COMMERCIAL CLUB POT-POURRI

Edited by the Publicity Department.

Heppner Commercial Club meets the first and third Fridays of each month in the L. O. O. F. hall.

Up to the first of April the meetings will be open to all citizens, but after that time the organization will hold its business meetings in the presence of members only. You will want to attend every meeting, so get right with yourself and the Club and shell out that \$1.50 for a membership card. As one man remarked, "That amount will not hurt anybody and it may help to do us all a lot of good."

The Club is rapidly getting on a working basis. The committees thus far appointed have accomplished results very satisfactory to the organization and everything points to a successful campaign of promotion and publicity. There has been no desire on the part of any of the members to go out and do some great big thing, but on the contrary to look after the many small things which interest the community at large. That is the object of every commercial body and in no other way can club work be successful. This is a basis on which every citizen of Heppner and contiguous territory can come in on and the result of such co-operative effort will be of inestimable value. This Club will need money, of course, but the need of personal co-operation is far greater. Thoughtful preparation will make the Club's finances go much farther and with a good big working organization the demand on each member will be moderate.

In speaking of the need of a commercial club, President Smead said: "I make this statement without fear of contradiction. There is not a town today, in Oregon or any other state, which is going ahead in any respect but has a good live commercial club. On the other hand, there is not a dead town in any of the territory mentioned which has any kind of a commercial organization." Isn't that the truth? We have samples of both here in Oregon, but it's a cinch we don't want Heppner classified with the latter.

How shall we have a live commercial organization? By everybody joining the club and then sitting back and leave the work to a few public spirited citizens? We think not. For every membership card we must have a good, live booster for Heppner and Morrow county. In no other way can real effective work be accomplished. Certainly the heavier work must fall upon those having the management of the Club, but is it not possible for you, Mr. Citizen, to give two evenings of the month to the welfare and upbuilding of the community in which you live? Have not you some ideas on the subject of community betterment you think worth while to discuss with your fellow man? You surely have. It will not cost you a cent to express your ideas. Attend the meetings, say what you have to say, hear the other fellow's views, and then line up with the Club for a bigger and better Heppner.

There is no room in Heaven for the knocker. His soul is too small to generate light and must be cast into the dark. He is a failure here on earth and howls at the success of others. He usually knows more about the other fellow's business than his own, probably from the reason that he has very little business of his own.

At the last meeting of the Club an entertainment committee was appointed to serve one month. It is composed of five wives and the members can expect some high jinx in the near future.

Secure that membership card now. You can secure one from any of the following: Dr. F. N. Christensen, O. G. Crawford, First National Bank, Minor & Co., Phelps Grocery Co., W. O. Hill, Loy M. Turner, Wm. Haylor, Dr. N. E. Winnard, C. E. Woodson, S. E. Notson, W. W. Smead. The membership fee is one dollar and the dues fifty cents a month.

LIGHT UP.

A little more good light in your home always makes it more cheerful.

While I am here I can make good offers to you for all kinds of house wiring and re-wiring, electric door bells, burglar alarms, etc. You can meet me at the Palace Hotel any evening after 5 p. m., or leave word and I will call on you at your house.
