Wheat Will Go Up or Down.
 According to the Pendleton Tribune, wheat buyers in that town are expecting an immediate change in the condition of the wheat market but they are not agreed whether it will be better or worse. They are sure the market will go either up or down. A remarkable deduction. And they look for the price to either raise a great deal or go down a great deal. They assign two reasons for this: First, the ships in sight for loading at Portland and the bullish government crop report issued last week. The ships in sight should bring the price up. The government crop report had a serious effect on the Chicago market, not alone with respect to the slump in the price of wheat but to a general slump in all stocks and cereals. Cash wheat did not suffer in comparison with futures, but it went down a little.

But what is looked upon as more favorable to Umatilla county direct is the big tonnage of cereal ships en route to Portland for loading. Continually the reason for the local low price in wheat has been given as lack of transportation. Reports from Portland show that there is now en route to that port and in port more tonnage than ever before in this season, the total being in the neighborhood of 100,000 tons. In view of this showing the grain exporters say that the alarm expressed in some sources of late relative to the scarcity of tonnage seems groundless. They declare the situation is far from alarming and there will be no difficulty experienced in the least in forwarding the surplus grain crop. And they are of the opinion that just as great a quantity of the cereal will be sent abroad this season as during any of the previous years, according to reliable reports from Portland.

Men Are Naturalized.
 At the recent term of Circuit Court in this city, Judge Phelps granted citizenship papers to the following men: Edward Doherty, Bernard Ward, Jas. Daly and John Joseph Kelley, all of Heppner, and Francis Kiernan, of Castle Rock. These men are all natives of Ireland.

Emerson Keithley was up from his home at London, Ore., this week looking after business matters and visiting with relatives and friends. He returned home Tuesday morning, accompanied by his brother, Claud Keithley.

Wilson Bayless, the diversified farmer from Rhea creek, brought in a load of turkeys Tuesday for the Thanksgiving market.

When you need two-vision lenses—be sure to get **KRYPTOK LENSES**
 (Worn by over 250,000 people)
 For all other two-vision lenses there is a line or seam between the near and far vision portions that makes the wearer look less than his best, and unmistakably brands him or her with a sign of age.
 Kryptok are double-vision lenses that look exactly like regular one-vision lenses because there are no lines or seams in them.

Dr. Winnard can supply these lenses

25 YEARS AGO IN HEPPNER

From the Gazette of Nov. 20, 1890.
 "Shan" Conser, brother of George Conser, cashier of the First National Bank, was conductor on the ill-fated train that went through the bridge at Lake Labish, near Salem, last Wednesday night. He received a broken leg, but staid at his post till the passengers were provided for and the proper signals placed out to prevent further disaster.
 W. O. Minor shipped a carload of potatoes to Union county last week. Morrow county cannot be beat in the production of potatoes.
 Bros. Blackman and J. A. Patterson were up to Pendleton last week, seeking further explanation of the mysteries of Masonry, and now are members of the Royal Arch degrees.
 The Arlington Advocate, Sloan P. Shutt and A. A. Jayne's new paper, has made its second trip and looks healthy enough for any community. Arlington is to be congratulated on having such a bright, newsy journal.
 Gene Slocum of the Heppner Furniture Co., arrived last Monday evening from Pennsylvania.
 John McDevitt shipped a bunch of dressed hogs to the Junction Tuesday morning. They were butchered in prime condition.
