EVERY day situations come up in which you need an International Harvester oil tractor—Mogul or Titan. An International tractor on your farm will pull your field machines, haul your products and supplies, furnish the power for thrasher, husker and shredder, feed grinder, or serve you in other duties.

Simple mechanism, protection of parts, ease and convenience of operation, economy of fuel, complete equipment—make International tractors last and satisfy you longest. Study their records, ask their owners about them, and write us for catalogues. IHC tractor sizes range from 6-12 to 30-60 H. P. operating on kerosene and gasoline.

A line from you will bring you catalogues, facts and figures, and we will also tell you where the tractors may be seen. Address the

 Lexington Items
 Good weather these days for the maturing of crops.
 W. G. Scott made a business trip to Portland, returning Tuesday.
 R. W. Sulder went to Portland last Thursday, returning Monday evening.
 Joseph Eskelson took out a brand new header to his ranch last Thursday.
 Three new headers and some new wagons went out to the country Monday.
 Rev. Crutchfield of Milton occupied the pulpit Sunday night at the Methodist church.
 C. E. Davis, agent of Eilers piano house, also a piano tuner, was in Lexington a few days.
 W. F. Barnett has his heading and threshing outfit all ready to commence in a day or so.
 Mr. Silas Beach who has been visiting friends in Lexington, returned to his home at Sellwood, Ore.
 W. B. Finley was in town for his harvest supplies, taking out his sacks as his combine starts this week.
 Miss Ramona Bissell, a teacher for the past year in our public schools, departed for Bend to visit friends residing there.
 The Farmers' Union picnic was a success. The day was cooler than was expected, yet all agreed it was a day well spent.
 Albert Willis and two sons came up from Newberg to harvest. Albert used to live in this vicinity before moving to the Valley.
 E. A. Pointer attended the state encampment of the G. A. R. at Tillamook the past week after a visit of several days in Portland.
 Rev. Jesse B. White and wife from Drain, Ore., came in Sunday evening to be at the bedside of their daughter, Mrs. Harry McCormick.
 Clyde Gentry came in Thursday to work in harvest. Clyde has been working in the railroad shops at Umatilla during the winter.
 A carload of Ford autos arrived Sunday. O. S. Hodsdon and Claude White have each purchased one of these new means of locomotion.
 This week finds many headers starting up and several are short handed. Men coming into town every day hunting work very quickly find jobs.
 Joe Osborn returned to Lexington last Wednesday after spending the winter in east Tennessee. Joe will take charge of his farm which is 3 miles from town.
 School District No. 12 held its annual meeting on Monday, June 15. Miss Dona Barnett was chosen director for three years and W. P. McMillan was elected clerk.
 Miss Winnie Smith arrived home Thursday evening. Miss Smith recently graduated from the state normal school at Monmouth, where she has attended the past two years.
 Gene Gentry has moved his household effects to Marsh White's house in the lower part of town. He sold his house to J. B. Coxen, the barber. Gene intends to farm his ranch near town.

 There was shipped from this station by T. S. Townsend Creamery Co., during the month of May, 10,657 pounds of cream. The amount paid to the patrons for this was \$867.32. Many are adding to their herds and preparing for the fall delivery of cream. Receipts will be light during the summer months until about October 1st, when they will increase at a rapid rate.
 Married—Miss Anna Tompkins and Joseph Marshal, in Portland, Oregon, June 15, 1914. Miss Tompkins is from Corvallis, but has been in this vicinity for about three years, coming here with W. H. Gould who purchased a farm 7 miles north and east of Lexington. Mr. Marshal has been in this county for twelve years. He took up a homestead over in the Strawberry Flat country, improved it by strict attention to farming and has built up a home for the future. These young people start out with the best wishes of the people of the community among whom they will make their home.

DON'T RAISE WEEDS!

USE A JONES WEEDER
 Built in Morrow County

(Patented Dec. 16, 1913)

There has been a great need for a machine to cultivate summerfallow that would do it thoroughly with the least possible loss of moisture and "do it quick."

We claim the Jones Weeder will do all of this and more. It can be used in as many sections as wanted, like a harrow. Four sections cut 18 feet 8 inches and pull no heavier than four sections of steel harrow.

The blades having a slope of 60° it will not choke under normal conditions.

I am now putting up 100 sections. Parties wanting this machine should send in their orders at once.
