PORTLAND NEWS LETTER

Portland, Ore., Feb. 23. (Special.)—Dates and plans are well under way for the tremendous celebration, extending over the entire week, on the completion of the Clifton Canal and the opening of that splendid project for the extension of river traffic. President Wilson has been invited to attend, also Admiral Dewey. Congress has passed an act authorizing the attendance of three senators and nine representatives at the beginning of the festivities, May 5th.

Subject to possible change, the program has been outlined as follows:

May 3, at Lewiston, Idaho.
Forenoon, May 4, at Pasco and
Bainbridge; afternoon at Walla
Walla. Evening at Umatilla in co-
operation with Pendleton.

May 5, high noon, formal dedica-
tion of the canal. Afternoon and
evening at The Dalles.

May 6, forenoon, at Vancouver; af-
ternoon and evening, at Portland.

May 7, forenoon, at Kalama, as-
sisted by Rainier and other cities.
Afternoon and evening, at Astoria.
During this evening and all of the
5th the sixth annual convention of
the Columbia and Snake River Wa-
terways Association will be held.

A part of the preliminary plan is
to have the people at Astoria and
other lower river points, charter a
steamer for the entire roundtrip,
proceed up the river clear to Lew-
iston, picking up participants in the
celebration at all river points. It is
believed that a very attractive rate
can be secured.

Commencing March 1, seven tons
of acclimated seed corn will be dis-
tributed among farmers in the terri-
tory served by the O-W. R. & N.
railroad by C. L. Smith, the com-
pany's farmer. It is the intention to
see that each farmer receives enough
seed to plant at least two acres,
which will enable him to prove to his
own satisfaction that it can be made
a success. The high price of wheat
making impossible the use of that
grain for stock feed, a greater acre-
age of corn will be planted next
spring than ever before and special
efforts will be made to preserve the
fodder to take the place of hay in
feeding cattle.

A trail from the Columbia to the
summit of Larch Mountain is to be
built by the co-operation of the Port-
land Ad. Club, the Progressive Busi-
ness Men's Club, the Mazamas and
other civic organizations. It will
not be available for automobiles, but
will make it easy to climb the moun-
tain on foot or horseback.

It is stated that in the Willamette
Valley many farmers are plowing up
clover fields, and even clearing up
brush lands, for the purpose of in-
creasing their wheat acreage, indicat-
ing that the coming season will see
the biggest grain crop ever harvested
in Western Oregon.

Governor Withycombe has issued a
proclamation setting aside Friday,
March 12, as "Canned Salmon Day",
and urging the people of the state
to use as much as possible of that
food on that day.
