INTERNATIONAL Harvester oil tractors rank first as machines for all-around farm use. Enumerate a dozen of your farm operations and you will find these tractors—Mogul or Titan—can be used with profit in all. They furnish reliable power for all belt machines and for disking, plowing and other drawbar work. Features which make IHC tractors valuable are the truck design, the large main shaft and its long bearings, the power starting system, the dust proof engine—features of proved value which you find on all IHC tractors. IHC tractors, Mogul or Titan, are simple, strong, and easily operated. They are built in all sizes, 6-12 to 30-60-H. P., and in styles to meet the needs of every good sized farm. The IHC line also includes various styles of general purpose engines from 1 to 50-H. P., operating on high and low grade fuel oils. Write us for catalogues and other information about tractors and engines.

STATE NEWS ITEMS OF GENERAL INTEREST

Portland, Ore., July 7. (Special)—It has been definitely decided that the commercial and development organizations of Oregon will hold a big Industrial and Land Products Show in Portland from October 26 to November 14, and the Armory, together with one or more temporary structures, has been selected as the site. Mr. Louis W. Buckley, formerly of the Alaska, Yukon Pacific Exposition, has been selected to manage the big show. About 80,000 square feet of space will be utilized and this will be equally divided between soil products and products of the workshop. About 12,000 square feet will be used to show municipal and educational work. It is expected that the best showing of apples and other fruits ever made in Oregon will be found at this show. The transportation companies have taken an active interest in it and practical co-operation will be rendered by the Portland Commercial Club, Portland Chamber of Commerce, The Portland Ad Club, the Retailer's Association, the Rotary Club and by the press of Portland and the state at large.
The premium list for this land show, which will be issued in about ten days, will provide for about \$20,000 in cash and special prizes. In addition to the premiums, specially engraved diplomas will be given. It is expected that the states of Utah, Idaho and Washington will send land product exhibits and otherwise participate in this great exposition. County and district exhibits are particularly desired by the management, also a complete showing of the various phases of the lumber industry of the Northwest. The managers have opened general offices at 408 Commercial Club Building.

According to the opinion of an expert, the grain crop of Wasco county will be much greater than that of a year ago. The acreage is larger than last year and, in addition, its present outlook is for a larger yield per acre. He estimates the wheat crop of the county at \$25,000 bushels, barley, 275,000 bushels and oats, 600,000 bushels. The wheat crop last year was approximately 600,000 bushels.
As an indication of the promised good times in Umatilla county, it is stated that the farmers in that part of the state are spending about \$50,000 for new farm machinery this year. Within the last two weeks at least a dozen modern harvesters have been installed and the next few days will see several more put into active service in harvesting the bumper grain crop.
"The best schools that money can buy" is the motto adopted by the school authorities of Bandon in their efforts to make their schools the best of any in Southwestern Oregon. The total cost of new school buildings and extensions will be between 25 and \$30,000.
Up to and including June 28 the Apple Growers' Association of Hood River had shipped 90 carloads of strawberries, or about six carloads less than were shipped last year. The shipment of cherries will aggregate about nine cars, or 75 per cent of last year's shipment.
