MORROW COUNTY OFFICIAL PAPER

Thursday, January 13, 1916.

In this issue of the Gazette-Times appears the announcement of Hanson Hughes that he will seek the nomination for County Treasurer at the democratic primaries in May. Mr. Hughes is fully qualified to fill the position he seeks and will undoubtedly receive the hearty endorsement of his party.

Rather than close down their enormous brewery plant in Portland, the Henry Weinhard Estate have retained their army of employees and are now manufacturing a new temperance drink in strict conformance of the prohibition law. "Golden Nectar" and "Amber Brew" are the names of these new brands of non-intoxicating drinks. See their advertisement in another column.

The Ford peace party is coming home on one cylinder and with a flat tire but far be it from us to cast the javelin of ridicule at Henry Ford for his olive branch delegation on their mission of peace. Many entertain the same desires that actuated that pacific gentleman, and many like him hope that the red river of blood now inundating the devastated fields of Europe might dry up. His mission failed. It failed for the simple reason that Mr. Ford did not know his limitations. He was not conscious of the unyielding truth that he had a Ford capacity for a Cadillac job. And what a truth lies in this direction of philosophical speculation. If we only knew ourselves. If we knew to a jot and a dot our capacity and capabilities, and if we only knew just what to do and how to do it, how the misfits would disappear and the individual would take the place where he would secure to himself and give as a legacy to humanity that with which he is best endowed. On his merciful mission of peace Henry Ford was a misfit but while and as long as his talents were employed in making an automobile he was a most signal success.—Canyon City Blue Mountain Eagle.

John Bentley Has Star.

Col. John M. Bentley, pioneer resident of the city, one time sheriff of Umatilla and many times constable, is now an authorized policeman of Pendleton. True he will receive no emoluments but will wear a star and have full power to do police duty. The new chief of police, T. B. Gurdane, made the appointment this morning as a compliment to the pioneer officer, and he at once took the oath of office. Though the appointment was honorary, Col. Bentley declares he will hold himself subject to call and will not be found wanting should his services be desired.—Pendleton E. O.

Lexington Man Sells Wheat.

It is understood that Ralph Benge, one of the most extensive wheat farmers in Morrow county, sold his 1915 crop in Lexington last Saturday. The report also states that he received 95 cents a bushel. The majority of the farmers are still holding for a high price.

Boy Sent to Reform School.

Lloyd Mayer, the boy who was arrested last week for forging the name of W. O. Minor to a check, has been committed to the state reform school and Sheriff McDuffee will take him to Salem Friday. The boy's father arrived the first of the week from Walls Walla. He told the officials here that the boy had been in various kinds of trouble before and it seemed impossible to keep him straight. It developed that young Mayer had also taken some money from the drawer in Paterson & Son drug store beside taking several other articles from the same place.

The Demand for Royal Club Coffee Has Increased by Leaps and Bounds

Of late we have been forced to work our plant day and night to supply the demand.

The public has come to the realization that there is no better coffee on the market than ROYAL CLUB—and there is a good reason why we can give a better coffee at a less price. The biggest factor is selling expense—we get our coffee to the consumer with the same organization that handles our big wholesale business. This saves us from 40 per cent to 50 per cent on this item alone. We can, therefore, put into ROYAL CLUB the highest grade Sumatra and Central American coffees generally used only in the more expensive blends. Say ROYAL CLUB to your grocer today—the "difference" will be easily apparent.
