Will Visit Morrow County Soon. To the Editor:-

Through your paper may I say to the good people of Morrow county that it has become impossible for me to visit them before the primary election, May 15th, but I plan to do so soon after, in behalf of my candidacy for the United States Senate.

I appreciate to the full the kind expressions that have come to me from Morrow county by letter, from interview and through the press.

As I view it, every interest of the Northwest is pleading for restoration of the Republican party to power. A revolt against the Democratic tariff act that free-listed our products is apparent throughout the State.

The best expression of disapproval of Democratic policies and the best indication of their reversal can be shown by a full party vote at the primary.

For the Party's sake, and personally, I acknowledge in advance grateful appreciation for the votes that will be cast for me as the Party's choice for United States Senator. R. A. BOUTH.

Streets Are Getting Oil.

The big oil tank has been busy since Monday spreading crude oil over the surface of Main street and portions of the other streets tributary thereto. Shelly Baldwin's big wood team is drawing the tank and when it is full it makes a good load for them. Crude oil is being used and it is a great dust layer. So far two coats have been spread and it may be necessary to give it three coats to make a sufficient coating.

The oiling of streets and highways to keep down the dust is no longer an experiment; it is proven to be a good thing, and the city of Heppner is taking an advanced step in adopting this method of keeping down the dust evil.

**Jake Dexter Is Fined \$50.**

A penalty of fifty dollars was assessed Jake Dexter by Judge Phelps yesterday, and added to this was some advice by the Court that Dexter should long remember. Dexter was found guilty on the charge of furnishing liquor to minors. He is a minor himself and is 19 years of age. He came into court without an attorney and refused to have one. No objection was raised on his part to any of the jurors drawn and he asked but one or two questions of the witnesses called by the state, neither did he make any defense, so the case went to the jury this way and the boy was found guilty. It was because of his age that the Court did not impose a heavier penalty and Dexter was warned by the Judge not to appear before him again on such a charge for if he did the punishment would be much more severe.

The Verdict Is Not Guilty.

The above verdict was returned on Tuesday in the case of the State of Oregon vs. J. L. Wilkins, indicted for selling unwholesome meat. The jury consisted of John S. Abbott, Fred Esteb, Peter Susbauer, W. A. Wilcox, Thos. Nichols, L. D. Hale, W. H. Padberg, L. E. Gay, O. M. Whittington, F. E. Bell, Henry F. Blahm and John Hughes. This case created considerable interest. It was known as the "bloated beef" case and grew out of the disposing of some meat last summer by M. R. Fell, employee of Wilkins, the meat being a young steer that had died from alfalfa bloat. There was no denial of the selling of the meat or of its condition but the jury, on hearing the evidence produced concluded that Mr. Wilkins had no knowledge of the transaction and was therefore guilty of committing no crime and so rendered their verdict.
