MORROW COUNTY OFFICIAL PAPER

Thursday, April 8, 1915.

WHY NOT AN AUTO CLUB?

Why not an auto club for Morrow county? The good roads movement is growing stronger every day and some of the best boosters for good roads are the auto owners. Over in our sister county, Umatilla, plans are under way for the forming of such an organization. Its object will be to advocate and work for better highways and to cooperate in meeting the various problems that present themselves to owners of motor cars. The movement is a logical one, for who can see the benefits from good roads more than the autoists. Who enjoys them more? The organization of a well formed auto club in Morrow county would be a great help in the good roads movement. Why can't we have such a club? Let us hear from the automobile owners.

On to Lexington Saturday.

TO BE PREPARED.

All people save those who seem to want to be blind, can see how much the United States needs a merchant marine. Another fact which the great war across the sea emphasizes, is that a country like ours should be able to produce every needed thing for both war and peace. It should have gun and ammunition works sufficient to meet any emergency. It should have inland depots with railroad connections so that it could dispatch help to any needed point covering a thousand miles of coast, as for instance a point like Fort Douglas, from which a force or supplies could be forwarded direct to Seattle, Portland, San Francisco or San Diego direct. It should have shipyards, to turn out submarines, located for inland, in such places as Albany, N. Y., or Memphis, Tenn. It should have inland manufactures for aeroplanes and other aircraft. It should have stud stables at different inland points to insure any needed supply of cavalry and artillery horses and ambulance and team mules.

The nation, too, should be just as well supplied to produce all that is needed in time of peace.
We raise wheat and corn and cotton to sell abroad. We should make all the sugar needed; all the leather needed. We should have great chemical plants and offer rewards for every new and important discovery.

In the depots great supplies of clothing and metals should be kept on hand, and facilities to supply more rapidly, all in order. A nation and a people are not great until the people can supply every needed thing.—Goodwin's Weekly.

The editor greatly appreciates the cooperation several of our friends have shown by phoning or writing in news items to the paper. The average news gatherer is not a mind reader, neither is he so perfect in his chosen line that he is able to collect all the important news items of the week. By your cooperation he is more nearly enabled to cover the most important happenings. Give us your aid, it will always be appreciated far more than you may think.

Chas. Vaughn, of the firm of Vaughn & Sons, made a trip to Lexington Monday and returned with one of the new Bull tractors, of which they recently received a car load and delivered several at Lexington. This machine will be tried out on the wheat farms of this section. They are said to be a very practical machine for plowing.

Grover Swaggart came in from the ranch north of Heppner on Wednesday with another load of coyote pelts, for which he received substantial reward at the County Clerk's office.

O. B. Barlow, of Ione, O. M. Whittington, Dan Barlow and Robert Allstott attended the meeting of the Jordan Warehouse and Storage Company in this city yesterday afternoon.

George Flint, of Lexington, was in Heppner yesterday. Mr. Flint says that he has gone in for farming, having purchased a farm northeast of Lexington last fall.

Miss Evelyn Shipley has returned to her home in this city after an extended visit with relatives at Junction City and other Willamette Valley towns.

A. W. Johnson, recently of this city, has moved with his family to Hillsboro, where he directs that the Gazette-Times be sent to him.

M. B. Haines, the Ione hotel man, was a business visitor in Heppner yesterday.

CASE FURNITURE COMPANY

IONE.

Miss Violet Davidson, of Portland, is visiting with her relatives and friends here.

Doney McMillan, of Lexington, has been visiting with her grandparents, Mr. and Mrs. R. F. Wilmot, for some time.

Born—At the home of Mr. and Mrs. Davis, on Sunday last, a girl. Mother and babe are getting along nicely.

Miss Opal Cochran was a passenger to Portland last Wednesday, where she will remain for some time.

Miss Ella Mason, of Portland, is spending a short vacation with her mother and sisters at their farm on Rhea creek.

Mrs. Anderson, of Heppner, wife of Deputy Clerk Anderson, spent several days in Ione, the guest of Mrs. J. A. Waters.

Born—At the Jordan hospital in Ione, on Wednesday, April 3rd, 1915, a son to Mr. and Mrs. Wilcox of Willow creek.

Mrs. Farnsworth, of Rhea Siding, has been visiting in Ione with her sister, Mrs. J. T. Knappenberg. She returned to her home on Tuesday.

George Ely and wife from Moran were in Ione last week and remained long enough to take in the school play.

Last Sunday the Ione boys went out in the jungles hunting a ball game which they found, resulting in a victory for the home bunch.

C. E. Shaver and wife were passengers to Spokane last week, going as far as Arlington overland with J. H. Bryson.

W. L. Barlow took in the school play here last week. Their daughter, who is attending school at Ione, taking a prominent part in the play.

Chas. Allinger, who has been out to the Henry Stender ranch putting a cement floor in Mr. Stender's garage, returned to Ione the latter part of the week.

We understand that Leonard Carlson had a speedometer put on his gas buggy while in Ione last week. No chance to break the speed limit now, Leonard.

A. L. Ayers, of Parkers Mill, was in Ione one day this week shaking hands with friends and acquaintances. (A1 must be running for office.—Ed.)

Leonard Carlson and his sister Manda were in Ione Thursday last getting some of the good eats to keep body and soul together during the busy spring season.

C. E. Carlson was in Ione about the middle of the last week, going up to Heppner to attend the good roads meet. C. E. brought in 120 dozen cackle berries and took out a bundle of groceries, also a load of cement.

We did not learn very much concerning the ball game played at Heppner last Saturday. The Ione boys did not come home crowing so we took it for granted that they met their Waterloo.

Bill Palmateer says that if Providence keeps sending us such hail storms as we had last week, that he will have to get him a pair of ear flaps as the hail comes down so fast that it is impossible for him to dodge it and every time he flops an ear a hail stone hits it carwallop.

The bunch that went to Hermiston last week returned home all O K but we do not care to state the number of fish caught as it would take up too much valuable space. We might state that Larry, the genial Irish lad, who accompanied the merry bunch, took the cup for catching the biggest fish. He landed one that tipped the rule at 18 inches.

C. E. Shaver received a brand new gasoline well drill from Spokane last Tuesday evening. The machine arrived in good shape and the boys had it off the car and on the street very shortly after the arrival of the train. It is what you would call a traction drill and we expect Shorty will be very busy ere long boring for the precious fluid we call water.

The ladies of the Christian church

gave a fine supper in the basement of the church Thursday evening last. The good cooking of these ladies is too well known to call for comment here. There were several April fool pranks played during the meal and every one had an excellent time.
Little Doc, our genial pill twister, left for parts unknown on last Wednesday's train. We think Little Doc has some attraction elsewhere but as yet we are in the dark. However, a bad penny always returns so we will look for his early arrival on the home run.

Missionary Society Meets.

The regular meeting of Woman's Missionary Society of the Christian church was held Tuesday afternoon at the spacious home of R. W. Turner. Mrs. Turner proved to be a delightful hostess, and an interesting program was rendered by Mrs. Cora Crawford's division of the society. The topic for discussion was Africa. Mrs. Anna Keithly led the meeting. Those taking part on the program were Mrs. T. E. Chidsey, Mrs. T. J. Humphreys, Mrs. E. J. Curran, Miss Virginia Crawford and Rev. T. S. Handsaker. Mrs. Handsaker gave also an interesting account of her trip among some of the Eastern Oregon churches, in the capacity of organizer for the Christian Woman's Board of Missions. She visited Hermiston, Pendleton, Milton, Athena, La Grande, Baker, Elgin and Enterprise. Her work was received enthusiastically in all these places. The membership of the local society is now 40. A campaign is now on to reach 50 by the May meeting. This will put the Heppner society at the head as the largest in Eastern Oregon and third in point of membership in the state. The meeting Tuesday, which was largely attended, was very enthusiastic and four new members were received.

Easter Sing a Success.

The Easter cantata, "Life's Morning," presented by the Sunday School children of the Christian church on Sunday evening, proved a big success, all those taking part acquitting themselves with credit. Much of the credit for the success of the cantata is due to Mrs. O. G. Crawford, who had in charge the training of the children.

About thirty friends called to surprise Mrs. T. S. Handsaker at her home Wednesday afternoon, the affair being in honor of her birthday. Mrs. R. W. Turner was present and the two ladies observed the occasion together, it also being Mrs. Turner's birthday. The afternoon was pleasantly spent in sewing and a light lunch of punch and wafers was served. Mrs. Handsaker was presented with a meat roaster as a remembrance of the day and Mrs. Turner was also presented with several tokens expressing the well wishes of her friends.

Fred Rotzin and wife, who spent the winter at the home of Mr. and Mrs. Henry Schwarz in this city, have departed for Cumberland, Wis., where they will remain during the summer. They will return to Heppner next winter. Mrs. Rotzin is Mr. Schwarz's sister.

Theo. Wall, of Everett, Wash., who has been visiting the past week at the farm home of Mr. and Mrs. Frank Turner, came to town this morning to receive medical treatment, suffering from a severe attack of neuralgia.

MARSHAL'S SALE OF PERSONAL PROPERTY.
