STATE NEWS ITEMS OF GENERAL INTEREST

Portland, Ore., June 23 (Special)

A new organization, The Oregon Industrial League, has recently been formed at Portland, the object of which is to conduct an educational campaign for the extension of the use of Oregon-made goods of all kinds, for the encouragement of all lines of industry in this state and for the moral and financial backing of all Oregon institutions. L. Samuel, for many years prominent as a leader in the movement for the support of Oregon industries, has been elected president of the organization.

The campaign will be carried on through publications in the state, and the league may in time establish an official publication of its own. Meetings of all kinds, where the league can properly send its speakers will be covered and all large conventions in the state will be attended by its delegates. Twenty one leading civic and commercial organizations of the city and state sent delegates to assist in the establishment of the new league and it is to bring to its assistance practically every organization of importance in the state.

A prominent feature of the Panama-Pacific Exposition will be an extensive Oregon out-of-doors life display to cost approximately \$10,000. An area of 60 x 350 feet between the Oregon building and the bay shore has been secured by the Oregon Commission and contracts have been let for the initial work. This feature will be unique at the Exposition, nothing of the sort being attempted by any other state. One of the most interesting features will be a miniature reproduction of 200 miles of the Columbia river, showing fisheries, night signals, rapids and waterfalls. This realistic bit of scenery will extend approximately 60 feet. In addition, it is announced that a reservation of 7,000 square feet has been made for Oregon in the palace of horticulture, agriculture and food products.

Wm. Tallman, of Baker, president of the Cattle and Horse Breeders' Association of Oregon, has advised O. M. Plummer, manager of the Pacific Northwest Livestock Association, that an important meeting of his society will be held in Portland during the livestock show at the Union Stockyards next Fall. Stock raisers from all over the Northwest will be expected to attend this convention.

One of the prominent features of the Salem Cherry Fair, to be held June 25-26-27, will be an electric parade the last night of the show. There will probably be ten floats in line, all gorgeously decorated and illuminated. Another interesting feature will be a street dance led by King Bing and Queen Ann and which will be participated in by the Cherrians and Royal Rosarians of Portland.

The Secretary of the Interior has designated a tract of 284,000 acres of land in Oregon for entry under the enlarged homestead law. Most of these lands lie in the Deschutes and John Day river basins.

The first freight vessel to be towed through the Panama Canal was the Grace liner Santa Clara, carrying a cargo of Pacific Coast products, 90 percent of which was loaded at Portland, nearly all of which will be discharged at New York. The vessel is comparatively new, this being her third trip to the Pacific coast.

Heppner Boy Wins Races.

There was an interesting and exciting program of races on Saturday afternoon at the Farmers' Union Picnic at Lexington. These consisted of races for boys under 8 years, boys under 12 years, boys under 14 years, boys under eighteen years, similar races for girls of the same ages, fat man race, men's free for all, married women's race, and the championship race, all of which were warmly contested and created no small amount of amusement. Of the list of races run, Charley Wattenburger of Heppner was the winner in three, winning in the race for boys under 18, in the men's race and in the championship race, and carrying off a neat prize in each event. The race program was prepared by a committee of Lexington people and the prizes were all furnished by the business men of that city.

Automatic Picture of Robbers.

Automatic photography of safe-robbers at work is declared to have been perfected by a German inventor. The invention is based upon the oscillations of quicksilver, by means of which an electrical contact is made. The slightest concussion of tampering with the safe or wires will prove sufficient to complete the circuit, and put the hidden camera in operation. At the same time the device sets off a flood of light for the picture taking and sets the burglar alarms ringing. The robber, when caught, will be confronted with a snap-shot of his own taking to establish his identity.

The longest tunnel on this side of the Atlantic has been started by the Canadian Pacific railway at Mt. McDonald, Canada. It will be a little over five miles long, with a 1700-foot approach on the west side and a 2600 foot approach on the east side.

Pendleton will not celebrate the 4th this year, but will give way to several of the smaller Umatilla towns that are making big preparations. The Pendletonians will confine their efforts to making a success of the chautauque which will be held there on the 4-10 of July.

Fire in the town of Greenhorn, in Baker county, destroyed between \$10,000 and \$12,000 worth of property last week. The fire originated in the residence of E. P. Stevenson.

SMILE!
Poor Father.
"Say, pa, what was the longest day in Adam's life?"
"I am sure I don't know."
"But, pa, you are a minister."
"I can't answer any such—"
"I can. It was the day on which there was no Eve."—Pennsylvania Grit.

Wouldn't Matter, Anyway.
At the first meal on board the ocean liner Smythe was beginning to feel like casting his bread upon the waters. His friends had told him that when he began to feel that way he should stuff himself. He tackled a cutlet first, but it didn't taste right. He observed to the waiter: "Waiter, this cutlet isn't very good."
The waiter looked at his whitening face, then replied: "Yes, sir; but for the length of time you'll 'ave hit, sir, hit won't matter, sir."—Lippincott's.

Gaso-Limericks.
There was a young maiden named Cloquet
Who drove about in a fine coupe;
The boys in the town
Got only a frown
From the maiden so chic and recherche.

A gilded youth came from Racine,
Buzzing round in a big limousine;
Though he was quite fast
She had him outclassed.
And he left in a flying machine.
—Spokesman Review.
