When you need two-vision lenses—be sure to get KRYPTOK LENSES
(Warn by over 250,000 people)
For all other two-vision lenses there is a line or seam between the near and far vision portions that makes the wearer look less than his best, and unmistakably brands him or her with a sign of age.
Kryptok are double-vision lenses that look exactly like regular one-vision lenses because there are no lines or seams in them.

Dr. Winnard can supply these lenses
Satisfaction guaranteed or money refunded.

What Are YOU Worth From the NECK UP?
It is estimated that the average man is worth \$2 a day from the neck down—what is he worth from the neck up?
That depends entirely upon training. If you are trained so that you plan and direct work you are worth ten times as much as the man who can work only under orders.
The International Correspondence Schools go to the man who is struggling along on small pay and pay to him. We will train you for promotion right where you are, or we will qualify you to take up a more congenial line of work at a much higher salary.
Every month several hundred students voluntarily report advancement as the direct result of I. C. S. training. You need not leave your present work, or your own home. Mark this coupon at once and mail it.

SOME OF THE BEST FROM "JUDGE"

The American Plan.
"Well, old chap, do you think Miss Van Billion intends to buy you," asked the first duke.
"My dear boy, I really can't tell, don't you know? Some days I think she does; then at other times, old top, I fear she is merely shopping," replied the second duke.

A Perfectly Good Husband.
Two small boys belonging to the divorce colony in Reno, Nevada, met on the street one day. Billy's mamma a divorcee, had just married the ex-husband of another divorcee.
"See you've got a new papa, Billy," remarked Harry.
"Yes," rejoiced Billy, "Mamma found a perfectly good husband some other lady threw away."

A Powerful Defense.
The prisoner at the bar had stolen a hog and his lawyer was defending him.
"Excuse me," said the Court, interrupting the defense, "but the prisoner says he stole the hog."

The Proper Place.
Applicant—I've got a head full of ideas, sir, that would come in handy in the management of your business.
Boss (to nearby clerk)—Here, Jack, take this chap down to the unloading department.

His Good Qualities.
"How do you like your new minister?"
"Very much, indeed. He's the right sort. One of those 'man-among-men' ministers, you know. Comes over to the house occasionally and smokes a pipe; plays on our baseball team; good at tennis and golf and seems to believe in getting pleasure out of this life."

Yes, and he's interested in the things we laymen are interested in. He discusses the problems of the day. I tell you, he's a fine fellow."

"I know, but what sort of sermons does he preach?"
"Well, that I can't tell you. I haven't been over to hear him preach yet."—Detroit Free Press.

Ready for It.
He was traveling in the south and had to put up over night at a second-rate hotel in Western Georgia. He said to the clerk when he entered, "Where shall I autograph?"

"Autograph?" said the clerk.
"Yes; sign my name, you know."
"Oh, right here."

As he was signing his name in the register, in came three roughly clothed, unshorn fellows immediately recognizable as Georgia "crackers."

"Will you autograph?" asked the clerk, his face aglow with the pleasure that comes from the consciousness of intellectual superiority.
"Certainly," said the "cracker," his face no less radiant than that of the clerk, "mine's rye."—The Argonaut.

Brought Ship.
Old Mamma Mary Permsittons called one day on the village lawyer.
"Well, old lady," he said, "what can I do for you?"

"Ah, you want to divorce mah husband," said Aunt Mary.
"Divorce your Uncle Bill?" cried the lawyer. Good gracious! Why?"

"Bekase he's done got religion, dat's why," said Aunt Mary, "an' we ain't had a chicken on de table fo' six weeks."—Ohio Farmer.

Speaking English.
British Tommy (somewhere in France)—speak English, Moosoo?
French Shopkeeper—But—yes—a leetle, M'sieu.

British Tommy—Righto, then give us ten pounds o' spuds, an' arnee o' baccy, a packet o' fags and a box o' lights, an' be slippy!—Passing Show.

A Gentle Hint.
He—Then you are not interested in my welfare?
She—No; but if the two syllables were transposed I'd not only be interested, but enthusiastic.—Boston Transcript.

No Cure for It.
Grubbs—Do you think there is any real cure for hay fever?
Stubbs—Some persons believe hanging or beheading will do the trick, but in my own view it survives as a punishment in the next world.—Indianapolis News.

What He Wanted.
Her Father (viciously)—So, you want to become my son-in-law, young man?
Young Man—No; I merely want to marry your daughter.—Indianapolis Star.

Back to Consciousness.
The sick man has just come out of a long delirium.
"Where am I?" he said feebly, as he felt the loving hands making him comfortable. "Where am I?" in heaven?"

"No, dear," cooed his devoted wife. I am still with you."—Kansas City Journal.

INDUSTRIAL ITEMS OF GENERAL INTEREST

The Marshfield Record of Oct. 8 contains four pages of views of the work being done by the S. P. Co. on their new line to Coos Bay, including a view of the new \$1,500,000 bridge across the bay. These are the best photographs yet published and give the world the first graphic picture of the immense work being done in that section by the railroad.

Revival of railroad activity in Oregon is the surest indication of returning prosperity.

Eugene is to have a factory for the manufacture of wooden handles. A \$200,000 timber sale in Coos county to a Minneapolis syndicate is reported by Frederick A. Kribbs.

Powers is to have a new bank. Geo. W. Moore of Toledo, has resumed operations on a 10-hour day.

According to reports Newport offers \$100,000 bonus to the P. & W. C. R. R. Nav. Co. as inducement for early construction.

The Booth Kelly Lumber Co. of Eugene has let contract for logging between 8,000,000 and 10,000,000 feet of timber.

Wool growers are receiving from 22 to 25 cents for fall clip. Mollala Electric Co. will furnish Butteville with electric lights.

Amity has disposed of \$15,000 bonds to build water system. L. C. Hohett of Newport has been canning herring the same as sardines and salmon with satisfactory results.

Florence has sold \$10,000 bonds for city water system. J. H. Newman is developing sales territory for Stuslaw salmon, out of Eugene.

Florence expects to have a fruit cannery next year. Only 19 miles of rails remain to be laid before Coos Bay is connected with the mail line of the S. P.

Corvallis is planning on a Carnegie library. J. R. Job, Venetia, has started a box factory and mill.

Klamath Falls' new mill of 50,000 feet capacity is being erected near Modoc Point. The Columbia River highway may be used as far as Bridal Veil.

Contracts for a bridge across Sucker creek at Grants Pass has been let. Bids for paving on Front street in Marshfield were awarded to the Warren Construction Co.

Florence will spend \$5000 on plank road to North Fork. Surveyors are laying out new road from Comstock to Canyonville.

A movement is on foot to enlarge Springfield high school. The fare from Vancouver to Portland has been reduced from 30c to 25c by the P. R. L. & P. Co.

25 YEARS AGO IN HEPPNER

Our merchant, C. S. VanDyyn, left yesterday to recuperate in our famous Blue mountains. Van has been ailing for some weeks, and looks for a relief in a few days' camp life. Will Walbridge accompanied him.

Chas. Johnson, son of Henry Johnson, of Dayville country, was here last week to buy goods. He formerly did his trading at The Dalles, but Heppner has long since occupied that field, and the stockmen are taking advantage of the same.

The efforts of our job printer, Mr. V. Crawford, are now bringing us more work in that line than ever before. We have found it absolutely necessary to have more help, and have taken means to secure the same.

Mrs. G. W. Swaggart and daughter Alby, are visiting Mr. and Mrs. C. L. Andrews, of Seattle this week. They will look in on Portland's great exposition while passing through the metropolis.

Work was started at North Dalles last week on the new shoe factory. The North Dalles has every prospect of making a city.

Sam Kinsman started a car load of horses to Kansas City last week, his brother, James Kinsman, accompanying the shipment. Some time ago Abe Thorp, of Haystack, was reported missing, and whispermings of plain, everyday stock stealing were circulated in connection with his hitherto fair name. He subsequently returned and denied the allegation, and positively asserted that he could lick the allegator. Since that important event, Abe has been waited upon by a number of representative citizens of Haystack, so we are informed, and asked to find a new location or adorn the end of a rope tied to a very convenient libm. Therefore this paper has good reason to believe that "more truth than poetry" graced the original hostthief story. He has since taken his band of horses out of the country, passing through Heppner last Saturday.

Heppner's artesian well was tested last week, and though a four-inch lift pump was run steadily for 36 hours they failed to lower it below the end of the sixty foot pipe. The water is slightly warm, showing a temperature of 65 degrees, very pure and soft.
