Geo. W. Dykstra was down from the foothills on Saturday, and he is complaining of the devastations of the grasshoppers that have infested the region in large quantities. He fears that he will be saved the trouble of harvesting his crops if they do not take a notion to migrate pretty soon.

Claus Johnson was in town from Democrat Gulch yesterday. He reports some rain out that way and says that the cool weather of the last ten days has been quite beneficial to the wheat crop and much of it is now developing well. He will begin his harvest soon but does not expect to run his combine this season.

Fred Ashbaugh was down from his farm at the head of Rood canyon Saturday. He states that the grain in his neighborhood was very materially injured by the hot spell of two weeks ago and will be greatly shortened as a result. We hope the shortage may have been overcome to some extent by the recent cool weather.

Marvin Kirk, son of Chas. Kirk, formerly a resident of that place, arrived from the home of his parents at Rogue River, Oregon, the last of the week and will spend the summer here. He came across the mountains by team, driving a span of mules and made the trip alone, a pretty plucky undertaking for a lad of sixteen.

Dr. H. T. Allison returned from a trip to Portland and Seattle on Saturday. He was gone for about ten days and had a pleasant visit with his mother, sister and brother at the Sound city. Mrs. Allison and Mildred are expected to return to Heppner in a few weeks, or as soon as the summer school closes at the University of Washington.

E. R. Naylor, president of Columbia Junior College, Milton, accompanied by Victor Orr, of the same place, made a business visit in Heppner last Thursday. These gentlemen are touring eastern Oregon by auto in the interests of the school. Columbia Junior College is now offering a complete normal school course in conjunction with the regular courses. This gives Eastern Oregon a normal school and hereafter, many students can be served at home. See their advertisement in another column of this paper.

Mrs. Sylvia Brown and little daughter went to Coon Tuesday. Mrs. Brown will assist with the work at the Jack Hynd ranch for a short time during the absence of Mrs. Joe Hayes, who is now in Portland with her sister, Mrs. John Turley. Mrs. Turley who lives at Baker, is confined in a hospital at Portland where she recently underwent a serious operation for the removal of a tumor. At last reports, Mrs. Turley was recovering from the ordeal of the operation and her early restoration to health is looked for.

Tyndall Robison, who has been in town for several days this week settling up matters pertaining to his father's estate, says that the grasshoppers are taking out everything on his mountain ranch and he expects that they will remain long enough to eat up all his hay crop. The hoppers are doing a lot of damage in different parts of the county. We publish a formula this week that is highly recommended as an agent of destruction of these pests, and it would be well for all those in the afflicted districts to give it a trial, it may help much in getting rid of the varmints.

Mrs. Emma Gray, of The Dalles, who was called to Heppner by the death of the late George Noble, returned to her home Sunday. She was accompanied by Mrs. Jennie McCarter, who after a short visit with her aunt, will go on to her home at Oakland, Calif.

Mrs. Gray is a sister of Frank Gilliam of this city, and widow of the late Jack Gray, a brother of Mrs. Geo. Noble, and was a resident of this county for many years.

Mr. Cleve Walton has put in a splendid line of groceries at the Fox post office. Mr. Walton has only been here a short time in business and he seems to be one of the progressive, energetic kind of men that are needed in every community and he is very accommodating in his business, which the people greatly appreciate. We wish him the best of success in his enterprise.—Blue Mountain Eagle.

Through a card received by us this week, H. H. Hoffman informs us that he is enjoying his vacation very much. At present he is visiting at the fair in San Francisco and he says that California is almost as fine a state as Oregon. Prof. Hoffman will go to Panama after leaving San Francisco and thence to New York and other eastern cities.

H. L. Johnson, formerly with the Jack Rabbit Garage in this city, arrived in Heppner Monday evening from Portland. Mr. Johnson is now traveling for the Maxwell Motor Car company.

The Guarantee Fund Life Association

This is a day and an age when few men, be they single or married, think of going through life without carrying insurance in some amount. It is also a day and an age when insurance is offered on almost any plan conceivable and it is not an easy task to figure out just what line is the best to carry or just what company offers the best for the money. This latter question is undoubtedly the most important one to consider. Millions of insurance is now carried in the old line, stable companies whose reputations for square dealing and prompt payment of claims is not questioned. Yet these same companies have been furnishing their protection at a cost too great to the policy holder; in other words they have been building up excessive profits for their stock holders and the policy holder has not got returns he was entitled to for the money invested.

The simple statement of the matter is, that the insurance is costing too much.

If the same protection can be given in a good sound company at practically a 50 per cent saving in cost, it would seem to be business to investigate this company and if you want insurance, get one of its policies.

The Guarantee Fund Life of Omaha, Nebraska, has been doing a line of business in this country for some weeks past. It is represented here by Messrs. Klee & Notson, who during the past two months have written \$86,000.00 worth of insurance that is divided amongst some 32 different policy holders, all representative men of this section, and a line of preferred risks.

This company presents a sound, common sense, economical plan of insurance. It is a well-managed company and is growing rapidly. In its home state, Nebraska, the company and its management is endorsed by 200 bankers, who are policy holders, and the leading business men patronize it and give The Guarantee Fund Life their strongest commendation.

This company is well worth investigating. Messrs. Klee & Notson are courteous and considerate in presenting the claims of their company and will not bore you with a long story; it takes but a very short time to give you the plan of insurance and their kindly manner in presenting the Guarantee Fund Life Association is one that we can heartily recommend.

Notice to Property Owners. You are required to repair your old sidewalks and remove grass from the front of your property bordering on the streets.
