CITY FATHERS IN SESSION

Monthly Meeting, Aside From Allowing of Bills, of Small Importance.

There was not a full attendance of the city council on Monday evening; our reporter noting the presence of Mayor Van Vactor, Councilmen Kirk, Barratt, Cutrin and Cornet.

The committee on streets and public property submitted a partial report on the new well operations showing that they had suspended digging after getting a rise of six feet of water which is considered sufficient supply for sprinkling purposes. The report also submitted the plan figured on for conducting the water to the reservoir which will be by the siphon system. This committee will continue its work of laying pipes and constructing reservoirs as heretofore outlined, the storage reservoir to be built at a point on the west side of the street about opposite the residence of O. E. Farnsworth, and the smaller reservoir for filling the water wagon will be erected on Main street near the brewery.

A delegation from the 4th of July committee waited upon the council and secured an appropriation of \$40.00 to be offered as prizes to the local fire companies for hose contests during the celebration.
