COMMUNICATION.

Mr. Editor:
I would like space in your paper to give the facts of the matter referred to in the Gazette-Times, Nov. 26, relative to the complaint filed with the Railroad Commission of Oregon, by the transportation committee of the Heppner Commercial Club, and the motion of Mr. Smead to have same dismissed.

The Heppner Commercial Club at their meeting last Friday evening, instructed Mr. S. E. Notson to write to the Railroad Commission of Oregon as follows:

Heppner, Oregon, Dec. 1, 1914.
To the Railroad Commission of Oregon.

Gentlemen:
At a meeting of the Heppner Commercial Club, held Nov. 27, a resolution was adopted ratifying the action of the committee on transportation in filing a complaint with you against the Oregon-Washington Railroad & Navigation Company in regard to passenger service on the Heppner branch of the O-W. R. & N. line, and authorizing me to ask that the motion by W. W. Smead, President of the Heppner Commercial Club, for dismissal of said complaint, be withdrawn, in order that the hearing may proceed.

Respectfully,

Acting Secretary.

This straightens out the tangle which Mr. Smead put the matter in by filing a motion to have the complaint dismissed without consulting anyone as to the wishes of the Heppner Commercial Club, and without as much as consulting the committee who had worked so faithfully in conjunction with the Heppner Commercial Association and the Arlington Commercial Club to bring this matter before the Railroad Commission and secure a hearing relative to our petition with over four hundred names asking for another train on this branch road.

The difficulty began with the O-W. R. & N. Co. refusing to reply to the petition which the committee sent them by registered mail on July 29, 1914. They have chosen to ignore the committee appointed by the Heppner Commercial Club to have charge of this matter and preferred to deal with Mr. Smead, having reasons best known by the Company and Mr. Smead. In answer to a letter written to Mr. Smead, by the O-W. R. & N. Co. on August 24, and published in the Gazette-Times, as chairman of the committee I replied that this matter would be carried before the Railroad Commission and hoped and believed that they would be compelled to comply with our requests. This committee has gone forward in this matter as instructed by the Commercial Club, and we believe that we can show the Railroad Commission that the O-W. R. & N. Co. can put on a motor car in addition to the train now being run and yet have net earnings on the Heppner branch to equal or exceed any similar road in Oregon.

The revenue from passenger traffic alone which is 55 1/2 cents per train mile practically pays for the operation of the train as being run and in addition to this has express, mail and freight remunerations. Morrow county is entitled to better train accommodations and I believe we will get the same.

J. PERRY CONDER,
Chairman of the Committee.

SCHOOL NOTES.

By Supl. S. E. Notson.

The Irrigation school is making splendid progress under the direction of Prof. A. W. McCann and Miss Margaret Vince. A new heating and ventilating plant has been installed in the primary room, and if it proves satisfactory, another will be purchased soon for the other room. A fountain attachment to the large water jar insures sanitary conditions as to the water supply. Paper towels are provided for the pupils. An excellent equipment for manual training has been provided, and the pupils are enthusiastic over the work. The pupils in the primary room are doing some good work in sewing and basket work.

At Castle Rock, Prof. J. A. Gibbons is again at the helm. This school also has a patent heating and ventilating plant. The floor has been oiled, and a supply of sweeping compound is provided. Paper towels are furnished for the pupils. A number of improvements are contemplated. The pupils are making good use of one feature of play apparatus—a croquet set. They are planning the construction of some other play apparatus.

In District No. 39, Miss Lillian Troedson is the teacher. A new water fountain has been installed recently. The floor has been oiled. This school also has a new set of maps and a fine new globe.

In District No. 8, two teachers are now employed. Miss Esther Cox began the school, but the desire of some of the older pupils to take up the ninth grade work made it necessary to employ another teacher. Miss Erma Davenport was secured for the advanced work. The new building and the premises are being put into the very best condition.

Miss Anne C. Troedson teaches in District No. 16. The work of the term is starting off nicely. The school was rather late in opening, owing to the fact that Miss Troedson was in Europe when the war broke out and was not able to return as soon as she expected. Her pupils are

enjoying some first hand information in regard to conditions on the other side of the Atlantic.
