A special meeting of the county court was held on the 29th of May at which time some road matters were up for consideration. Phil Hirl tendered the county a deed of right of way to lands on his place required by the change in the Franklin hill road, and the same was accepted and a survey of the road ordered to be made on June 3rd. A like deed was tendered the court by W. G. McCarty for right of way on his lands for the change in the W. B. Barratt road and this deed was accepted also. Court adjourned to meet again June 6th to take up the reports on these roads and proceed with final action. The work on the Franklin road will be pushed just as fast as possible and when completed a vast improvement will be made to that portion of the highway between Little and Big Butter creeks on the Pendleton road.

Clerk Hill is authority for the statement that for the month of May the sum of \$1034.50 was paid out as covote bounty. Of this sum John Cochran of Lone was the largest individual beneficiary, he having received \$310 of the total sum. A change in the bounty law went into effect Tuesday and hereafter the Clerk will not be required to sever the scalps from the balance of the pelt. He will punch the ears and stamp the pelt "Bounty Paid" with the date presented and keep his record from this, turning the pelt back to the owner who can dispose of the whole thing to the pelt buyer at a better price than when the scalp was removed as here tofore.

The building of concrete walks in front of the business property on Main street should be continued until we have paved walks along both sides of the street past the principal business blocks, and then let further improvements be made by the removal of the unsightly awnings that now disgrace nearly every front on the street.
