler of Eugene where he has been in business for the past 40 years. Mrs. Lucky is an aunt of Mr. Spencer and Mrs. Crawford, and is quite well known to many of the older settlers of this section as Miss Jennie Spencer. While a pioneer of Oregon, and having lived in the state all of his life, this is the first visit of Mr. Lucky to Morrow county and he was greatly pleased with our surroundings and bright prospects.

Friends of Senator Bourne have been getting very busy these last few days of the primary campaign. Strange as it of the good points of the Senator have been so long withheld from the voting public. Strange, also, that the people of the state of Oregon are so obtuse that they have failed to discover what a great man was representing us at Washington. He will make a most excellent citizen in private life, and should be allowed to spend his reclining days on his Massachusetts plantation, near enough to his big cotton mill to be in actual touch with the impoverished condition of his many under-paid employees. A vote for Ben Salling is in order.

Little Jimmie, son of James Thomson, had to be carried to the doctor on Saturday to have a fracture of the collar bone reduced. A few days previous the little boy tumbled off the couch onto the floor, and while he seemed to be somewhat hurt by the fall it was not thought that he had received a broken bone. It became apparent after a time from the complaints of the little fellow, that he was worse hurt than at first thought and an investigation proved that the collar bone had been fractured. After receiving proper surgical attention, the boy is now on the rapid road to recovery.

Col. H. D. Newport, prominent citizen and business man of Hermiston, was in Heppner for a number of days this week, departing for home on Monday. He was looking after a matter of business here which he states to a reporter of this paper that he wound up in a half day, but finding Heppner a very congenial place he remained over to make us a good visit and get acquainted with our business men and the town in general. The Colonel is a jolly good fellow, a genuine booster for Hermiston, and the West extension and President Taft. We hope he may come this way again.

You surely will not overlook that tea and musical entertainment at 1. O. O. F. hall on tomorrow evening from 4 to 8. This is prepared by the ladies for the benefit of the Library Association and sandwiches and cake and tea and coffee will be served for the small sum of 15 cents, and besides this a continuous program of music will be rendered. The ladies deserve your support, and this should be extremely liberal.

The Gazette-Times was in error in stating at the end of our write-up in last issue that Mr. Scribner would make a demonstration on Tuesday the 16th. It should have been Saturday, the 20th. On Saturday the machine will be at work in the field at the top of the Eight Mile grade, and it will pay anyone interested in economical farming to see this big Oil Pull engine at work turning over the ground.

Judge Patterson is very busy sending out literature for the Booster Club, and is getting seas of inquiries about Morrow county from all parts of the United States. He does not expect to see very large returns in the way of new comers to this section, before fall, but when the colonist rates are on at that time we should expect to see many new faces in this section of the state looking after homes.

Mr. and Mrs. F. M. Gentry departed for Portland on Monday to be absent for some time. Uncle Frank has been very sick for the past two months, suffering with rheumatism and kidney trouble, and he goes to Portland for medical treatment. His many friends here hope for his speedy recovery. L. V. Gentry accompanied his father and mother to assist them on the journey.

Rev. T. S. Handsaker, of Walla Walla, was in Heppner over Sunday, preaching both morning and evening at the Christian church. He is working in behalf of the National Berevolent Association of his church and took an offering for the home that is being established at Walla Walla by this association.

Dr. and Mrs. M. A. Leach are enjoying a visit this week from Mrs. Jane Quick, an aunt of the doctor's who resides at Halsey. Mrs. Quick is an old-time resident of Morrow county and used to reside on a farm just this side of Lexington when she was Mrs. Henry Penland.

An important sheep deal was made this week, Pat Farley, of Willows, having purchased 1800 head of yearling ewes from Geo. J. Carrin, at a price, we understand, around \$3.00. This is a fine bunch of sheep and Pat is one of our most successful sheep men and is making good.

Marcellous Morgan was up from Rhea's Siding yesterday, the first trip to town in about a year and a half. He stays on the job like "old folks" and comes to town only when he has business. Everything is prospering with him this season.

Cream Puffs at the Bakery every Saturday. All kinds of cookies and pastry at the Bakery.

Some exceptionally fine films are being displayed at the Star this week. Tonight will be shown a thrilling incident of the Civil War in the "Railroad Raiders of '63;" also another one of those illustrated newspapers, Pathe's Weekly. No vaudeville; price 10 and 15 cents.

Dr. J. J. Murray arrived at Heppner on Wednesday evening and will locate permanently at this place. He is a licensed veterinarian with many years of experience, and will prove a valuable acquisition to the professional side of our community. Dr. Murray will be found at the stable of McRoberts & Evans.

Lou Davidson was in Heppner on Wednesday from his Dry Fork ranch. He is rejoicing with the rest of his neighbors over the splendid prospects for crops; while he has a very large acreage of fall sown grain, he feels that there is such good promise of favorable weather that he has put in an additional 200 acres of spring grain.

### Church Announcements.

M. E. CHURCH, SOUTH.

## Which The Profit-Eating Horse or ? The Profit-Making OIL PULL ?

There is an up-keep expense to both animal and mechanical power. For the one—the horse—this expense is frequently so great as to eliminate all profit. For the other—the OIL PULL—the only kerosene-burning tractor—the up-keep cost is only in fair proportion to the results obtained.

Horses must be fed and cared for the year round—when idle as well as when working. Substantial housing must be provided for them, as well as ample storage room for their feed.

The OIL PULL is an expense only when actually working—and then burns cheap kerosene and requires just an ordinarily intelligent boy or man to run it. A common shed is sufficiently good shelter for it.

IN SIZES TO MEET YOUR POWER NEEDS RUMELY OIL PULL TRACTOR LA PORTE IND. AT PRICES TO SUIT YOUR POCKET BOOK

Whether you farm 100 acres or operate a many thousand acre ranch, there is an OIL PULL for you—to do your plowing, drilling, cultivating, harvesting, road grading and hauling—to run your grain separator, corn shredder and husker, clover huller, ensilage cutter—in fact, to make itself useful about your farm in a hundred and one different ways.

The OIL PULL is built and designed as only engine-building experience such as ours make possible. Our experience in building the best in Power Farming Machinery covers nearly 60 years. You get the full benefit of this experience when you buy the OIL PULL.

The complete specifications, pictured descriptions and full information on the different sizes of OIL PULL tractors are ready for you. Ask for them NOW.

Sales Solicitor RUMELY PRODUCTS CO., Inc. La Porte, Ind.

### What Are Good Clothes?

One of the essentials of good clothes is correct tailoring—right hang and fit, with individuality that distinguishes from the "ready-made."

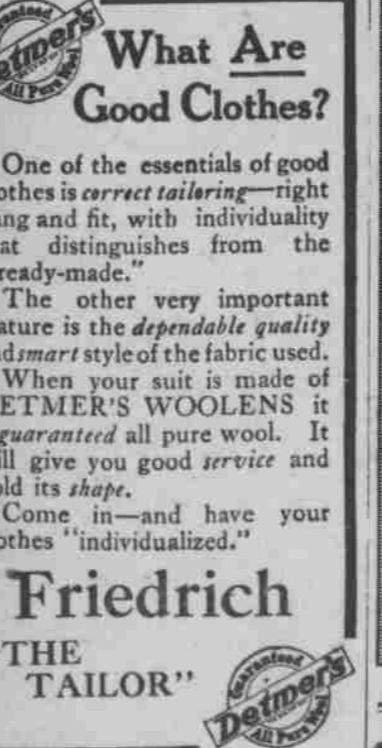

The other very important feature is the dependable quality and smart style of the fabric used.

When your suit is made of DETMER'S WOOLENS it is guaranteed all pure wool. It will give you good service and hold its shape.

Come in—and have your clothes "individualized."
