DON'T RAISE WEEDS!

USE A JONES WEEDER

Built in Morrow County

(Patented Dec. 16, 1913)

There has been a great need for a machine to cultivate summer-fallow that would do it thoroughly with the least possible loss of moisture and "do it quick."

We claim the Jones Weeder will do all of this and more. It can be used in as many sections as wanted, like a harrow. Four sections cut 18 feet 8 inches and pull no heavier than four sections of steel harrow.

The blades having a slope of 60° it will not choke under normal conditions.

I am now putting up 100 sections. Parties wanting this machine should send in their orders at once.

MORROW COUNTY OFFICIAL PAPER

THURSDAY, April 9, - - 1914.

In this week's issue will be found the announcement of Geo. J. Currin of Heppner, who will seek the republican nomination for the office of county commissioner. We know of no stronger man to make the race for this particular office. Mr. Currin is a man who has had wide experience in constructing roads, and the road plank is one of the strongest in his platform. If elected, he promises an economical administration of county affairs from the standpoint of the taxpayer. He shall endeavor to bring about some arrangement whereby money spent for county road shall be of lasting and permanent value.

A pleasant hour or two was spent by the editor of this paper at the farm home of Mr. and Mrs. E. M. Shutt, Wednesday. The ex-sheriff is just as energetic in prosecuting the work of his alfalfa ranch as he used to be in looking up the bootlegger and tinhorn in and about Heppner during his term of office. And he is making a success of his undertaking. We have been up and down the creek from Heppner to the Junction during the past week and nowhere did we see the alfalfa as far along as on Mr. Shutt's place. He has certainly adopted the system of getting the plants to grow and he will be in hay harvest far ahead of his neighbors.

Notice of Sheriff's Sale.

By virtue of an execution and order of sale issued by the Clerk of the Circuit Court of the County of Morrow State of Oregon, dated the 8th day of April, 1914 in a certain suit in the Circuit Court for said County and State wherein Andrew Rood, plaintiff recovered judgment against W. B. Ward and Ola Ward his wife, defendants for the sum of \$3,591.50 with interest thereon at the rate of 8 per cent per annum from the 11th day of January 1907 less \$75.05 paid thereon September 10, 1909, \$218.50 paid thereon November 15, 1913 and \$198.25 paid thereon June 1, 1914; for the further sum \$91.35 Taxes paid, for the further and additional sum of \$250.00 attorneys fees, and for \$25.00 costs and disbursements, which judgment was so recovered on the 6th day of April, 1914.

NOTICE IS HEREBY GIVEN, that I will on Saturday the 9th day of May, 1914 at the hour of 2 o'clock P. M. of said day at the front door of the Court house in the City of Heppner, Morrow County, Oregon, sell at public auction to the highest bidder for cash in hand the following described real property, to-wit: N E 1/4 of NE 1/4 of Section 22; N 1/4 of NW 1/4 and NW 1/4 of NE 1/4 of Section 33 in Tp. 3 S. A COLLEGIAN SUIT FOR EASTER DAY

Style Makes Its Start Easter
START WITH IT

EASTER has for many years presented a turning point which swings men and young men from heavy clothes into lighter ones.

To make Easter of more than usual interest, we have selected a number of particularly clever suits to sell for

\$15.00 to \$25.00

These suits are top-of-the-season styles, but they were selected by us expressly for this event. They represent clothes-making in its highest degree. They are not only strikingly styled, but they are very human, so to speak. They teem with personality. Their value can be seen much better than it can be told about.

Committee Reports.

To the Officers and Members of the Heppner Commercial Club:

We, your committee, appointed to investigate and report on the practicability of a Septic-Tank Sewerage System for the City of Heppner, beg to submit the following:

Your committee personally favor the establishment of such a system and think it will ultimately prove the best way to handle the problem.

We called a meeting of the business men of the city, in order to get an expression on the subject. It was thought inadvisable at the present time to recommend the enforcement of such a system. But we do recommend and ask that the City Council require by ordinance that every property owner within the city limits install at once, either a Septic-tank, a Chemical Toilet or a privy complying with the standards recommended in the bulletins issued by the Government on this subject.

We also found the sentiment unanimously of the opinion that something must be done to better the sanitary conditions of the city and that at once. The following Resolution was adopted and we incorporate it in our report, to-wit:

"Resolved that it is the sense of this meeting that the Committee calling this meeting, report to the Commercial Club that recommendations be made by the Club to the City Council as follows:

That the general sanitary conditions of the City are not satisfactory; that privy vaults, livery stables, garbage barrels, cess pools and like places are not properly cared for, especially during the summer season and that they

are unsightly, become offensive and breed myriads of flies.

That a Sanitary Board should be appointed or created by the Council with full power to make regulations and rules upon all matters touching the cleanliness, health and comfort of our City and to enforce the same.

That if the present city ordinances are not sufficient to warrant the creation of such board and to enforce the rules and restrictions made by it then that the Council pass an ordinance providing for such a body, for the enforcement of its rules and orders and for the making and enforcement of any other regulations for the health of the people.

We furthermore recommend that a Health Officer be appointed to act with the Sanitary Board above mentioned invested with power, not only to enforce any order of said Board, but with authority to act on any case that may come under his own observation, and that said Officer shall make regular inspections of the local sanitary conditions, and further that said Officer receive for his services a reasonable salary in order that he may feel able to devote the necessary time and attention to this very important work.

We also request, should this report be adopted, that the Heppner Commercial Club lay this matter before the Mayor and City Council at once and demand their immediate attention to this matter.

Respectfully submitted,
A. M. PHELPS,
J. L. WILKINS,
J. PERRY CONDER,
Committee.
