Lexington, Oregon.

The faculty and students of Columbia Junior College at Milton will present a varied and entertaining program at the Club Building Saturday evening. The program will consist of music, recitations and stunts. The admission will be 35 and 25 cents.

I wish to announce to my patients and friends that I have changed my plans and will not leave Heppner for some time yet and that any one may find me at my office from nine a. m. and twelve and one to five p. m.

Dr. J. Perry Conder.

Ed Breslin has established a bowling alley and shooting gallery up stairs in the Roberts building, which was formerly used as an opera house. Mr. Breslin is receiving liberal patronage, and many of the old bowlers are once more getting into form. There is talk of holding a city tournament.

R. I. Bengé, prosperous farmer of the Lexington section was in Heppner on Monday, and rejoiced over the good crop conditions prevailing. While enjoying the very pleasant spring-like weather of the past weeks, yet Mr. Bengé would like to see some "falling weather" for a while and a big fall of snow to cover up the grain until all danger of frost is past would be a splendid crop insurance.

E. Gonty has sold his interests in the shoe and shoe repair business to his brother, E. N. Gonty. Mr. Gonty is leaving Heppner to enter the business of taxidermy in Portland. He will be located at 249 Columbia street. Mr. Gonty is not entering a new profession by any means. He did much of this kind of work while in Heppner and has established a high reputation here as a taxidermist and furrier. We wish Mr. Gonty success in his new location.

Frank Evans, a successful farmer of the Lexington section, was in Heppner on Thursday last with his family. Mr. Evans had a prosperous year and marketed a fine lot of wheat as usual. With his brother, Jefferson Evans, he is farming about 1000 acres of land about five miles out of Lexington, and these men have proven that good farming is a splendid paying proposition in Morrow county. In fact if they should part with what they have in the way of lands in this county they do not know where they could go and do better.

W. R. Hubbard, recently from Oklahoma, accompanied by his wife, arrived at Heppner on Saturday last and will locate here permanently. Mr. Hubbard is arranging to open up a cleaning and dye works. He has rented the Garrigus building on east side Main street, and announces that he will be ready for business within a few days. This paper is glad to welcome Mr. and Mrs. Hubbard to Heppner.

W. W. Cryder, the newly appointed supervisor of the Umatilla forest has arrived at Heppner with his family and they are domiciled at the Louis King residence. Mr. Cryder comes to the Heppner office from Crescent, Klamath county where he was supervisor of the Paulina forest located in Klamath and Lake Counties. Mr. Cryder is a very pleasant gentleman and we are glad to welcome him and his family to our midst.

One among the many pretty window displays to be noted in Heppner at this time, is that of Gilliam & Biabe exhibiting their fine line of cutlery. It certainly shows good ability and artistic taste in its arrangement.

The residents of the Lena school district are making preparations to build a new barn near the school house. The first load of shingles were hauled out of Heppner Tuesday.

For the big Christmas ball at the Club building on Thursday evening next there will be special music by a five-piece orchestra. This promises to be the biggest event of the season.

E. W. Hamman, teacher in the Sand Hollow school, is taking the teacher's examination at the court house this week. We acknowledge a pleasant call from him.

L. J. Burnside and wife of near Hardman spent Monday night in Heppner. They took the Tuesday morning train for outside points, where they will visit for some time.

2-Way Sidehill Plow.

The accompanying cut illustrates the very latest improvements in Plow construction, showing several advantages over any other Sidehill Plow on the market.

One of the most important of these improvements is the extra long axle, making the distance between the wheels 8 inches greater than any other make of Plow. This of itself is a great advantage to the user, as it allows a greater adjustment of the bottoms, that

is, a 16 inch Plow can be made to turn 18 or even 20 inches of ground on sidehill work, and also makes the Plow much harder to upset on steep ground.

For further particulars call on **Vaughn & Sons** and see the Plow for yourself

We also have a good stock of

GANG and WALKING PLOWS

as well as

Iron and Wood Spike Tooth Harrows, and Wheel and Runner Spring Tooth Harrows
