We are having nice open weather now and many of our industrious farmers who have plowing to do are taking the opportunity this good weather is affording and are plowing.

This is now a new year, a new beginning, and it is our opportunity to begin a new record, a record which will show that we, at the close of this new year, will have improved our opportunities to do good; that we will have brought sunshine into other lives; a record which will show that we will have been true to our conscience, and have overcome temptations which would have led us into wrong. Let us keep this clean, spotless record, this new beginning, untainted and unsoiled till the close of the year, that we may look back when the year is gone and see something done that has really been worth while, that we may see where we have been victor over the wrong and that we are better men and women because of our new year resolutions.

Our cattle are branded with **PS** on right hip or side, and we will pay \$200 reward for information which will lead to arrest and conviction of anyone stealing our stock. **MINOR BROS.**
