Mr and Mrs. Ed Farnsworth, of Rheaas Sidinz, spent the week end with their relatives in Heppner, returning home Monday.

Mrs. Eugene Noble returned Saturday for a stay of several weeks at Hot Lake, Oregon where she has been for the benefit of her health.

Mrs. J. P. Conder, and the Misses Mary Morgan and Mabry Currin departed Sunday for Moscow, Idaho where they will visit for a few weeks.

The dust is all mud now, and the downpour of rain for the last day or two has put the harvesters out of business. The roads will be benefited but it will do little good to the grain that is now ready for the machine.

Enoch Cave was down from the Black Butte section Monday with fifteen gallons of huckleberries which he delivered to different Heppner people. He states that he has no difficulty in disposing of all the berries that he and his family can gather.

Hail storms have been prevalent in the mountain districts several days the past week and parties coming down from the various camps state that the huckleberry crop has been materially

damaged. In some places the ground seems to be literally covered with the fruit that has been knocked from the bushes.

Prof. John Straub, of the U. of O. visited Heppner on Monday. He is making a tour of Eastern Oregon in the interests of the University, and while here organized an alumni association with Mr. U. E. Woodson as president and Miss Josephine Cameron, secretary. This association will help in the work of promoting the welfare of the University in Morrow county and be of assistance in the coming election on the appropriation bills, as well as keep in touch with prospective students. Prof. Straub interviewed a number of the High School graduates while here and has some of them lined up for the state school this fall.

The new saw mill, owned by Messrs Slocum and Becknum and located on Willow creek about 14 miles southeast of Heppner is known by the name of Willow Creek Saw Mill. It is the most conveniently located mill of this section, as to distance and roads. There is not a heavy grade the entire distance between the mill and Heppner, and the short haul is a big item to be considered in getting to market. The mill has been busy sawing for some time and are delivering lumber at Heppner right along now. They manufacture a good grade of lumber and are prepared to give good service to customers. We bespeak for this new firm abundant success.

In a letter to Postmaster Smead from Bellvale, N. Y. J. M. Van DeMark makes inquiry about his son, L. K. Van DeMark who he understands is working on a large stock ranch in this part of the state.
