Do Not Endanger Life When a Heppner Citizen Shows You the Way to Avoid It.

Why will people continue to suffer the agonies of kidney complaint, back ache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases. If you have any, even one, of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Heppner testimony.

The New Butter Queen.

According to the announcement by the Advanced Registry Office of the Holstein-Friesian Association of America, dated Nov. 9, 1915, the Holstein-Friesian cow, Duchess Skylark Ormsby 124514, as a butterfat producer, is the new champion of the world. She holds this honor regardless of age, class or breed. In a 365-consecutive-days' test, conducted under the supervision of the Minnesota Agricultural College, employing thirteen supervisors, she produced 27,761.07 pounds of milk, containing 1,265.99 pounds of butterfat, an average per cent of fat in the milk of about 4.23.

The yield ran very evenly, month by month. This remarkable showing of butterfat exceeds that of the retiring champion, Funderne Pride Johanna Rue 121083, by 28.62 pounds, and yet the entire yield of milk by the new record holder, during the test period, was 642 pounds less than that given by the great daughter of Johanna Rue 34's Lad 25939.

The new champion was bred by R. B. Young, Buffalo Center, N. Y., and is owned by John B. Irwin, of Minneapolis, Minn. The sire of Duchess Skylark Ormsby is Sir Ormsby Hengerveld De Kol 31212, and her dam is Oakhurst Duchess Clothilde 106988, by John of Barnsveldt 35865, a bull that was imported in dam in 1903. He was sired by Kruger 2916 F, and his dam is Koostra 6th 69947.

The new champion butterfat producer was born Oct. 31, 1909, and freshened at the age of five years and three days. She was cared for by Axel Hansen, and throughout the test never missed a feed, never required the services of a veterinary, and was fed nothing but the ordinary commercial cow feeds.

The auctioneer, that famous Swede by the name of "Ole" Peterson, broke up a game of bingo last Saturday night so he could get a chance to ply his terrible trade. By means of his tender pleadings, he induced us to assemble in the auditorium and then began exhibiting his wares. He first brought out a fine basket and began pleading with the masculine portion of the crowd to hand him a few of the bright pieces. He finally induced the generous president of the student body to buy the first one. After this the auctioneer had us hypnotized and the baskets and money began to change places rapidly. Twenty-five dollars and forty cents were taken in, so we can now liquidate our football debt and have money left.

Because of a conflicting date the literary program will be given this Thursday, evening at 8 o'clock, instead of Friday evening. The sophomore class has charge of the program at this time and they will present the play, "County Fair at Pukinville."

Eight new seats have been placed in the auditorium this week and there is now room for every student to sit in the right division.

"A party of women is a hen party," said the persuasive suffrage speaker. The men nodded. "And a party of men is a stag party." "Sure" said the heads. "Then" she concluded triumphantly, "a nation of men is stagnation." And a coarse male person in the front row groaned.—Everybody's Magazine.

Made it Worse.

The young son of the family, who had been out to luncheon at a little friend's house, was asked by his mother on his return whether he had been a good boy. He hesitated a moment, then answered "Yes."
"You don't seem to be very sure about the matter," said his mother. "What did you do?"
"Oh, I just spilled my chop in my lap," he replied.
"Did you apologize to Mrs. Brown?"
"Yes," he nodded.
"Tell mother what you said when you apologized."
"Oh," came the quick response, "I said, 'Excuse me, but that's what always happens to tough meat.'"—Pittsburg's Chronicle-Telegraph.
