**BEN SELLING'S
 RECORD PROGRESSIVE**

While a Legislator Aided in Placing Upon Statute Books Many Popular Measures.

Referring to his record as a progressive, Ben Selling, progressive Republican nominee for United States Senator, in a recent interview, said: "I am proud to say that as a Republican I have been in the Oregon Legislature on and off for about 16 years. During that time it was my pleasure and duty to aid in originating and writing upon the statute books of this state such progressive measures as the Australian ballot law, the initiative and referendum, recall, the Presidential preference primary law and many other reform measures which have given to the people their rights. These measures have taken Oregon from under machine control and placed the nominating machinery in the hands of the people where it belongs. Bear in mind I have been at this work for 16 years, laboring consistently for everything that would bring about the present Oregon sys-

tem. This being true and a matter of record, my contention is that myself and others who worked with me, are the true progressives in Oregon. "The people of Oregon do not have to guess as to my progressive work. It is an open book. It is recorded on the statute books of this state. Judge your progressive candidates by what they have done, by their records as progressives, and I shall be perfectly satisfied with the verdict expressed by the people next November."

LOWELL FAVORS SELLING

Opponent in Primary Supports Him as Regular Party Nominee.

In giving his unqualified indorsement of the candidacy of Ben Selling, progressive Republican nominee for United States Senator, Judge Stephen A. Lowell, an opponent of Mr. Selling in the primary election, said recently: "Senator Selling is the regular constituted nominee of the party. He has been a burden bearer in the past political contests and is entitled, under all rules of the game, to his reward. He is a progressive Republican, not only today, but was such when it took some courage to occupy advanced ground. He is a substantial business man, with a home and interests in the state. Why should any honest man who believes in fair play in politics, as well as in every day affairs, refuse to support his candidacy. I am with him to the end and he ought to win by 10,000 plurality in November."

Persistent Advocate of Popular Rights

Editor Davey, of the Harney County News, says of the progressive record of Ben Selling, progressive Republican nominee for United States Senator: "Ben Selling was an earnest and persistent advocate of popular rights and privileges when the men who are now leading the noisy band of Roosevelt shouters were among the most hide-bound stand-patters, some of them going so far as openly to refuse as members of the Legislature to vote for the successful candidate of their own party for United States Senator, just to emphasize their opposition to the popular system of election."

Having to his credit a record of 16 years of active endeavor in the progressive cause, friends of popular government in this state should have no hesitancy in supporting Ben Selling for United States Senator.

There is one thing about Ben Selling's progressiveness—it was not born yesterday. He has always been a progressive and as the Republican nominee for Senator is entitled to the vote of every progressive.
