**INTERNATIONAL Harvester oil tractors rank first as machines for all-around farm use.** Enumerate a dozen of your farm operations and you will find these tractors—Mogul or Titan—can be used with profit in all. They furnish reliable power for all belt machines and for disking, plowing and other drawbar work. Features which make IHC tractors valuable are the truck design, the large main shaft and its long bearings, the power starting system, the dust proof engine—features of proved value which you find on all IHC tractors. IHC tractors, Mogul or Titan, are simple, strong, and easily operated. They are built in all sizes, 6 to 30-60-H. P., and in styles to meet the needs of every good sized farm. The IHC line also includes various styles of general purpose engines from 1 to 50-H. P., operating on high and low grade fuel oils. Write us for catalogues and other information about tractors and engines.

## INDUSTRIAL REVIEW OF STATE.

Progress of Industries and Manufacturing That Provide Oregon People With Payrolls.

During the past week two decisions have been rendered affecting industries. A federal court at Portland upheld the Oregon Blue Sky law, and the Supreme Court upheld the second suit brought by a working girl against the Minimum Wage law. Both will now be taken to the Supreme Court of the United States.

It is proposed to utilize the wire grags that grows on Youngs Bay near Astoria for the manufacture of paper.

This week the manufacturers of Lane county will hold an exhibit of their products to encourage home industries.

The Dalles has bought 140 acres on the river front to give free sites for factories.

The Supreme Court has upheld the \$200,000 bond issue of Grants Pass for the purpose of building a section of railroad to the Coast.

To relieve unemployed, a bill has been introduced to tax all estates of \$50,000 or over ten per cent for a fund to be expended by a department of public works.

A special vessel has been chartered to carry 48 great Oregon logs to the Panama-Pacific Exposition for columns for the Oregon building.

The Toledo co-operative creamery is now in operation.

The Oregon Railroad Commission is examining the books and accounts of about fifty public utility corporations to ascertain their physical value and earnings.

Malheur county Pomona grange went on record as opposed to taxing mortgages, as tending to raise interest and keep capital out of Oregon.

Astoria has appointed an industrial commissioner to promote factories in the person of O. W. Taylor.

Molalla raised a bonus of \$2000 for a pottery plant that is being erected and will soon be in operation.

A factory for the manufacture of lead pipe has been established at Portland, capable of making five thousand miles a year.

Gresham fruit growers are moving to establish a cannery.

It was stated at the Portland Rotary club that anyone with a fair reputation and a good pair of lungs could put over almost any kind of a freak measure in Oregon.

J. E. Tourtelotte, a Portland architect, submitted a plan for using fireproofed wood building material for school houses at a saving of nearly fifty per cent over brick or stone.

Astoria has asked bids for the first unit of public docks to unite rail and water transportation.

Mayor Simpson of North Bend has conducted an exhaustive investigation to ascertain the best paving material and decides in favor of vitrified brick or bitulithic.

North Powder has passed an ordinance to construct a gravity water system.

The proposed fifteen hundred dollar tax redemption would raise the tax on industries fully twenty-five per cent in the opinion of experts.

Cottage Grove is erecting a cannery to cost \$6000.

The Clearwater Lumber Co., of Portland is clearing the site for the erection of a big mill.

The Portland Timberman has issued a bulletin announcing that by its efforts it has just secured a reduction on lumber rates to fifty eastern cities.

The farmers around Burns have let a contract for erection of a co-operative meat packing plant.

The J. K. Armsby Fruit Co. is establishing a packing house at Roseburg.

The De Luse Mining and Dredging Co. has bought a large orchard at Gold Hill and will work the ground for placer gold.

Three candidates for Governor and several other aspirants are baiting the voters with initiative measures at their own expense.

The Geo. Moore Lumber Co. has secured 150,000,000 feet of timber on the Coquille river.

The Presbyterian church of Eugene will be rebuilt of white pressed brick—Oregon made.

The Port of Coos Bay Commission will issue \$300,000 bonds to complete harbor improvements.

A pool of mohair sold at Cottage Grove for 27½ cents this year that last year brought 34 cents. Last year the mohair mills at Portland had not suspended.

The Dornbecker Furniture Manufacturing Co. will build another two-story concrete addition to its plant at Portland.

## IRRIGON ITEMS

Mr. and Mrs. Kicker drove to Umatilla Saturday.

Mr. and Mrs. Geo. Rand were in Umatilla last Monday.

Gertrude Johnson went to Pendleton Tuesday afternoon.

The Graybeals have moved back to Kamela for the summer.

Ether Graybeal visited with her aunt in Umatilla Friday and Saturday.

H. T. McKenzie, of Portland, was in Irrigon Sunday, repairing typewriters.

Fishing and swimming are becoming popular sports since the warm weather has set in.

Dr. and Mrs. Oftedal of Umatilla, spent Sunday in Irrigon, the guests of Mr. and Mrs. Lew Roadruck.

Mr. and Mrs. Kelly came down from Umatilla Sunday to spend the day with the Johnsons, of this place.

Mrs. Earl Baucom went to Pendleton on a combined business and pleasure trip. She went up Friday and returned Monday morning.

Mrs. Harry Minnick will take a trip to Weston the latter part of the month to visit her mother and to take in the Pioneer's picnic, and will return in two or three weeks.

N. Seaman has an order in for some three hundred thousand post card views from Guam. He says they will be a very interesting collection and invites the public to come and look at them.

## 27 CARS OF YEARLING SHEEP TO CHICAGO

R. F. Bicknell of Boise, Idaho, well known western sheepman, shipped out 27 cars of yearlings from the local yards this, Thursday, morning. The sheep are going direct to Chicago.

Among the local sheepmen who contributed to this shipment were L. V. Gentry, Neill Bros., R. F. Wigglesworth, N. S. Whetstone, W. Howard and C. A. Minor. The total shipment consisted of 10,800 head of sheep.

## ASKS FOR MORE POWER.

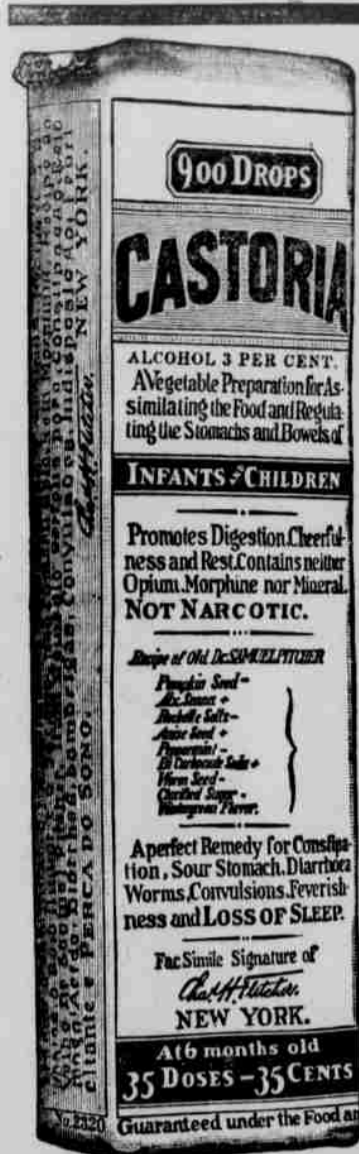

Gov. West will ask for an increase of the powers of the governor by a proposed amendment to the constitution. The amendment will be submitted to the people by initiative and is as follows:

"The Governor shall take care that the laws be faithfully executed and to this end may command the cooperation of every District Attorney, Sheriff and Constable.

"He is hereby empowered and it is made his duty to remove from office District Attorneys, Sheriffs or Constables who, in his opinion, refuse to perform the duties of their respective offices or to co-operate with him in the enforcement of the laws of this state.

"He shall have full power to fill by appointment any and all vacancies caused by such removals."

Mrs. Henry Blackman of San Francisco arrived in Heppner Wednesday evening and is visiting at the home of Phil Cohn. She will remain at least a month. Her son, Leo who is now in Mexico and who was reported as having disappeared, is now located at Magdalena, where he has accepted a fine paying position. His folks hear from him regularly and as yet, he has come to no harm. The rumor of his apparent disappearance was evidently false.

## USE A JONES WEEDER

Built in Morrow County

(Patented Dec. 16, 1913)

There has been a great need for a machine to cultivate summerfall that would do it thoroughly with the least possible loss of moisture and "do it quick."

We claim the Jones Weeder will do all of this and more. It can be used in as many sections as wanted, like a harrow. Four sections cut 18 feet 8 inches and pull no heavier than four sections of steel harrow.

The blades having a slope of 60° it will not choke under normal conditions.

I am now putting up 100 sections. Parties wanting this machine should send in their orders at once.

For further information, prices, etc., write or see
