

## MORROW COUNTY UNION TO HOLD PICNIC

Lexington To Be the Place—Exact Date Not Yet Fixed.

It is definitely settled that the Morrow County Farmers' Union will hold a big picnic about the 20th of June at Lexington. Plans are being made for a good time and just as soon as it is definitely known what speakers can be had for the occasion and when they can be on hand, the date will be fixed.

A good, old fashioned country picnic is planned and the people of Morrow county are cordially invited to come and take part. You are assured a good program. Look for further and definite announcements later.

## PANAMA-PACIFIC HANDBOOK IS NOW READY

A Remarkable Publication of the Panama-Pacific International Exposition.—Free Distribution Now Being Made by the Remington Typewriter Company.

A remarkable official publication on the Panama-Pacific International Exposition is ready for circulation and it is announced that its distribution throughout the world will be made by the Remington Typewriter Company. The intrusting of such a function to a private business house is a new departure in exposition management. This action has been decided upon by the Committee in charge of the matter, because the Remington Typewriter Organization with its six hundred and fifty-eight offices covering every continent and country on the globe, is the best available agency through which to make the distribution.

The handbook is distributed free to those interested, and a copy may be obtained for the asking at any Remington office.

This booklet is not only valuable and interesting to every prospective visitor to California and the Exposition and to every prospective exhibitor, but is also an exceptionally beautiful piece of printing. It is superbly illustrated in colors, reproducing original paintings and pictorial maps showing the arteries of travel the world over, the Panama Canal zone, California, San Francisco and vicinity, and the Exposition. Its publication has been arranged for in the principal languages of the commercial world.

In accordance with the arrangements made by the Exposition management, a supply of these booklets for free distribution is now on hand at the Remington Typewriter Company's office, 56 Seventh street, Portland, Oregon, and all of our readers are invited to call there and obtain a copy.

## CREAMERY PROGRESSING

Mr. Sparling, Still Busy, is Meeting With Fine Success.

The Heppner Creamery proposition is being pushed along to a successful culmination. Mr. A. L. Sparling has put in the past ten days in working up and down Willow creek, and is at present on Rhea creek where he is meeting with encouragement of a very substantial nature. More than 50 per cent of the stock subscriptions necessary have now been secured, and much more besides. In fact it looks now like the organization can be perfected with practically all of the \$12000.00 capitalization taken up. People of Rhea creek are taking hold well, and Mr. Sparling is meeting with such good success in that locality that he will stay there for a time, that no one who desires to come in will be overlooked.

### Kills Black Bear.

E. J. Merrill, who was down to Heppner on Monday from his farm near Hardman, reports that he and his neighbor, W. H. Miller, killed a good sized black bear at the Otis Shaner place on Friday evening last. They were coming in from the reserve where they had been with a bunch of cattle, and as luck would have it, neither one had a gun. They treed Mr. Bear, however, and Merrill kept him up there until Miller could go a distance of about 4 miles for his gun and return, when the animal was soon dispatched. They thought first of lassoing the bear and bringing him in as a captive but were prevented from doing this by the brush. He was a fine specimen, being about 18 months old.

W. S. Calvert, who has been the local operator for the past several months, has moved to Sherman. The vacancy is being filled for the present by H. S. Montleth of Portland.

## LEXINGTON NEWS ITEMS OF INTEREST

Prof. Doak made lone a visit on Saturday.

The parsonage is receiving a new coat of roof paint this week. Rev. Taber is the painter.

Rufus Snider and A. E. Pointer, who have been on the sick list, are able to be out again.

Chas. Van Winkle and wife of Arlington were visiting friends in this vicinity. Chas. has a garage in Arlington.

E. G. Erskine, the well driller, is at work again after getting the drill tools out. He expects to strike water soon.

Mrs. Sadie Palmer moved to the mountains for the summer, taking all her cattle and horses to the summer range.

French Brothers went through town Saturday with their caterpillar. They will plow a tract of land south of Lexington.

James Pointer is building a new concrete reservoir on his farm and expects to keep plenty of water on hand at all times.

W. E. Leach and family made an auto trip to Walla Walla Friday, returning Sunday. They report roads fine for traveling.

T. J. Mahoney, the Heppner banker and Wm. Hughes of Portland were looking over the country and its crop prospects this week.

Gene Gentry is applying a new coat of paint to his residence on Main street. When completed, it will add to its appearance very much.

John McMillan has taken out a new gasoline engine to do extra work on his farm. There has not been enough wind at times to pump sufficient water.

Several farmers have taken out some weeders made at the Beach & Allyn shop. Cleaner summerfallow is all the go, which means a larger yield of grain.

There was shipped from the T. S. Townsend receiving station at Lexington, 10,733 pounds of cream. The March payroll for cream at the station was \$804.65.

A good cold nipping frost and some ice greeted the early riser Monday morning. Many gardens were damaged as well as the fruit. There will be some left anyway.

J. R. Ashinhurst and wife of Sand Hollow were in town one day last week. Mr. Ashinhurst reports grain looking good, and bountiful showers of rain to help the crops along.

Miss Florence Olmsted, the primary teacher in the public school was taken to the hospital at Heppner on Thursday for treatment. Miss Olmsted has been in poor health for some time.

Friday was the warmest day noted so far this season. Farmers in this vicinity report no damage. The early fall grain which is of an unusual rank growth, was badly curled from the heat.

A. L. Sparling was in this vicinity in the interests of the new creamery to be located at Heppner. From all accounts he met with much encouragement in the new enterprise.

Mr. Metcalf, who owns the Epi Eskelson ranch south of Lexington reports a good flow of water in his well at 295 feet. Bullington and Nickson drilled the well. They are now at John Piper's place five miles northeast of Lexington.

The high wind Sunday was a little out of the ordinary. For a while it looked like rain. Then the change came and the clouds were all blown away. The wind caught a large party of picnickers who had gone to the Hermiton Reservoir to spend the day. They all arrived safe and with lots of sand.

Charley Parker of Pendleton, was visiting his brother Hank one day last week. Charley has been in the transfer business in Pendleton for the past three years. This is his first visit since he left and notes many changes during his absence. He is also visiting his father, F. M. Parker, who lives on the John Hughes place near Heppner.

### GALLOWAY.

R. F. Wiglesworth was an Echo visitor on Monday.

Ed Neill and wife went to Heppner Saturday.

Lon Wattenburger made a business trip to Echo Monday.

Earl Wiglesworth and family spent Sunday in Echo.

Ray Coxen and Misses Edna and Ruby Ayers spent Sunday in Lexington and Ione.

L. D. Neill made a business trip to Echo Tuesday.

Wiglesworth, Neill and Howard started their sheep to Heppner Tuesday morning.

Roy Coxen, who has been working for Will Howard for the past four years, left Tuesday for Missouri, where he expects to remain several months.

## REPUBLICAN VOTERS SHOULD BEWARE

Party Should Be Represented on National Committee By a Republican

The Republicans of Oregon are entitled to have a Republican named as the National Republican Committeeman from this State. C. W. Ackerson, who claims to be a Republican, is a candidate. He registered as a Progressive January 8, 1914. Then signed petition of H. W. Coe to be Progressive National Committeeman. Then cancelled his registration as a Progressive and registered as a Republican and immediately filed his candidacy for membership on Republican National Committee. Has been an intimate and convenient understudy of the Progressive National Committeeman and seems now to be in combination with him in an attempt to shanghai the Republican organization. His candidacy is being actively backed by parties hostile to the Republican party and having personal interests and private personal grudges to serve. His erratic and excitable temperament has frequently led him to flood the columns of the press with violent attacks upon the Republican party and vicious personal abuse of prominent Republicans and life-long residents of the State.

It is a grave abuse for parties who are not Republican to register as such. It is a graver abuse for outsiders to attempt the capture of a political party to gratify a personal grudge and to promote party discord. It is an abuse against which fair-minded men of all parties will rise in protest. We can never have a reunited party by pushing to the front political hotbeds and men who are political reformers simply for the sake of office. Having been a Republican only twenty-four hours when he announced his candidacy for the highest honorary position in the gift of the party, is some indication of what Mr. Ackerson's motive was in registering as a Republican. As Hon. Ralph E. Williams is the only Republican who is a candidate for Republican National Committeeman, we feel warranted in urging all loyal Republicans in the state to give him their earnest and enthusiastic support.

CHAS. B. MOORES,

(Chairman of Republican State Central Committee.)

M. B. McFAUL,

(President Lincoln Republican Club.)

McKINLEY MITCHELL,

(President of Portland Republican Club.)

C. M. IDLEMAN,

(President Multnomah Republican Club.)

To The Members of The Library Association.

On last Saturday afternoon there was an attempt to have a meeting of the members of the Heppner Library Association for the purpose of electing officers for the ensuing year, and but few ladies were in attendance. Due notice had been given of time and place of meeting but apparently no attention was paid to it. It is important that this business be attended to, and another meeting is called for 3 o'clock p. m., Tuesday, May 12. Should there not be a sufficient number present to elect at this time, the present officers will hold over for the ensuing year, as this is all that can be done under such circumstances.

M. E. Church, South.

Rev. O. W. Elliott of Portland will preach at the M. E. Church South, next Sunday, both morning and evening. Mr. Elliott is a business man and one of the very few successful Sunday School men.

Bring your friends and come and hear him. You and he will enjoy the service. Everybody welcome.

W. T. Goulder, Pastor.

## OREGON U. WILL ENTERTAIN VISITORS

Shovelful of Earth to Be Thrown by Each Visitor Toward New Buildings.

University of Oregon, Eugene, May 4—Hundreds of Oregon high school students will come to Eugene this week for junior week-end, and each of them is to throw one shovelful of dirt in excavation for buildings that are likely in a short time to be the scene of his advanced studies. The ground-breaking ceremony will be for the \$30,000 wing that is to treble the capacity of the library, and for the addition to the building where the new School of Commerce will be housed.

A second ground-breaking ceremony is also to take place this spring; it will be for the main administration and classroom building, in June, and is to be attended by Governor West, the board of regents, the full commencement crowd and many alumni.

Of these two items of the building program, the first is to be finished by September; it consists of the library wing, the dormitory wing, the Commerce building wing, repairs to Deady hall and extension of the central heating plant. The second is to be finished by next February; it consists only of the administration building.

About 400 high school boys and girls are expected here this week. Of these, 250 will be athletes who will come to participate in the fourth annual state interscholastic track meet. This track meet is given under the auspices of the student body, which guarantees the expenses of four students from each Willamette valley high school and also of first place winners in the eastern Oregon meet, which was held at Wallowa Saturday. The winning relay team at the eastern Oregon meet will also be brought. Other athletes, many of whom will come, will pay their own transportation, but entertainment is provided by the student houses in Eugene, several of which will have between 20 and 30 guests each.

Fifty high and preparatory schools will be represented in the meet, it is expected. Schools as far south as Ashland and as far east as Ontario are to have men here.

Admittance to the various student activities, except the senior play, will be free to the visitors, and the student body purposes extending every hospitality. No junior week-end pledging to student societies or groups of any kind is to be done. Such pledging has been a custom of the past, but concerted agreement among the members of the men's new Pan-Hellenic forbids it this year.

### THE INLAND EMPIRE TEACHERS' ASSOCIATION.

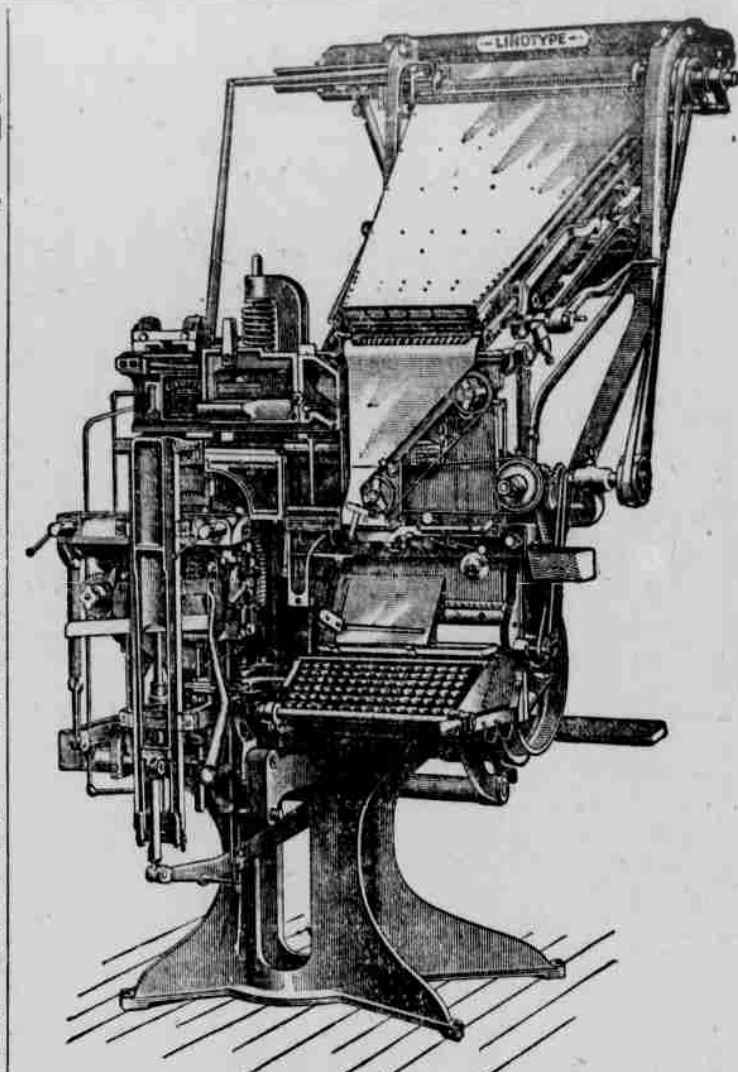

The meeting of the Inland Empire Teachers' Association, which was held at Spokane, was one of the largest and most successful meetings ever held west of the Rocky Mountains. In point of attendance, the number present rivaled the N. E. A. It was estimated that 2000 teachers and school officers were present, and the enrollment percentage indicated that the estimate was about right. The program was full of interest. No lack of life was manifest. Supt. J. H. Francis, of Los Angeles, and Librarian A. E. Bostwick, of St. Louis were the leading outside speakers.

The discussions in the section meetings indicated that people are awake to the fact that we are in the midst of a revolution in the educational world. In the school officers' section, O. M. Plummer, of Portland, and Mrs. G. D. McQuesten, of the Board of Education of Tacoma, aroused much interest in questions as seen from the point of view of a member of a school board. Every one present knew that Portland and Tacoma had made no mistake in the election of these members of their Boards. They both were listened to with the delight by the parent-teacher section also. State Supt. Churchill and Assistant State Supt. Carleton delivered excellent addresses before the school officers' section. The experiment of having a section where the superintendents and members of school boards could meet and discuss questions from both points of view proved that such meetings can be made very profitable. It is planned to have a greater meeting of this kind at the N. E. A. at St. Paul in July.

Oregon was well represented at the meeting, but the county superintendents and school board members from Oregon were not as much in evidence as it had been hoped that they would be. No doubt there will be a larger attendance next year.

### School Notes.

On the 27th ult., I visited the school in District No. 59, which is under the direction of Miss Alma

## SUMMER EXCURSIONS EAST

via the UNION PACIFIC SYSTEM  
OREGON-WASHINGTON RAILROAD & NAVIGATION COMPANY  
OREGON SHORT LINE, UNION PACIFIC and connections

REDUCED ROUND-TRIP FARES shown in the following list:

Denver	\$55.00
Colorado Springs	55.00
Omaha	60.00
Kansas City	60.00
Saint Paul	60.00
Duluth	60.00
Winnipeg	60.00
Saint Louis	70.00
Chicago	72.00
Cincinnati	84.00
Buffalo	92.00
Toronto	92.00
Washington	107.50
Philadelphia	108.50
New York City	108.50
Boston	110.00

Other Eastern Cities at Corresponding Reductions.

For detailed information, fares, routes and arrangements, call on any agent of the O-W. R. & N.

Himrichs. Ten pupils were present. The work of the term is starting off very nicely. A new chart and a new map of the state have been recently added to the equipment. Arrangements have been made to pipe the water from a spring to the school premises. When this is completed this school will have an excellent water supply.

The following day I visited the school in District No. 61. Mrs. Harriet Stephens is the teacher. Seventeen pupils were present. All appeared to be diligent in their work, and a splendid interest was manifest. The interior of the building appears quite cheery and comfortable since the walls and ceiling have been painted a soft cream color. Lumber is on the ground for a new fence around the grounds. A new state map and a new chart have been purchased recently.

In District No. 14 the boys' out-building needed some repairs and a scrubbing. Frank McGrath, one of the pupils took the matter in hand, and the building is now in good repair and excellent condition. A little of the spirit shown by Frank manifested in many districts would result in some worthy improvements.

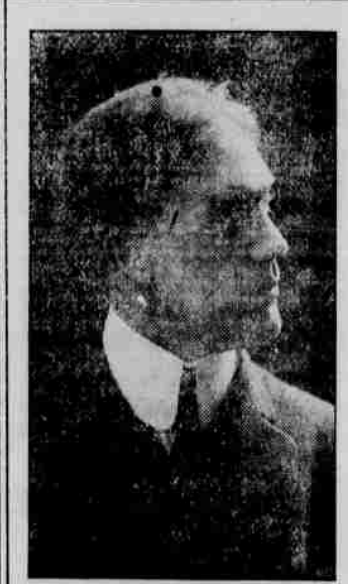

### THE FEDERATED CHURCH.

"Mothers Day" May 10th will be observed by the Federated church. Pastor Ferris and others will speak. Good music will be a special feature of the program. A white carnation will be presented each one attending this service. All members and friends are cordially invited. The hour, 11 a. m. Strangers welcome.

### Memorial Sunday.

Arrangements have been completed by Rawlins Post, G. A. R. of Heppner, for the proper observance of Memorial Sunday, May 24. These services will be held at the hour of 11 o'clock at the Federated church, Rev. W. N. Ferris, the pastor officiating. All old soldiers and the public at large are invited to attend.

Chas. Stanton, Eight Mile farmer was in town on Tuesday after a load of wire fencing to be used on his place in fencing off hog fields.

For Justice of the Supreme Court  
CHARLES L. McNARY  
Now on the Bench  
REPUBLICAN CANDIDATE
