La Grande Elks have awarded contract for a \$25,000 Elk's lodge.

Burns has voted a \$100,000 bond issue to improve sewer and water system.

The Sunnyp-Mont Ranch Co. is developing 2676 acres of land near Monroe.

North Pacific Fruit Growers Assn. shipped 1333 cars of fruit from Oregon this season.

Jones & Lewis are installing a new monument plant near the I. O. O. F. cemetery at Salem.

Dr. D. E. Biggs has ordered plans for a two-story concrete building 73 x 100 feet at Bandon.

The C. A. Smith pulp mill at Marshfield are to start grinding soon for the Japan paper mills.

The Bandon Recorder is authority for saying that the Willamette Pacific will reach Bandon next year.

On the \$1500 exemption Withycombe and Gill are opposed, U'Ren favors and Smith is noncommittal.

The eight hour minimum wage law is held responsible for shutting up the Hood River cannery after a short run.

Astoria is to have the largest wireless telegraph station on the Pacific Coast, on the south side of Young's Bay.

Work has begun on the foundations of the Eugene armory. Contract for the building will be let in two weeks.

The Klees Electric Co. of Summerville is extending its light and power system into the Grande Ronde Valley.

It is announced that eight canneries will operate on the lower Columbia. Most of the cold storage plants will also operate.

If the proposed eight hour law should pass it would mean a sweeping reduction in the daily wage of most classes of labor.

Thos. F. Barlee in four months time took \$700 from a ledge he worked near the head waters of the Sixes river in Curry county.

By co-operation of the Sheriff's office and extra police the threats of interference in the hop yards by I. W. W.'s did not materialize.

Petitions to the taxpayers of Malheur county are being circulated for purpose of voting a \$30,000 bond issue for a bridge to cross the Snake river.

The Eugene Guard says that the \$1500 tax exemption if it is passed will add .5 to 50 per cent to the tax upon land and tend to keep people away from the farms.

Every unnecessary initiative law enacted by the people that interferes with industries lessens chances of employment and keeps capital out of Oregon.—The Manufacturer.

The Portland city council has authorized the purchase of 32 acres for \$8000 near Troutdale for a detention home for women. \$7000 in addition will be spent in buildings and improvements.

The Booth-Kelly Lumber Co., of Eugene, has been granted permission by the government to build a logging railroad over a quarter section of Oregon and California Land Grant in Lane county.

The town of Alvadore on the P. E. & E. Ry. has a new church, a cannery and other buildings under construction and just voted a three mill tax to construct the finest rural school house in Lane county.

Lawyers assert that the proposed eight-hour law, if passed, would be held unconstitutional on the grounds that it conflicts with federal regulations in railroad requirements and the severity of the penalties provided.

The Washington News Bureau of the Oregonian states that railroads of the country are now turning deficits into net profits after the somewhat favorable suggestions of the Interstate Commerce Commission but inasmuch as this is being done at the expense of service and equipment it is doubtful whether other methods will not be more welcome. Probably one of the results will eventually be the cessation of hostile legislation.

**DO YOU HAVE INDIGESTION?**  
Indigestion causes more disease, it shortens more lives, than everything else of which we know. Indigestion not only rapidly wears out the stomach and intestine, but it undermines the health and opens the way for serious diseases. Two persons out of every three have indigestion, either easily recognized stomach indigestion or the commonest form, intestinal indigestion with gas in the bowels and often constipation.

You can cure yourself of indigestion with the foods which you usually have on your table simply by cooking them differently, by taking care as to what foods you eat together and by eating more of some foods and less of others. For information by Dr. Daniels as to just how to go about this, send ten cents, stamps or coin, to The Hygienist Magazine, Majestic Bldg., Denver, Colo.

**NOT LIKE OTHER GIRLS.**  
The mermaid is a funny girl. Now, this we know is true: She's never heard to ask a man To please tie up her shoe. —Yonkers Statesman.

Although she's truly in the swim, The mermaid never flirts. She has no pecky corns to trim And no divided skirts. —Youngtown Telegram.

And when the mermaid's dressing she Is never so incased In steel that she must ask some one To button up her waist. —Johnstown Democrat.

Another of the mermaid's traits— She never frets or blubbers When it has rained and things are damp Because she's lost her rubbers. —New York Globe.

Oh, who would not a mermaid be? She never moans or wails, For even though she takes on flesh She's not afraid of scales. —Washington Post.

And when you bid her to the show She doesn't make you wait For hours and hours that she may know For sure her hat's on straight. —Nashville Tennessean.

**PRACTICAL HEALTH HINT.**  
Delirium.  
The cause that underlies a case of delirium must first be found, in accordance with the treatment will vary in accordance with it. Few of us are called on to deal with delirium tremens or with the delirium of starvation or with that terrible form known as acute delirious mania, which generally ends in death. But the delirium that accompanies typhoid fever, pneumonia or the acute infectious fevers of childhood is of common occurrence, and it is well to know that much can be done to prevent it or to bring relief after it has gone and until a doctor can be secured. Sedative treatment, such as a warm bath with cold applications to the head, will often ward off an attack, but when there is great prostration of strength stimulation is usually necessary. Delirium is always exhausting. See that the patient's strength is kept up as far as possible and never leave a delirious patient alone, even for a minute. There are too many cases of sick people falling from open windows.

**Fun For Round-Up Visitors.**  
Pendleton, Ore., Sept. 15—In order to give visitors to the Round-Up a full and complete day of entertainment, Pendleton will this year not only offer three afternoons of thrilling frontier pastimes but will also give four nights of fun such as ran rampant in the "days of 49." Under the lead of the Pendleton Commercial Club, a replica of an early-day town has been built in the old fair pavilion and there each night the visitor will find the pleasures that the cowboy found when he rode into town from the range.  
All of the institutions that flourished 50 years ago will be represented. There will be the Red Chance, Last Chance and the First Dog saloons, the Stager Inn, the Loy Sing To Laundry, the post office, the smithy, the gambling houses and the dance halls. Only simulated currency in denominations of 10 buck notes will be accepted in payment for any-

thing or used at the game tables. The bank will furnish bales of this fake money at the rate of a cent a buck. Seats for 3000 spectators have been installed and the street will afford standing room for thousands more. Prior to the opening of the festivities of the town, a program of frontier eatures will be presented in the street for an hour.
