STALLION REGISTRATION BOARD, STATE OF OREGON,
License certificate of PURE BRED Stallion No. 1640.

Dated at Corvallis, Oregon, January 26, 1914.

The pedigree of the Stallion KOLIMACON, No. 92861 American, (92643 Foreign) registered in the studbook of Percheron Society of America. Owned by J. A. Kiehn and O. D. Forbes, of Ione, Morrow Co., Oregon. Bred by M. Saison, Department of Sarthe, France. Described as follows: Black; interrupted strip; snip; spot on lower lip; trace of white on hind pasterns; Pedigree: Sire, Grenier 61945 (70910); Sire of Sire, Beaudole (34055); Dam of Sire, Ovarie (57294); Dam, Noisette (33935); Sire of Dam, Rochefort 11228 (14837); Dam of Dam, Biche (23125). Breed, Percheron. Foaled in the year May 22, 1910, has been examined by the Stallion Registration Board of Oregon, and it is hereby certified that the said stallion is of PURE BREEDING, is registered in the studbook that is recognized by the associations named in section nine of an Act of the Legislative Assembly of the State of Oregon providing for the licensing of stallions, etc., filed in the office of the Secretary of State, February 23, 1911; and that the above named has been examined by the veterinarian appointed by the Stallion Registration Board and is hereby reported free from infectious, contagious or transmissible diseases or unsoundness and is hereby licensed to stand for public service in the State of Oregon.

ERMINE L. POTTER,
Secretary Stallion Registration Board.

SCHOOL NOTES.

By Supt. S. E. Notson.

A new law has been passed by the legislature, which provides that the county court shall levy a special tax upon all the property in the county, not included within a high school district, for the purpose of raising a fund with which to pay the tuition of pupils who live in districts in which there is no high school, if they attend any high school.

A high school to be entitled to draw money from this fund for tuition of outside pupils must be a standard high school, the standard being prescribed by the State Board of Education. Pupils entering such high schools must hold eighth grade diplomas or their equivalent. This is a matter which should receive the attention of districts which maintain a high school, and they should ascertain whether they meet the requirements of a standard high school.

Teachers who have pupils who will be ready for the eighth grade examination, May 6 and 7, should notify the county superintendent, and he will send the necessary blank for certifying such pupils for examination. Teachers should also state how many pupils will be entitled to exemptions, and the required number of exemption cards will be sent.

Some of the industrial clubs have sent in very gratifying reports of their meetings. There is every indication that the interest in the work is increasing.

ITEMS HERE AND THERE

Cut Out Surplus Words.

Some people who toil in the journalistic vineyard can not bear the idea of stating a simple fact in simple words. Instead they become intoxicated with verbosity, and write 300 words, where 30 would tell it just as plainly. If a lady sprains an ankle by stepping on a banana peeling, they tell the origin of the banana, its value, uses, etc., dilate on carelessness in someone throwing it on the sidewalk, write an editorial on pain, and incidentally let the world know the real news—the sprained ankle. Another newspaper failing is to use all the words of flattery in the English language when someone and someone else is married.—Medford Sun.

Buyers Condon Meat Market.

Fred M. Bock took charge of the Farr Bros. meat market April 1st, having purchased the business. Mr. Bock comes from La Grande, where he has conducted a meat market for some years. Mrs. Bock and her two sons are still in La Grande closing Mr. Bock's business and making arrangements to dispose of their property there preparatory to coming to Condon. Mr. Bock is a fine genial gentleman and he and his family are very welcome to Condon, where they will reside when they can secure a suitable residence to rent, or Mr. Bock may buy a location and build a house according to his own ideas.—Condon Times.

Mr. and Mrs. Bock were formerly residents of this city, and Mr. Bock ran a meat market here for some time.

Two Trucks Ordered.

Frank Bennett has decided to handle his draying business with a two-ton truck in future. He sold his big team and left this week for Portland to bring back the truck which will arrive tomorrow. The Fossil Stage Co. have also ordered another truck for the Condon-Fossil run. Fred Baker will bring the machine from The Dalles tomorrow.—Condon Times.

Another Ranch Named.

Another Gilliam county ranch has been named. This is the "JB-Ranch" owned by Huddleston Brothers at Longview. They have over a section of land in this county and a large body in Wheeler county. The county line divides the ranch. A number of acres are irrigable.—Condon Globe.

Will Buy 5000 Horses.

A big horse deal was made in Portland Wednesday by J. R. Wilson of San Francisco and James Rice of Madras, Oregon, on the one side, and the representatives of a foreign government on the other side, for 5000 head of horses for cavalry, light artillery and heavy artillery purposes, to be delivered in three months. Mr. Rice will immediately commence the buying of these horses in Eastern Oregon, beginning in his own county of Crook.—Fossil Journal.

Hen Works Overtime.

Jeff Beamer, the genial delivery man, who is also a poultry fancier of some renown, boasts of owning a hen which recently laid two eggs in one day. Jeff says if we don't believe it, we can come down to his chicken farm and he will show us the eggs. Seeing is believing, but we will have to take Mr. Beamer's word for it.

G. B. Hatt Dies.

After an illness of many months duration, G. B. Hatt, a resident of Heppner for more than 20 years, died at the Heppner Sanatorium where he had been taken for treatment, at 10:20 a. m., Friday, April 9. Mr. Hatt was a barber by trade and held positions in different shops in Heppner for many years, but of recent years had retired from that occupation and took up other lines of endeavor. He had been an invalid for some time and his affliction finally caused his death. He was laid away by friends at the Heppner cemetery on Saturday afternoon, Rev. J. V. Crawford officiating at the grave. Mr. Hatt was a native of the state of Maine and he left no relatives in this part of the country.

Several cases of spotted fever are reported in the Hamilton and Monument communities.—Long Creek Ranger.

There are, in Umatilla county, according to a report recently made by Major Lee Moorhouse, approximately 1000 automobiles of 32 different makes and representing a million dollars in rolling stock.

PORTLAND NEWS LETTER

Portland, April 13.—The work of consolidating the commercial and civic bodies of Portland having been completed, the new Chamber of Commerce is preparing to have a representative visit every city in the state where there is a commercial organization for the purpose of offering every assistance to make its work more effective. Any organization which desires the cooperation of this body in any matter pertaining to the development of its own town or its particular section of the state, is requested to immediately notify the Chamber of Commerce and we will co-operate with them in every possible way. We are preparing to send out a man, not for the purpose of securing more members for our own organization, but to make an effort to bring about closer relations between Portland and the cities and counties of the state. The plan is being developed and dates will be arranged in accordance with the demands of the cities desiring the co-operation of this organization.

The good roads campaign which has been launched in Multnomah county is being given the unqualified support of the new Chamber of Commerce. Committees have been appointed to look after the details of organization and to make every effort to induce the voters to go to the polls and vote in favor of the bond issue. If the movement is successful, \$1,250,000 will be expended in hard surfacing not less than 70 miles of road in the county.

From Washington comes the welcome tidings that the rivers and harbors of the Pacific Northwest have received an unexpectedly generous share of the \$30,000,000 appropriated for work of that class. The total sum set aside for this section is \$9,926,175, of which \$1,500,000 is to be devoted to completing the improvements at the mouth of the Columbia. With the Cello Canal open to traffic and a clear deep channel across the Columbia Bar, the entire Columbia Valley is certainly in line for a long period of prosperity.

Unless the present plans are materially changed, the new Portland post-office building, to cost \$1,000,000, will be in course of construction within the next 60 days and the architect has promised that it will be completed within fourteen months. It will take the form of a big, fine office building, every part of which will be occupied by the Government, the first building of its kind in the United States.

May 10, the anniversary of the discovery of the Columbia River by Capt. Gray, has been set aside by the management of the Panama-Pacific Exposition as "Columbia River Day." The observance of this anniversary will come as a fitting climax to the week-long celebration of the opening of the Cello Canal.

After the formal opening of the Cello Canal, the steamers Bally Gatzert and Dalles City will maintain a regular service between Portland and The Dalles, while a through service to the head of navigation will be given by the steamers State of Washington, J. N. Teal, Twin Cities and Inland Empire.

A BIGGER FESTIVAL

Portland, April 13.—Four great pageants, which for beauty, length and the many unique attractive features, will be the greatest parades ever offered in the history of Portland's annual Rose Festival, are included in this year's events.

The opening day, June 9, will feature the parade of the "Human Rosebuds." More than 5000 children will take part. This will be followed by the crowning of the queen at the Festival Center during the afternoon. Towards evening 3000 children—boys and girls—will assemble at Multnomah Field for a concert, the largest children's concert ever held in the Pacific Northwest.

Wednesday June 10, will feature the decorated automobile and vehicle parade in which more than 300 floats will be seen, the most wonderful spectacle of the kind ever attempted. The evening of the second day will bring together more than 4,000 adult voices in a great community sing.

Friday, June 11, closing day of the festival, will witness the monster fraternal, industrial and military parade, the grandest pageant of the kind ever offered. More than 10,000 people will be in the line of march with some of the most unique floats ever seen in the West. The annual electric parade, which for its dazzling beauty has never been equaled in the United States, will be one of the big night features.

This year's program will offer some event every hour of the day from early on the morning of June 9, until the festival closes at midnight of June 11. Band concerts will be hourly features and flying vocal squadrons will be heard in down town hotels and the festival center will offer novel entertainment features of some kind hourly.

The annual Rose show at the Armory, where more than 2,000,000 beautiful roses will be on display, will open June 9 and continue for the three days of the festa. More than 500 school boys will participate in a roller skating marathon over the public streets.

The Pacific Northwest Association has awarded the Multnomah Amateur Athletic club the P. N. A. track and field championships and the Northwest try-out championships for 1915. These try-out events will be held during the Rose Festival under the auspices of the Multnomah club and the festival governors. Medals will be awarded the winners by the festa management. The winners of the Rose Festival events will have the privilege of entering the Far Western championships at San Francisco, a feature of the exposition.
