J. B. Sparks announces that he has been disappointed in getting the film for Dante's Inferno for the Fourth.

A good, sober, reliable blacksmith; must be a good horseshoer and general smith. Write or call on J. H. WILT, Ione, Oregon.

### IONE.

A. C. Carle and family have gone out to the Grover ranch to help Mr. Grover put up his hay.

Ernest Higgs went to Portland last Thursday morning. We hope you have a dandy time Erny.

Carl Beach, of Lexington, was an Ione visitor Thursday of last week. Come and see us again Carl.

Mr. Chas. Ritchie, who has been out visiting with Sam Ritchie's folks returned to Ione last Saturday.

Lovie and Jimmie Warfield went over to Moro last week to visit with their Uncle George for a while.

Harry Warren and mother returned from Portland last Saturday night, going out to the ranch on Sunday.

Born, Sunday June 23 to Mr. and Mrs. Sam Ritchie, a daughter. Mother and child getting along nicely.

Mat Halvorsen was a Heppner visitor one day last week, going up Wednesday and returning the following day.

L. P. Davidson and daughter Della returned from Portland Monday of last week. They report a very pleasant time.

Dot Ganger spent a part of last week visiting with her sister, Mrs. Henry Clark out on the Walt Smith ranch.

Charley Williams returned from Cecil Wednesday of last week. He has been helping Jack Hynd put up his hay.

Mr. and Mrs. Wilnot returned to Ione last Saturday night, having spent a couple of weeks in and around Portland.

Mrs. Loren Hale, who has been visiting here for a few days returned to her home at White Salmon Thursday of last week.

Mrs. L. P. Davidson went out to the ranch with L. P. last week to spend a few days and see how all are faring out there.

J. H. Harbke and family came up from Portland overland last week in their Buick. They are visiting friends and relatives in Ione.

Mrs. Newton, who has been visiting with friends in and about Ione returned to her home at South Bend, Wash., Thursday of last week.

Miss Agnes and Linnie Pennington returned Tuesday evening of last week, having had a splendid visit with relatives up there.

Miss Edna McNabb went to Heppner Tuesday of last week. We did not learn what she went for but we are awful good guessers.

Mamie Ely returned from Colville, Wash., last week, where she has been for the past ten months. She is visiting with her brother, H. O.

Miss McMurray, one of our vicinity school teachers was a Heppner passenger Tuesday evening, where she went to take the examination held there.

Cap Richardson and family have moved out to the Knappenberg place and will help Knappy care for the many things to be done on the ranch.

Mrs. A. T. King, who has been back East for the past six weeks returned to Ione last Saturday night. You ought to see Iul smile these days.

J. H. Blake and family came up from Portland Friday of last week. They are going out to the Davidson ranch to help care for the big crop to be harvested soon.

Miss Edna Woolery returned from Portland last Tuesday evening. She was accompanied by Miss Johnson, one of her friends. This is Miss Johnson's first visit up in this part of the world and the girls are certainly having a good time.

John Harbke and E. B. Gorton and families took an auto ride out to Jim Hardesty's ranch last Sunday. While the ladies visited, the men ran down Eight Mile and shot a bunch of bunnies. E. B. said it was so D-n hot to be comfortable down in the sands so they soon got their fill of rabbits.

### Move On Now!

says a policeman to a street crowd, and whacks heads if it don't. "Move on now," says the big, harsh mineral pills to bowel congestion and suffering follows. Dr. King's New Life Pills don't bulldoze the bowels. They gently persuade them to right action, and health follows. 25c at Slocum Drug Co.

AT THE BAKERY—Get away from the heat of baking by buying your bread. Cream loaf, plain loaf, whole wheat and rye. Nothing better than our cream loaf.

### IRRIGON.

Mr. Robinson, of Umatilla preached here again last Wednesday evening.

Mr. Haly, our new section foreman arrived Saturday from Troutdale, to take charge of this section in place of Mr. Jacobson, who was transferred to Umatilla.

Merrill Doble and wife are spending several weeks in Echo. Mrs. Doble's parents, Mr. and Mrs. Stockdale, are planning to move to California in the near future so they are making them a good long visit.

L. B. Kicker drove up to Hermiston one day last week on a combined business and pleasure trip. He reports that section as forging right ahead by the undaunted spirit of those who use the shovel and the hoe.

Mrs. L. L. Carson, of Hermiston and Mrs. W. M. Castle, of Echo, Grand Guardian and Clerk respectively of the local W. O. W. lodge were down Saturday and Sunday to attend the meeting of that society.

Irrigon is going to celebrate also on the Fourth. Not all day with a whoop and hurrah, but in a quiet way from 6 p. m. to an indefinite period that evening. The main feature will be a big dinner and many goodies to eat and drink.

For the next two weeks we will be busy again shipping dewberries and apricots. The dewberries never were better and altho the wind blew off over half the apricots there are still plenty remaining, practically a full crop. Will have early peaches in about two weeks.

Some strange things have come to light since the storm of last week and of course in consequence of it: Mr. Johnson, our ditch rider says upon oath (and they all do) that it blew so hard that it tore the stirrup from his saddle; Mrs. Dorsing was seen sitting on a hay stack in Mr. Egberts front yard to which Mr. Egbert made objections, but upon investigation it was found that it was her own; Mr. Seaman found a garter snake in his money safe at the depot which he tries in some way to connect with the storm; Harry Minick says it blew the Lutton helms out of his coat; These and many other marvelous things are the results of the storm.

A birthday surprise party was given Eleanor Corey last Sunday by her girl companions. It was cleverly planned and Eleanor was most agreeably surprised when she learned what her friends had in store for her. It was in the nature of a picnic at which she was the guest of honor and a suitable costume was provided for her, including a crown of roses. The whole party then dressed up in different costumes and formed a procession which marched through town. Cora Kicker was the fairy whose tresses were borne up by Master Roy, Francis W. followed with a typical Indian costume, Minnie J. did justice to our Japanese cousins, Gertie K. was Red Riding Hood, Gertrude J. was Goddess of Liberty, and Birdie G. was Old Mother Witch, and Eva D. was Knight.

### School Notes.

By Su. J. Nolson.

I trust that school officers will let me know when they have secured their teachers, for I have numerous inquiries from teachers concerning vacancies; some from our local teachers, some from outside teachers. If you have secured your teachers, I need not refer any teacher to you. If you are in need of a teacher and will notify me of the fact, the kind of teacher preferred the salary you expect to pay, etc., I may be able to assist you in securing the right kind of a teacher.

Teachers and school officers should bear in mind that a valid contract can not be entered into by the teacher until the teacher's certificate has been registered for the year, beginning June 7. And teachers should remember that the reading circle work must be done before the superintendent can register your certificate. If you have not completed the reading circle work, you should use a part of your vacation for that purpose.

School boards having employed teachers from other States, should request such teachers to find out at once from the State Superintendent or the county superintendent what is necessary to be done in order to put their certificates in proper form to sustain a valid contract. If they wait until they are ready to open school there may be delay and additional expense.

A sprained ankle may as a rule be cured in from three to four days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by Patterson & Son.
