The editor of this paper, accompanied by Mrs. Editor, departed yesterday for Pendleton to take in the fair and Round-up, and also to attend the meeting of the State Editorial Association which convenes at that city on Friday.

Manager Sparks was disappointed in getting the Round-up pictures for his show on Saturday last, and on account thereof had to disappoint a very large number of people who came in to see the reproduction of the big show as it was pulled off at Pendleton last year. To not even these people will have to attend the "real thing" at Pendleton this week.

Robt. Thompson was in town the first of the week on matters of business. He has finished threshing part of his crop and is highly elated over the abundant yield. His wheat will average forty bushels to the acre and the quality is first class. A field of barley on his place averaged 50 bushels to the acre. This is certainly a good yield for both wheat and barley in this county and is proof that good farming pays.

The railroad company seems to be doing all in its power to move the wheat market on the Heppner branch, at Lexington, and also at Heppner, from four to six cars per day are being loaded and moved out, and on account of the heavy crops all over the Northwest, this is probably the best that can be expected. As it is, the houses at Lexington are all filled and wheat is now being piled on the ground. This coming week the rush of hauling will begin at Heppner, and the wheat will be piling up at a lively rate in the warehouses here. We have no figures from lone or Morgan, but understand that at both points the grain is coming very lively and the houses are rapidly filling up.

One Thousand Dollars down and balance of \$1300 on easy terms will buy one of the nicest residences in Heppner. A six room cottage, well located, with bath and electric lighting. See Gazette-Times real estate agency.

W. T. Campbell received a new traction engine this week with which to finish the harvest season. The old engine got balky and refused to further obey the commands of engineer Ed Bery and rather than ruin the good disposition of that worthy gentleman, Mr. Campbell decided to dispose of the tormentor. The new engine is of thirty horse power and weighs 27,000 pounds. It was started for the Minor & Tompson farm yesterday morning where the Campbell crew will be busy for several days yet threshing the big crop.

The Tri-County Fair at Condon is to be held on Oct. 15-16 and 17 and big posters announcing the event were tacked up in Heppner this week.

The O. W. R. & N Co. announce that they will transport all exhibits for this fair at a one way rate; in other words all exhibits will be returned freight free. This is a policy followed by the company with reference to exhibits for the various county fairs and should act as an incentive to our farmers to go to Condon with some big exhibits of our produce.

Do you contemplate having any work done in the line of building? If so give Harry Johnson a chance to figure with you. First class work and satisfaction guaranteed. tf.

The special program arranged for next Tuesday evening at the Star theater for the benefit of the Library Association has been postponed. The date will be announced after the next meeting of the Association.

EDWARD HALE DEAD.

End Came Suddenly Early Saturday Morning.

Edward Hale, for many years a resident of Heppner, passed suddenly away at his home in this city about two o'clock Saturday morning.

Mr. Hale had been in Pendleton for several days and returned to this city Friday evening. Although not in good health, he had not complained of illness and outside of feeling very tired there was nothing to indicate that the end was near. He ate quite a hearty supper and retired early for a good night's rest. At about eleven he was seized with an attack of rheumatism of the heart and a doctor was hastily summoned.

The physician worked over him for awhile and thinking the suffering was relieved, went away. It was not long, however, until Mr. Hale realized that the relief was only temporary and the doctor was sent for again. He seemed to realize that the end was near for he told his wife that unless the doctor got there very soon it would be too late. He lapsed into unconsciousness at about two o'clock and by half past his spirit had passed into the great beyond.

Funeral services were conducted from the family residence on upper Main street, Tuesday afternoon, at two o'clock, Rev. Edward Barber of the M. E. church, South, officiating. Edward Hale was 45 years, 11 months, and 15 days of age.

E. H. Carey, of Stockton, Cal., is visiting at the home of his niece, Mrs. Clyde Wells, this week. Mr. Carey is interested in some oil wells in Wyoming and has disposed of some of the stock of his company to Heppner parties.

Eugene Dumond, a 14-year-old Albany boy, entered an exhibit of 12 bushels of potatoes at the state fair, the entire 12 bushels being raised from one potato. The potato was planted in a hot house and as soon as a shoot appeared above the dirt it was carefully removed and transferred to the garden where it was planted. Other shoots immediately came which were removed as fast as possible until nearly 200 had been planted from which the entire 12 bushels were raised. The boy carried off premium money on his exhibit, which was a very remarkable one. Young Dumond is a nephew of Mrs. O. P. Hendrickson of Heppner.

"South Bend" Watch

Men of The Hour

meet the hour by the time of a South Bend Watch. Poor time has its ending—good time its beginning in a South Bend Watch—the Standard for pocket timepieces. These master "minute men" are marvels of accuracy. Every South Bend Watch must pass 411 inspections and run on-the-dot in freezing cold and boiling heat before leaving the factory. This takes a full year. But the result is chronometer like accuracy.

Buy A South Bend Watch

and end forever the incessant annoyance of an inaccurate watch. South Bend are the watchwords among men who know. When you buy a South Bend watch from us you secure our expert regulation service. This is important for watches don't run the same for everybody. They've got to be regulated to one's personality. If you will come in we will tell you why.

Prices Very Reasonable

Don't think that because the South Bend Watch is high class in every respect that the prices are 'way up. On the contrary the cost of a South Bend Watch is very reasonable. Come in and look over our stock and prices. Both will prove a pleasant surprise. Today's a good day to drop in.
