INTERNATIONAL Harvester oil tractors rank first as machines for all-around farm use. Enumerate a dozen of your farm operations and you will find these tractors—Mogul or Titan—can be used with profit in all.

They furnish reliable power for all belt machines and for disking, plowing and other drawbar work. Features which make IHC tractors valuable are the truck design, the large main shaft and its long bearings, the power starting system, the dust proof engine—features of proved value which you find on all IHC tractors.

IHC tractors, Mogul or Titan, are simple, strong, and easily operated. They are built in all sizes, 12 to 30-60-H. P., and in styles to meet the needs of every good sized farm. The IHC line also includes various styles of general purpose engines from 1 to 50-H. P., operating on high and low grade fuel oils. Write us for catalogues and other information about tractors and engines.

INDUSTRIAL REVIEW OF STATE.

Progress of Industries and Manufacturing That Provide Oregon People With Payrolls.

The Newberg cannery run on strawberries, employing 100 women.

The Oregon and California land grant suit involving 2,300,000 acres has been taken on appeal to the Supreme court of the United States.

The State Federation of Labor is interesting itself on broad lines to have Oregon material used on the new State University buildings, whether the work is done by union labor or on open shop principles.

The P. E. & E. railroad will erect a station at Georgetown.

Public and private corporate improvements undertaken at Astoria and under way aggregate four million dollars and will be pushed to a finish within a year if they are not held up by freak legislation.

The Southern Pacific electric system over the McMinnville loop was started successfully during the past week.

Brookings, Curry county, the new town founded on the lumber industry is growing fast.

Through one-day motorcar service from Drain via Scottsburg to Coos Bay has been established.

The Portland "municipal shop" has proven an expensive luxury.

Seaside has a quarter of a million dollars improvements started.

The May cleanup of January first mine on Sucker creek was \$1700.

The steel for the new court house and county jail at The Dalles is being shipped from St. Louis, when steel plants in Oregon are idle.

Manufacturers met at Eugene Thursday night and discussed the various features of the workingmen's compensation act which they seek to have amended before manufacturing can boom in Oregon.

Many new roads are being built in and around Crater Lake.

The Cottage Grove cannery has an order for a carload of gooseberries.

St. Johns public docks that have cost the city \$5000 a year to maintain and have been rented to a paper company for \$2400 a year, will be sold.

Eugene is paving many streets with Clark-Henry pavement, and all the other streets which are bitulithic are being re-surfaced.

Speakers at the Woman's Commonwealth Conference advocated raising the age of employment from sixteen to seventeen years.

Farmers and Fruit Growers generally are falling to get cannery contracts on account of the minimum wage and eight hour law applying to the fruit industry which is not the case in California.

Gresham is to have a jelly factory.

At the Union county stock show last week \$200,000 worth of fine stock was shown in daily parade.

The southern Oregon and northern California mining congress meets at Ashland, July 9 and 10.

Carleton will expend \$50,000 on paving this year.

At the Commonwealth Conference during the past week, held at Eugene at the State University, propositions were made for a state employment bureau and insurance against unemployment.

Oregon manufacturers are planning an exhibit this fall in connection with the land show at Portland.

Hop contracts for the 1915 crop are being made at sixteen cents.

W. N. Turner and E. N. Booth of Eugene will erect a large cannery at McMinnville.

R. H. Clow is building a hydro-electric plant at Mapleton.

The Union Oil Co. of California is establishing distributing plants at many cities in Oregon.

During May 72 vessels cleared from the mouth of the Columbia with 70,684,615 ft. of lumber, against 39 in May, 1913.

Shaniko shipped 122 double-deck cars of sheep the last week of May.

The Hill railroad will build its industrial tracks up Sullivan's gulch in Portland before July 1st.

Over 100 carloads of machinery went into the new fireproof saw-mill at Springfield that will be operated entirely by electric power.

The law fixing the minimum wage for girls and women in Oregon at \$3.64 is on trial before the Supreme Court of the United States.

The new Medford cannery is to be ready for work June 15th.

Work on the new \$30,000 Y. M. C. A. building at Astoria will start July 15.

Wanted—WHEAT FARM in exchange for good stock and dairy ranch, 300 acres, near free range. Some plow land and pasture, excellent water supply, new bungalow, cream route, daily mail delivery, 7 miles north Cape Horn station on North Bank Rly., 30 miles from Portland, Oregon. No commission. Owner M. RELTON, Cape Horn, Wash.

SCHOOL NOTES.

By Supt. Notson.

The blanks for the annual reports have been sent out to the clerks of the several districts. I trust that the clerks have read the circular letter enclosed with the blanks. It is important that the reports, including the supplementary reports, be returned promptly. If each clerk has his report complete except the filling in of the officers' names, then the reports can be approved at the annual meeting, as the law provides. The supplementary report should be filled out at the annual meeting, if possible. It might be a good thing to have the questions read at the meeting.

One district is planning to have a picnic at the schoolhouse on the day of the annual meeting. The people expect to get together in the morning and clean up the school grounds. At noon a big dinner will be served by the ladies. After this will follow the annual meeting. This is a very commendable plan. Other districts would do well to copy this plan.

Let me again suggest that no district fail to make its selection of library books at once. The order should be returned with the clerk's report, for unless I have the orders in hand by the 20th, it may be impossible to get your order checked and placed in the hands of the State Librarian by July 1. You may find it a little trouble, but do not neglect it.

It may be well to say again, as I have said on several other occasions: Do not purchase maps, charts, apparatus, and school furniture from traveling agents until you have consulted the catalogs on file in the office. Some times you can secure from them what you wish and need at reasonable prices, but very often you will have to pay a much higher price. Some firms will allow the district a liberal discount if the county superintendent will endorse the order. But, at any rate, catalogs of all the leading school furnishing companies are on file in the office, and you are welcome to consult them. Districts desiring the large size dictionary may save ten per cent, and the transportation charges by including their order with the library order, but it will be necessary for the cash to accompany the order.

J. C. Bennett, Lone Rock-Heppner stage man, was in the city a few days this week on business connected with his stage line.

Creston Maddock was a passenger to Portland on Tuesday, going down to assist in making the Rose Festival a success.

Prof. W. W. Welltr of Denver, Colo., is visiting at the home of his aunt, Mrs. J. H. Gammell of Heppner. Prof. Welltr expects to spend the summer in this vicinity.

Mr. and Mrs. C. H. Gammell, recently of Adams, Ore., arrived in Heppner Saturday evening to take charge of the J. H. Gammell ranch. They expect to make this their future home.

Miss Mary E. Power, primary teacher in the local school left Heppner Monday for her home at Loraine, North Dakota. Miss Power will return to Heppner next September, since she has been engaged as teacher for another year.

Fred Ashbaugh, leading farmer of Hardman, was in Heppner on Monday accompanied by Mrs. Ashbaugh and other members of the family. They remained over night and returned home Tuesday forenoon. Fred is wearing the smile that will not come off these days; crops fine, and everything pointing to an abundant harvest.

Mrs. Pearl Wigglesworth, wife of a prominent stockman of Galloway, was brought to town yesterday and taken to St. Anthony's hospital. Dr. M. V. Turley was summoned, and performed an operation yesterday afternoon. The patient is recovering, but is still seriously ill.—Pendleton Tribune.

Joseph Eskelson, prosperous Lexington farmer, accompanied by his neighbor, W. H. Padberg and his wife were in Heppner on Saturday. These farmers are rejoicing over their splendid crop prospects, the cool weather of the past week being especially beneficial and the warm rain of Saturday putting on the finishing touches to what will be one of the biggest yields of grain in years. Mr. Eskelson was accompanied home by his wife who has been spending some time in Heppner under the care of a physician.

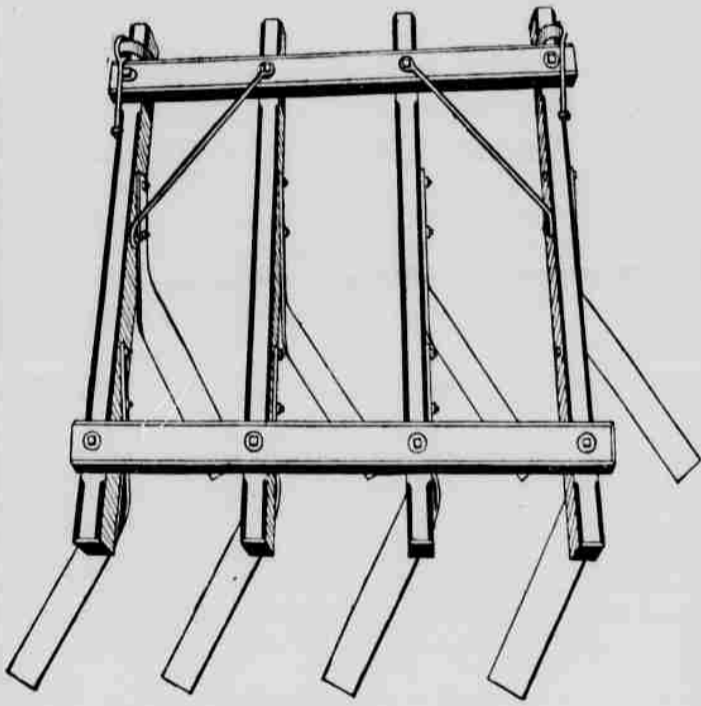

Ralph Bengé was in town Tuesday. He is feeling pretty bad these days. Says the kind of weather we have been getting has spoiled his wheat and caused it to all go to seed. However, if he can secure sacks enough this fall to care for his crops he will get over his present spell of the blues.

W. L. Barlow and wife, of Eight Mile, were trading in Heppner Tuesday. The wheat crop in his section is now in the making and will turn out a yield equal to any of the best seasons ever experienced in the history of the county. Climatic conditions could not be better for the maturing of crops.

DON'T RAISE WEEDS!

USE A JONES WEEDER

Built in Morrow County

(Patented Dec. 16, 1913)

There has been a great need for a machine to cultivate summer-fallow that would do it thoroughly with the least possible loss of moisture and "do it quick."

We claim the Jones Weeder will do all of this and more. It can be used in as many sections as wanted, like a harrow. Four sections cut 18 feet 8 inches and pull no heavier than four sections of steel harrow.

The blades having a slope of 60° it will not choke under normal conditions.

I am now putting up 100 sections. Parties wanting this machine should send in their orders at once.

Wm. Kummerland and wife were Heppner visitors on Saturday. Mr. Kummerland was presenting a remonstrance and getting the signatures of those interested, opposing the opening of a road out his way, the proposed road being one that would work a hardship on himself and some of his neighbors, at least this is the view taken by Mr. Kummerland.

Highest cash price paid at all times for hides, pelts and furs. See Peoples Cash Market.

Albert Hahn, one of our young farmers, was in town from his ranch Tuesday.

Victor Grosheus is making some improvements on his Main street property this week.

Ralph Justus, recent graduate of the local high school, has accepted a job as forest ranger for the United States Forest Service and will spend the summer months in the Blue mountains.

Don't overlook the Commercial Club meeting tomorrow night.
