Gentlemen:

I received the medicine all O. K. and it has certainly done the work. Have been using it three days and can not smoke at all. Please tell me if it can be obtained in other cities.

And oblige, yours truly,

H. O. WILKINSON.

Gentlemen:

Enclosed find check for One Dollar (\$1.00) for which please send me two more bottles of your Cigarette Remedy.

I have used the preparation with excellent success and wish to give some to friends that they may be helped as I was. Very truly yours,

R. J. PROWELL.

The habit is hard to break and no matter how much your boy would like to quit he cannot without some outside assistance

Are you willing to help him? If so now is the time. Argenite is the scientific preparation of Silver Nitrite in combination with antiseptic and soothing ingredients.

Harmless but Absolutely Effective

Argenite is the nearest **positive** cure of the tobacco habit known, not only for cigarette smoking but for cigar and pipe smoking as well.

YOUNG MAN

Why Smoke and Spit Your Life and Brains Away?

More boys and young men are made weak and inactive, slow and sluggish by cigarette smoking than by all the other vices combined. The boy's vitality is sapped, his moral courage weakened and his health impaired by their use.

Dear Sir:

You asked me to let you know how the Cigarette Remedy worked. Well, it worked all right. After taking the first dose I tried to smoke a cigarette, but couldn't finish it. I have now used all of the bottle and have not smoked for two weeks. You may use this letter if you think it will do any good.

Yours for the good work,

RUFUS W. BROWN.
