Memoirs of Napoleon

In Three Volumes

This man caused the last general European war.

His personal memoirs, written by his secretary, Baron De Meneval, are full of the most absorbing incidents, especially in view of the present great European struggle.

Just a hundred years ago, his ambitions bathed the Continent in a sea of blood. France alone, under his leadership, fought Germany, Russia, Austria, Italy, and Great Britain—*and now.*

Get these Memoirs Free

By special arrangement with the publishers of COLLIER'S, The National Weekly, we are enabled to offer a limited number of these three-volume sets of the Memoirs of Napoleon free with a year's subscription to Collier's and this paper. The offer is strictly limited—to get advantage of it you must act promptly.

Sherlock Holmes Stories Exclusively in Collier's

All the Sherlock Holmes stories published in 1915 will be printed exclusively in Collier's.

The "Last-minute" pictures of the European War will appear every week in the photographic section of Collier's.

The finest fiction written will appear each week in short story and serial form.

Mark Sullivan's timely Editorials and widely quoted Comments on Congress will continue to be an exclusive feature.

Special Offer to our Readers

Your own home paper and COLLIER'S, The National Weekly, together with the three volumes of Napoleon's Memoirs—all of these you get for the price of Collier's alone, plus 50¢ to cover the cost of packing and shipping the Memoirs.

Send your order to this office now. If you are already a subscriber, your subscription will be extended for one year from its present date of expiration.

COLLIER'S $2.50

Gazette-Times - $1.50

Special combination price, including the three-volume $3.00 Memoirs, postpaid

NEW HILL STEAMERS WILL SOON ARRIVE

The Great Northern, the first of the Hill ocean greyhounds to be completed will be ready to take her trial spin by the latter part of next month, and she will be ready for her trip from Philadelphia to Astoria via the Panama canal not later than January 25.

This was the word brought from Philadelphia by L. C. Gilman, President of the Hill lines in Oregon and chief executive of the Great Northern Pacific Steamship Company, which will operate the palatial passenger steamers between the Columbia River and California. This is the first time Mr. Gilman has had a chance to inspect these twin leviathans which are being built at a cost of $5,000,000 at the Cramp shipbuilding yards.

"The Great Northern is structurally complete right now" said Mr. Gilman. "All she needs is her furnishings, fixtures and interior decorations installed. While her sister ship, the Northern Pacific, was launched only a short time ago, she was much further along structurally when she took her maiden dip than was the Great Northern, and the Cramp people definitely assured me that the Northern Pacific will not be more than six weeks behind the Great Northern, so that she ought to be ready to start for the Coast by March 1.

"Calvin Stone, the new traffic manager of the operating company, is now in New York and Philadelphia arranging for obtaining a full cargo of freight and a big passenger list for the steamers on their trips thru the Canal to the Coast, and he will not have any trouble in getting the business from all present indications."

SCHOOL NOTES.

By Supt. S. E. Notson.

The Hardman school is making good progress under the direction of Misses Winnifred Osten, Margaret Osten and Etta Adams. A number of improvements have been made about the building. The floors have been well oiled, a new bookcase has been provided and a patent heating and ventilating plant has been purchased for one room. If the heating and ventilating plant proves a success, it is likely that the other rooms will also be equipped with similar plants. The teachers and pupils are anxious to make each room a standard school, and it is not likely that they will fail, for the people seem to be ready to co-operate.

Mrs. Margaret Cramer teaches the school in District No. 19. This is a small school. The pupils are a very enthusiastic crowd. They are making an effort to buy a flag, and they will succeed. The floor has been oiled. The windows are provided with good shades. A new dictionary will be purchased soon.

Districts which have not made any tax levy and expect to make one, should hold a meeting for that purpose in time to have the notice of levy sent in before December 1.

Under an arrangement made by the State Superintendent and the State Board of Health, each country school is entitled to elect from among the pupils a deputy health officer. As soon as this is done, the teacher should notify the county superintendent, and the official badge and manual of instructions will be sent to the officer. It is the hope of the State Superintendent and the Board of Health that this will result in keeping the sanitary conditions of the schools more nearly up to standard.

THE GREATEST ARRAY OF SOIL PRODUCTS

Portland, Nov. 11, (Special).—Portland's greatest exposition, the Manufacturers' & Land Products show, has brought under one roof in Oregon's metropolis the greatest array of products of the soil ever assembled in the United States besides magnificent displays by the leading manufacturers.

Thousands of people from all over the Northwest have viewed the exhibits and pronounced the exposition the most successful ever held west of Chicago. The display of fruits, grains, grasses and vegetables has never been equaled at any exposition of the kind in recent years. During the last two weeks many cities and towns of the state have had special days at the fair, including the Willamette Valley country, Tilamook county, Clackamas county, Woodburn, Forest Grove and other places.

The exposition will not close its doors until November 14. The working exhibits are of the highest character and testify to the large number of articles manufactured in Oregon with the "Made in Oregon" label going to all parts of the United States and foreign lands.

Besides the manufacturers' exhibits and the fine display of fruits, grains, grasses and vegetables, the hourly programs and special features have proven a great drawing card and there is something doing at the exposition afternoon and evening. Twice during the closing week many valuable exhibits will be distributed by the exhibitors. On Friday November 13, a Chinese baby show will be one of the unique features and musical attractions of a high class order are daily attractions at the show.

The last week will bring to the exposition The Dalles, Hood River and other special days. The exposition is well worth a visit and railroad rates are an extra inducement for all to see the big exposition.

Enjoyable Dancing Party.

A very enjoyable and successful dancing party was given by the ladies, members of Maple Circle W. O. W., at the dancing pavilion at the Fair Grounds on Friday evening last. Music for the occasion was furnished by an orchestra of four pieces from Portland and there was a goodly number of the lovers of the terpsichore present. The dance had been planned with a view to raising some funds for the use of the lodge, and the management were well pleased with the outcome in this respect and contemplate giving other entertainments of this nature in the future. The event was pronounced very enjoyable by those attending.

County Court Finishes Work.

The Morrow County Court concluded its business the end of last week. The resignation of M. A. Bates as justice of the peace for the 1st district was read and accepted. G. A. Bleakman was appointed to fill the vacancy. The report of W. W. Smead, as county sealer of weights and measures was read and accepted. The report of W. W. Smead as secretary of the Morrow County fair board, was read and accepted.

S. E. Van Vactor was appointed to act as deputy district attorney during the November, 1914, term of Circuit court and the court will allow him $250 for his services.

The final results show that the state of Washington has gone dry by over 14,000 votes.
