A good many Heppner citizens seem to be slow in complying with the orders of the Mayor to muzzle their dogs. The request is a reasonable one and there should be none to pass it up unheeded. There are many varieties of dogs in this community—some good, some bad and some indifferent, but they all come under the same classification when it comes to rabies, and they all come under the same heading when a regulation is made by the city authorities. Put on the muzzle before the marshal takes your pet in hand and administers unto it a worse fate.

A trip to the foothills in the vicinity of Black Butte Sunday revealed to us a lot of good grain that has apparently survived the heat blight that visited the lower section of the country. Up that way none of the grain appears to be hurt in the least, and there are some excellent fields of wheat and barley. Gardens are looking fine and so far have escaped any injury from the grasshoppers, tho this pest is pretty thick in places. They seem to be on the move now and may leave that part of the county before doing and serious damage.

Waldo Vincent, who was in town Friday, says that he is in the midst of hay harvest. Grasshoppers are bad at his place and threaten to take all his garden, a job they are able to perform in very short order when they get down to business. **Keep Dogs Muzzled.**

Heppner, Oregon, July 20, 1915. Owing to the prevalence of rabies in the immediate vicinity of Heppner, the City Council, looking to the welfare of the people of our town, has ordained that all dogs shall be muzzled or kept chained up until such time as the City Health Officer thinks the danger is past. Therefore the Marshal has been instructed to kill all dogs found running at large without muzzles within the corporate limits of the City of Heppner on or after July 25th, 1915.

Due notice will be given when this order is annulled. This order will be strictly enforced. People outside the city limits are requested to keep dogs at home as there will be no exception made. Rabies has ceased to be a joke and the welfare of the people demands this action. W. W. SMEAD, Mayor.
