Kill The Flies.
 Now is the time to swat the flies. Kill one fly now and you will do better than killing a thousand later. Clean up all filth, thereby destroying their breeding places. Everybody get a swatter and kill the flies as they appear.
 DR. A. D. McMURDO,
 City Health Officer.

High Price For Wool in Wallowa.
 Wallowa county wool sales, states the Enterprise-Record-Chiefman, brought the highest figure paid in the state this year, for both coarse and fine wool. The high price was due to two things says the Chiefman: the intelligent and careful attention to every detail by the growers, and the favorable season. The high price paid for coarse wool was 28 1/2 cents. Less than 700,000 pounds were sold.

Keithley Buys Store at London.
 J. E. Banton, one of the best known country merchants of the Cottage Grove country, has sold his store at London to Emerson Keithley, formerly a rancher and stock-raiser at Heppner, Oregon.
 Mr. Banton owned the store for nine years, during which time it was greatly enlarged and the stock more than doubled.
 Mr. Banton will remain at London and will probably purchase a ranch. He will also operate his shingle mill.—Cottage Grove Sentinel.

Spray Man Sells Sheep.
 Carsner and Spray sold their sheep to Mike Marshall of Heppner for \$4.00 per head for ewes and \$3.00 per head for lambs. Templeton and Enyart sold their sheep to the same party for \$3.00 around.—Spray Courier.

Pendleton Gets Carnegie Library.
 The announcement comes from Pendleton that the Carnegie officials, after inspecting plans from the Umatilla county people, have announced that \$25,000 is now ready for immediate construction work. The building will be of the Italian Renaissance style of architecture and a valuable addition to the city of Pendleton and Umatilla county.

Finish Shearing Season.
 The Heppner shearing crew arrived here Monday from the Kerrins Bros. ranch where they finished the shearing season. They sheared about 8000 sheep for Kerrins Bros. and Geo. W. Bailey. They sheared about 25,000 sheep this season. The crew is said to be one of the best that has operated here for several years and their work ranks high. The crew is composed of the following: Bob Watkins, captain; Eddie Born, Wm. Duncan, Gus Hale, Elroy Wosham, Ivan Cox, B. F. Cox, Berny Gaunt, Rube Gaunt, Ed Lucas, and Fred Watson.—Canyon City Blue Mountain Eagle.

Grant County Sheep Sold.
 J. B. Adrian, of Baker county, bought the F. M. Round sheep here this week. Mr. Round lives in the Cottonwood country. It was reported that the price paid was \$7 for the ewes and lambs and that there were 1200 ewes and 1000 lambs in the bunch. Last Fall Mr. Adrian bought the Gentry sheep.—Canyon City Blue Mountain Eagle.

Government Timber to be Sold.
 The Forest Service is advertising for sale 2,420,000 feet B. M. of timber, about 90 per cent of which is western yellow pine, and the rest is sugar pine, Douglas fir and white fir—all located upon the Crater National Forest in southern Oregon.
 The tract, which is called the Malone Springs area, is more particularly described as in Sections 10 and 11, T. 35 S., R. 6 E., W. M., near Upper Klamath Lake. No bid of less than \$3.25 per M feet for the western yellow pine and sugar pine, and 50 cents per M feet for Douglas fir and white fir will be considered. According to the terms of sale, the timber must be cut conservatively so that the forest may be perpetuated and so that the roadsides will not be made unattractive to the many vacationists who summer in the region. It is the expectation that the logs from this area will be hauled on horse-trucks to Crystal creek and then towed across Klamath Lake to the mill.

SCHOOL NOTES.
 By Supt. S. E. Notson.
 On June 17, I visited the school in District No. 59. Miss Florence Pifer is the teacher. Eighteen pupils were present. This school has a new heating and ventilating plant, which was not needed very badly on that date, it being one of those "rare" June days. The pupils are doing good work under the direction of Miss Pifer.
 In District No. 56, Mrs. Margaret Cramer is at the helm. The enrollment is seven. The flag was flying from a new flag-pole the date of my visit. New adjustable canvas shades have been purchased for the windows, and they are proving very satisfactory. This school is situated in a most delightful place for a summer school.

Miss Grace Stamp teaches in District No. 7, and the enrollment is seven. This is strictly a boys' school. A new globe and a new dictionary have been provided recently. This school has a school garden. This school is also pleasantly situated for a summer school.

In District No. 51, Mrs. Harriet M. Stephens is at the desk. The enrollment of this school is 32. The grounds are in excellent condition, and the pupils know how to make good use of the grounds at intermissions. A new teacher's desk has been lately added to the equipment. New canvas shades have been provided also. I also noted a new dictionary.

Pupils should keep in mind the fact that the county fair is coming, and each one should make an effort to have some kind of an exhibit. Let us determine to do our very best. Then we will have an excellent exhibit, and the effort we make will be worth while.

LOST—REWARD.
 On road between Heppner and Parkers Mill June 18, bed roll containing bed tarpaulin, two folding cots, one double and two single blankets. Five dollars reward for return of same to C. C. Scott, care of Bowker's Garage, Heppner.

TWENTY-FIVE YEARS AGO IN HEPPNER

From the Heppner Gazette of July 10, 1890.

Hon. W. R. Ellis and family moved into their elegant new house this week.

Tyson and Boyd are putting up a nice residence, all hard finish, for Mrs. William Gilliam.

The brick for the new hotel is being hauled on the ground and the brick laying will be commenced shortly.

This office received some very fine samples of wheat this week. They were raised on the farm of George Shipley in Black Horse and will yield not less than 40 bushels to the acre.

Jas. Hamilton, Noel Van Duyn, S. Cormack, Arthur Minor and Homer Harrington went fishing Sunday and succeeded in catching 113 of the speckled beauties, not one of which was less than 8 inches in length.

Canyon City News—It is surprising the number of teams traveling on the Heppner road. Heppner business firms know the value of printer's ink and by its use scoop in the trade.

Canyon City News—If any change is contemplated in the running time of the Heppner-Canyon stage, we don't know it, but have heard that Mr. Keeney would give us mail in 36 hours from Portland.

From the Eagle—Numerous complaints have been made relative to Morrow county sheep destroying unfenced range, and in some instances, parties being absent from their ranches, on returning found their own pastures eaten to the ground. These complaints come from the settlers along the Middle Fork from Susanville to the confluence of the North Fork. Range never was better back in the mountains and neighbors from Morrow county should respect the right of ranchers to their own range. Grant county stockmen have suffered a heavy loss owing to the treatment from their neighbor stock men but cannot help themselves unless they resort to violent means to prohibit their entrance.

An Ohio man committed suicide because it was so hot, which leads the Cincinnati Enquirer to remark that he "may possibly discover that he has jumped from the frying pan into the fire."

DON'T RAISE WEEDS ON YOUR SUMMERFALLOW!
 USE A
Jones Weeder
 "Made in Morrow County"
 (Patented Dec. 16, 1913.)
 Summerfallowing is being done earlier this year than common. Weeds will come earlier and there will be more of them. Get them early before they ruin your Summerfallow. The JONES WEEDER is the best and most speedy weeder ever built for that purpose. Built in sections like a harrow; each section cuts five feet and you can use as many sections as you want. The knives have a slope of 60 degrees and will not choke under normal conditions.
 This weeder has been tried out on the same field with other weeders and has done more satisfactory work. The JONES WEEDER has been fully tested. Ask a farmer who uses one. For further particulars, prices, etc., write
