

WEEK'S NEWS.

Local and Personal Happenings.

House for sale or rent with one acre ground. Inquire 1st National Bank. of

Mason and Bricklayer. Only one in town. Good work. H. H. CURRIER.

Mrs. D. V. S. Reid and Mrs. Clyde Brock returned home from Salem on Monday evening.

Highest cash prices paid for hides, pelts and furs. Morrow Warehouse Milling Co.

The neatest thing in the refrigerator line is the "White Frost." Sold by the Case Furniture Company.

Cream Puffs at the Bakery every Saturday. All kinds of cookies and pastry at the Bakery.

Dr. Wingard has taken a special course on eye diseases and is prepared to fit glasses properly.

W. G. Scott, of Lexington, accompanied by his little daughter, was a visitor to Heppner on Saturday.

Born—At Heppner Sanatorium, Wednesday, May 1, 1912, to the wife of Aolnozo Wright a daughter.

**Palace Dinner
Sunday Chicken**

It may be to your interest to get my prices before buying watches, clocks or jewelry. C. B. Johnson, Jeweler.

R. F. Hynd came up from Portland on Thursday and is spending some time at Heppner looking after business interests.

John Her has contracted to sell his farm northwest of town and when the same is disposed of he will remove to Heppner with his family to reside.

Wm. Beymer was over from Monument where he runs a big sheep ranch on Monday. Lots of rain, good hay prospects is the report Billy brings in.

D. E. Gilman departed Tuesday morning for outside points to continue his work of interesting settlers in Morrow county. He will be gone some time.

The Mattson shearing crew finished up their work down on the sand the first of the week and will now go to Grant county for the remainder of the season.

The little baby daughter of Johnnie Hiatt, that was reported to be very seriously ill with typhoid pneumonia in our last issue, is now improving and well on the road to recovery.

Bilious? Feel heavy after dinner? Tongue coated? Bitter taste? Complexion sallow? Liver needs waking up. Doan's Regulets cure bilious attacks. 25 cents at any drug store.

Noah Clark was in town on Monday. His crop outlook is fine, has in 1000 acres and expects at least 20 bushels to the acre. This will keep him busy getting the crop to market next fall.

Dan Rice was down from the Hardman section on Monday. It is still very wet out his way but crops are coming along well just the same with the brightest prospects for abundant harvest in 25 years.

Mr. and Mrs. Asa Thompson, of Echo, visited Heppner Friday, returning to their home on Saturday. They came over by auto and were entertained at the home of Mr. and Mrs. S. W. Spencer while in the city.

Karl L. Beach is this week finishing up an excellent piece of work on the iron and wire fences around the property of Dr. Conder. The fence is set in concrete and should be a substantial piece of work a hundred years from now.

On tomorrow (Friday) evening, the ladies of the Christian church are to serve another of their famous teas at the home of Mrs. E. Minor. Your presence is earnestly requested, and you will be well fed for the small sum of 25 cents.

At Lexington, on the 24th of May, the ladies of the Congregational church will give a Calico Carnival at Artisan Hall. This will be under the auspices of the Ladies' Aid of that church, and further announcements will appear later.

Martin Johnson has the contract of erecting a bungalow for the Misses Hager on the lot adjoining the M. E. church South. The house that has stood on this lot for years is being torn down and the new structure which is to be modern in every respect, will take its place.

Banker Mahoney received word from A. L. Mills of Portland, on Tuesday announcing the death, on Monday at his home in Schenectady, N. Y., of Mr. Hiram Parsons. Mr. Parsons will be remembered by a number of Heppner people as the Eastern attorney who was here for some time last summer in company with M. C. Griswold, and is the owner with Mr. Griswold of a large acreage of Morrow county timber lands. Mr. Parsons was out driving in his automobile on Monday, when a tire exploded and overturned the machine, killing him instantly. He was general counsel for the General Electric Co. of Schenectady, and largely interested with other Eastern capitalists in Oregon timber lands and mills.

Clean-up day in Heppner has been going on apace during the entire week and from the amount of rubbish piled out on the streets it would seem that the order to clean up had not gone out any too soon. There is certainly a very noticeable improvement in the streets, alleys and back yards, and the clean-up has added much to the appearance of the little city. Together with the painting and repairing of premises, putting up of new fences, beautifying of lawns and gardens, Heppner is putting on a delightful air of beauty just at this time.

The Royal Arch Masons of Heppner held initiatory ceremonies on Thursday and Friday of last week, administering the degrees to a team consisting of S. E. Van Vactor and H. B. Rinlin, of Heppner, and R. W. Cook, of Condon. At the conclusion of the ceremonies on Friday evening a bountiful repast was served in the banquet hall under the charge of Stewarts H. A. Emerson and J. A. Patterson and was greatly enjoyed by the large number of Royal Arch Masons present.

SINGLE COMB RHODE ISLAND REDS, the most profitable chickens known. My first prize pullet pronounced by Judge Gimlin, an eastern judge, to be the most perfect Rhode Island Red that he had ever handled. Only the best selected birds in our pens. Have added new blood from the best to be had. First pen headed by cock scoring 93 1/2, at Spokane. Nothing better in the northwest. Call and inspect our stock and premium ribbons. Eggs from \$2.00 to \$3.00 per 15. \$10.00 per 100. Brilliant Poultry Yrds, Heppner Oregon.

Rev. John McAllister and wife were the victims of a very pleasant surprise on Tuesday evening. It was the occasion of their third wedding anniversary, and this fact had become known to the members of his congregation, who swooped down upon them with a bountiful supply of pies, cakes and other good things to eat, and spent a very enjoyable evening at the parsonage, the pastor and his wife, of course, being made the center of attraction. Conductor Fisk is credited with being the prime mover in the affair, and the surprise was worked in good style.

Mr. R. A. Smith is presenting to the public a very serious expression of countenance just at this time, he having rubbed up against Mr. Light, real estate man, on Tuesday evening down at the Palace Hotel. The argument did not last long, as Smith is reported to have lost his wind at the end of the first round. No very lasting damage was done either party, and the great question involved is no doubt settled for all time to come.

Bert Burroughs who has been working at the Reid saw mill, met with an accident at the mill last Monday which caused him a broken leg. While at work on a pile of lumber he stepped upon a two-by-four which turned with him and threw him to the ground, the force of the fall being sufficient to break his leg just above the ankle. Dr. Winnard was called from Heppner to wait on the young man, and reports he is getting along well.

The city is having a well dug at the south side of town, near the Bellbrook place, which will be used to furnish water for street sprinkling purposes. There is promise of a sufficient flow for this purpose, and along felt want is going to be supplied. However the daily showers we have been getting is the best kind of street sprinkling but we cannot be assured that these will continue during all the summer months.

Frank, Charles and Bert Ward departed on Friday morning for Corvallis in response to a telegram announcing the very serious illness of their father, Wm. Ward, who resides in that city. Mr. Ward was a resident of Morrow county for a long time and is well known here. He is getting well along in years and his present illness may prove fatal.

Mr. J. O. Adams and Miss Mary A. Hall were married at the residence of Mr. and Mrs. Geo. Aiken, in Heppner. Rev. John McAllister, pastor of the Baptist church, officiating. The G.-T. extends congratulations to the young people.

You need not pay so much for insurance. Talk to M. E. Smead.

VAGARIES OF THE TIDE.

Mysterious Currents, the Secrets of Which No One Has Solved.

There are as many vagaries in the waters as in the winds. Why, for instance, should great ocean currents send their warm waters across the wide Pacific and Atlantic? Other and equally mysterious currents exist in well nigh all parts of the world.

It is on record that the sea has run for weeks out of the Java sea, through the strait of Sunda and thence back again for a like period without any perceptible rise and fall during those times.

Then there is the equatorial current that flows into the Caribbean sea, the ever flowing current to the eastward around Cape Horn, the cold stream flowing from the icy regions of the north past Newfoundland and Nova Scotia and along the American coast to the extreme end of Florida, the continual current running with a velocity of from four to five knots an hour through the strait of Gibraltar into the Mediterranean sea, the swift current running across the rocks and shoals off the end of Billiton Island, which apparently starts from nowhere and ends somewhere in the vicinity of the same place, and the current which, starting halfway up the China sea, runs from two to three knots an hour to the northeast and finally ends abruptly off the north end of Luzon.

Then we have those tidal vagaries known the world over as bores. Those that run up the Hugli and Irrawadi rivers, from side to side, till they reach their limit, often tearing the ships from their anchorage, originate nobody knows where or why.

At Singapore it has been observed for days at a time that there has been but one rise and fall in the twenty-four hours.—Boston Globe.

The Seckel Pear.

The Seckel pear is one of the sweetest and daintiest fruits that grow. As another describes it, "The flesh is melting, juicy and most exquisitely and delicately flavored." That is just what it is. And the tree on which this pear grows is beautiful and vigorous, which indicates that nature has a great fondness for it. The pear is named after a Mr. Seckel of Philadelphia, on whose estate in 1817 the Seckel pear started on its happy career. Some one writing in 1847 said, "The parent tree still lives about three miles from Philadelphia."—Pittsburgh Press.

IRRIGON.

Weather is simply ideal. Fruit is making splendid progress and it looks as if we are sure to have a good crop.

We had a fine ball game here Sunday. Some good playing exhibited. The score was 12 to 3 in favor of the winners.

Spraying for the Codlin moth will be on in full in a few days. Arsenate of lead is what is being principally used.

Our three delegates to the State Sunday School convention have all returned and reported a very pleasant time. Earl Rand and Frank Doble made a full report of what they saw there and heard. The Sunday school fully appreciated this.

If the rate of immigration keeps up as it has for the past two weeks we'll soon have a population of several hundred. Three families moved in during the past week, Messrs Davis and Abbott from Canada, and Mr. Iverson and family from Idaho.

A handsome dinner set will be given free with every range sold by us in the next sixty days. Call and see both. Case Furniture Co.

E. O. Maddock departed yesterday morning for Castle Rock, Wn. where he goes on important business. It is rumored here that when he returns, there will be two of him. Further announcements later.

Mr. D. Cameron representing Blake, McFall Company, of Portland, dealers in everything in paper visited Heppner today to take orders for his company. He takes the place of Mr. Nesbit, who has been on the road so long for these people, but who has resigned his position to engage in the grocery business in Portland.
