Ruth departed for their new home
on Monday morning. Miss Wilma has
been a Lexington teacher for a couple

last week.

W. G. Palmateer finished plowing
last week.

J. A. Troedson left Tuesday for
Pendleton where he goes as a delegate
from the Morgan I. O. O. F.

Most of the farmers on the east side

few days, planting corn.

Quite a lot of the farmers are thro
plowing and are taking their horses
to the Sand to get fat for harvets.

John Miller went over to Eight
Mile to see his sister, Mrs. John
Montagna, who is reported to be on
the sick list last week.

Alfred Swenson, who has been in
Sweden all winter visiting with his
mother, returned to Morgan Thursday
evening. Alfred said he had a fine
time while he was gone, but Oregon
looks good to him.

Quite a few farmers around here
have quit making butter and are send-
ing the cream to Portland. It will
be a nice thing when more get to do-
ing the same, for we believe there is
more than one way to make money
beside raising wheat.

low tones.

German. Your blamed ign'rance
makes me tired."

fine new bath tub in his tonsorial pa-

Keller to Mr. and Mrs. Austin, an
eight pound boy. Mother and child
getting along fine, while Fritz is in
a bad condition, although he is all
able to get around.

What about celebrating this year?
Who's going to celebrate and where
are we all going to celebrate? Some-
of our sister towns better be getting
busy, as the time is not a great way
off.

Our four School Mums left for their
respective homes on Monday's train.
Two of them going to Wilmot, South
Dakota, the other two going to Alber-

Oregon.

child doing nicely. Ed, with proper
care, will be all right soon as he is
recovering as fast as can be expected.

Joe Mason, of Lyle, was up to Ions
for a few days last week, renewing
old acquaintances. He was out to the
ranch on Rhea creek while he was
here, to see his mother and sister,
and to see if the ranch was still all
there.

Born at Jordan Hospital, Thursday
morning, May 16th, to Mr. and Mrs.
Fred Ritchie, a seven pound boy.
Mother and child getting along fine.
The nurse says that Fred is in a pre-
carious condition and that his recovery
is not probable. We all hope he will
soon be around again.

The play given by the High School
Tuesday night of last week was first
class in every respect. There was
a large crowd in attendance and every
one seemed to enjoy the performance.
There were three Aunt Janes taking
part in the performance but I guess
we will have to give Aunt Jane, the
high kicker, the medal, as she was
certainly there with the goods. We
must give credit where credit is due,
and we wish to give the Professor and
his students credit for the able way
in which the play was presented.

The Grammar Department held
their graduation exercises Wednesday
night of last week. A very nice
program was rendered, and a pleasant
evening was well spent by all present.
There was ten graduates, and they
all wore smiles. Prof. Warren's
orchestra was in attendance and they
played us some fine selections. Harry
is there with the goods when it comes
to making music. Give him a chance
and he will make a musician out of
any of you who feel so inclined.

The Twelfth grade Commencement
exercises were held Thursday night,
May 16th. A large crowd was in
attendance and some fine orations
were presented by the different mem-
bers of the class. Prof. Warren was
there with his able army of musicians,
and gave some selections that were
well worth while. Mr. E. L. Ped-
berg presented the diplomas, as Mr.
Kaufman was somewhat under the
weather and unable to attend. We
wish all the graduates every success
as each one branches out in his or
her own work.

IONE SCHOOL BANQUET.

The Commencement Exercises of
the Ione Schools closed on Friday eve-
ning of last week with a monster ban-
quet to which everyone in the district,
and even from the surrounding coun-
try, had been invited. Mrs. Willard
Blake was the chairman of the general
committee of arrangements; Mrs.
Chick chairman of the committee on
solicitation; and Mrs. C. J. Penning-
ton chairman of the committee on
tables and decorations. The splendid
ability of these ladies, and the able
manner in which they were assisted
by the committees, and other ladies
of the town was plainly in evidence by
the admirable manner in which the
banquet was conducted. That was
certainly some free! About 450 plates
were laid at tables groaning under
the load of tempting edibles of such
variety and quantity as to satisfy the
most exacting epicure or the most
voracious gourmand. And the crowd
that came was fully up to expectations
it being estimated at 500 persons.
The graduates of both the 8th and
12th grades were seated at a table
tastily decorated with their respective
class colors, and the rapidity with
which the food disappeared from the
table proved that the gastronomical
side of life had also received some
training. On the whole it was the
most successful function and on the
largest scale of any ever attempted in
Ione. It involved lots of work to
spread such a feast in Walker's big
rink, but it was the sight of a life
time to see those splendidly arranged
tables; a feast royal in the fullest
sense of the word. The applause ac-
corded the women on the evening of
the spread was well merited, but
mention should also be made of the
help rendered by the High School
boys in preparing the rink for the
event and in clearing away the remains
after it was all over. Surely the
work of preparation was well worth
while, and since this first attempt was
such an unqualified success why not
make this an annual event here in
Ione. Such occasions as this, where
all the community can meet on a com-
mon ground, are all too few and far
between. Let's appreciate a good
thing when we have seen (and tasted)
it and declare for more such get-to-
gether banquets. We must not forget
one of the main spokes in the wheel
of this happy event. Professor
Kaufman who has been with us for
the past two years, shouldered his part
of the load and did it good naturedly
and willingly. We wish him every
success in his new field of labor at
Blaine, Wash., where he goes in a
few days.

"Generally debilitated for years.
Had sick headaches lacked ambition,
was worn-out and all run-down. Bur-
dock Blood Bitters made me a well
woman."—Mrs. Chas. Frietoy, Moo-
sup, Conn.

**What Kind
of a Ranch
Do You Want?**

Are you interested in getting
hold of land for a home?
Do you want a place suited
to diversified farming?
We have bargains to offer
in the three tracts listed
below.

No. 1.

Consists of 1100 acres, divided into
250 acres of wheat land, 30 acres now
set to alfalfa, with 20 acres more that can
be put in, and all under good ditch; 800
acres grass land. This is an ideal dairy
and hog ranch, lying on the creek, with
plenty of water the year around. One of
Eastern Oregon's Best Propositions.
**\$14 per acre; \$8000 cash; good
terms on balance.**

No. 2.

Is a creek farm of 950 acres; 500
acres of good wheat land; 25 acres now
growing alfalfa, and as much more can
easily be put in as it comes under ditch.
Small orchard, small house with water
piped in from good spring on place; barns
and other buildings.
**\$11 per acre; half cash; terms on
balance.**
A GENERAL PURPOSE FARM.

No. 3.

A BIG BARGAIN. 3800 acres,
on which is now growing 65 or 70 acres
of alfalfa, and 25 acres more can be put
in, making nearly 100 acres that come
under ditch. On this ranch three good
crops of alfalfa are grown each year and
but one irrigation is required; it is sub-
irrigated by from 15 to 20 springs on the
place. There is a good orchard of 150
choice bearing fruit trees; 9-room resi-
dence with water piped in from spring;
large sheep shed and other outbuildings.
About 1000 acres of this farm is good
wheat land with 600 acres now in cultiva-
tion. 11 miles from Heppner.
**Price \$11 per acre; half cash; easy
terms on balance.**

This is one of the best rural homes in all
Eastern Oregon and is certainly a snap at
the figure offered.

To the homeseeker or the investor there are no better
propositions offered than these; nowhere in the North-
west can such land be had at anything like such fig-
ures.

These farms join and can be had all in one deal or
separately as desired.
