THERE is work on your farm for an International Harvester tractor every week in the year. It will pull your plows, disks, drills, harrows, binders, haul your products and supplies, do road work, run your thresher, ensilage cutter, husker and shredder, concrete mixer, well drill, etc. For best tractor service use an IHC oil tractor—Mogul or Titan. They are built to meet field difficulties. Their mechanism is simple. Moving parts are carefully protected. There is no unnecessary weight. They satisfy buyers. IHC oil tractors—Mogul and Titan, are built in sizes for all farms, from 6-12 to 30-60 H. P., to operate on kerosene and gasoline. Write for catalogues and other information on International tractors and oil engines and we will tell you where to see the machines.

E. C. Metcalf returned Saturday after being away for several days.

W. E. Lench and family are at Rockaway beach for a few weeks' outing.

L. E. Fridley who has been on the sick list was able to be in town Saturday.

R. B. Rice was in town Monday. He reports heading all done in his neighborhood.

Bert Ward moved his family the first of the week to the old Doherty house on Main street.

W. T. Campbell's machine made a record on one day last week, threshing 1240 sacks of wheat in one day.

W. B. Finley was in Lexington Saturday after more sacks. He reports the weather rather warm in the Bannan Belt.

Al Zink and family were Lexington visitors Saturday and Sunday. Mr. Zink will start a threshing machine in this vicinity.

Johnny and Gus McMillan made a flying trip to Portland and Rockaway beach. They arrived home Sunday evening.

A large show tent was set up on one of the streets last Monday, and will provide entertainment for the public this week.

Miss Edna Carmichael arrived home Sunday evening from Monmouth where she has been attending the State Normal School for the past year.

A new Case threshing machine was unloaded at the depot Saturday. It was taken to J. C. Campbell's farm to start threshing. French Bros, Brown and Campbell will operate it.

A few days last week several farmers sold their crops for a good market price, which reached 80 cts. Some others did not get quite so much. The European War scare certainly reached Lexington for once.

Few Drunks Recorded.

There have been few arrests in Salem during the past two months for drunkenness, the records in the police court showing that only seven have been up for this offense in the last 60 days. Salem is certainly on the water wagon with a vengeance if this record is any criterion. But maybe some cases have been overlooked.—Salem Messenger.

Good Roads Movement Still Gaining in Oregon, Much Being Done.

Portland, Ore., Aug. 4. (Special)

Delegates from Oregon, Washington and California held a Tri-State Good Roads convention at Medford last week for the purpose of outlining plans for future improvement on the highways of their respective states. The good roads campaign will be under the direct charge of the following officers: President, J. H. Baxter, of San Francisco; Treasurer, Judge W. S. Worden of Klamath Falls; Directors, J. H. Albert, Salem, Capt. Walter Coggeshall, Eureka, Cal., and Godfrey Winslow, of Tacoma, Wash. These officials will hold a meeting some time during the present month for the purpose of appointing permanent committees and outlining work for the coming year.

The first stretch of hard surfaced road in Oregon constructed under the county bonding act was opened to rubber tired traffic on the 27th, at which time the delegates were taken over the highway and shown what Jackson county has done to make Southern Oregon a good road paradise.

Incorporation articles for the Sutherlin, Coos Bay & Eastern Railway have been filed with the Corporation Commissioner at Salem within the past few days. According to the papers the incorporators expect to construct a line eastward to Boise, Idaho, and westward to Coos Bay. Twenty-seven miles of the line, toward Coos Bay, have been surveyed, the survey penetrating a splendid body of timber. Sutherlin people anticipate the early construction of two sawmills and a box factory, these industries to receive their supplies of material over the new road.

It is announced by the State Treasurer that interest on the State school funds will be divided among all the counties of the state on the basis of their respective school enrollments. The total amount to be divided will be \$373,490.95, of which amount Multnomah county will receive the largest single slice, \$91,883.95. The school population of the state is 201,887, an increase of 4,777 over last year. The apportionment of the fund per pupil will be \$1.85, as against \$1.83 last year.

A contract will soon be let for the construction of the Columbia Highway in Columbia county from Tide creek to the Multnomah county line with the exception of a stretch from Columbia City through St. Helens to Warren. It is probable that a new route will be laid out for this section between the railroad and the river before construction is commenced.

The Central Oregon highway through Lake county is to be marked by a set of heavy steel signs with the lettering cut into the metal in such a manner as to make it conspicuous under auto headlights at night. Wooden guide posts will also be provided for the less important roads and crossings throughout the county.

Bids will be asked for within a few days for the construction of the Columbia Highway in Hood River county for which a bond issue of \$75,000 was recently voted.

It is estimated that by the expenditure of \$10,000 the Crook county end of the McKenzie pass can be put in good condition.
