FIRST NATIONAL CORN SHOW UNDER WAY

Mammoth Display to be Held Under Auspices of First National Bank of St. Paul.

As announced on Feb. 17 the First National Bank of St. Paul is now sending out full information to all the bankers in the Northwest relative to the big "First National" Corn Show, to be held under the auspices of the First National Bank of St. Paul, in that city, Dec. 1 to 31, 1915.

The show will be an open competition for Minnesota, North and South Dakota, Montana, Washington, Oregon and Idaho. The states will not compete with each other, but the entire territory is divided into thirty districts, the competition being confined to districts. The following is the manner in which the states have been divided:

Minnesota.....6 districts.
North Dakota.....6 districts.
South Dakota.....6 districts.
Montana.....6 districts.
Washington.....3 districts.
Oregon.....2 districts.
Idaho.....1 district.

The geographical divisions for the two districts in Oregon are as follows:

District No. 1—Counties of Hood River, Wasco, Sherman, Gilliam, Morrow, Umatilla, Union, Wallowa, Baker, Grant, Wheeler, Crook, Malheur, Harney, Lake and Klamath.

District No. 2—Counties of Clatsop, Columbia, Tillamook, Washington, Multnomah, Clackamas, Yamhill, Polk, Marion, Lincoln, Benton, Linn, Douglas, Coos, Curry, Josephine, Jackson and Lane.

To Be Largest Corn Show.

This "First National" Corn Show will be the largest exclusive corn show ever held in the Northwest. A total of 120 attractive loving cups will be offered as prizes at the show. Thirty large silver loving cups will be offered as first prizes to farmers displaying the finest collection of ten ears of any variety of corn grown within each district. The second prize will consist of golden bronze cups.

Boys' Mammoth Corn Show.

In line with James J. Hill's well known sentiments regarding the importance of the part taken by farmers' sons in the development of farm lands in the Northwest, a special feature of the show will be the Boys' Corn Raising Competition.

Farmer boys from each district in the states named will be awarded for first prize the same valuable silver cups as are offered the adult exhibitor. The second prize will consist of handsome golden bronze cups beautifully engraved.

There will be sent out to all bankers throughout the states named printed matter giving detailed information regarding the terms and conditions of the contest. These the local bankers will place in the hands of farmers in their district who desire to compete. Full particulars regarding this Mammoth Corn Show and the prize competition can be procured from any local banker in the states named.

Part of Hill Plan.

"CORN AND CATTLE CONTRIBUTION CAPITAL FOR BIGGER BANK BALANCES" is a slogan that has been adopted by the First National Bank of St. Paul in its laudable efforts to aid in the development of corn raising in the states named, and this now is a part of the extensive live stock raising campaign that has been outlined by Mr. James J. Hill. Realizing the necessity of corn to the growing of the live stock industry of the Northwest it has been decided to make corn growing one of the features of the campaign.

PORTLAND NEWS LETTER

Portland, April 21.—The Portland Chamber of Commerce has undertaken a very aggressive campaign for the purpose of aiding the small manufacturers now located in Portland and at other points in the state. As a result of a recent investigation, a committee has been appointed to take charge of the work and to extend to manufacturers any assistance they may request from the organization.

An exhibit of Oregon-made goods has been installed on the main floor of the building occupied by the Portland Chamber of Commerce. All the offices of the organization are on the same floor and the exhibit will be explained to visitors by a man thoroughly conversant with every detail. Any manufacturer in the state who desires to exhibit his goods should write to the manager of the Chamber of Commerce and arrangements for space will promptly be made. The organization will make every effort to induce buyers to select Oregon-made goods in all cases where quality and price make it possible.

Mr. E. W. Simmons, formerly located at Cnehalis, Wash., where he manufactured a high grade of gloves and mittens, will move his factory to Portland next week. He has rented a desirable building and will be one of Portland's producers within the next ten days.
