Shoulders	-	14c lb.
Hams	-	16c lb.
Bacon	-	17c lb.

**Phelps Grocery Co.**

### NOT ONLY IN HEPPNER

Similar Cases Occur Daily In This Vicinity.

Not only here in Heppner but in our neighboring towns, the same good story is heard. An encouraging instance from Pendleton is given here, and will be read by us with great interest.

Mrs. William McGregor, 711 Lillith St., Pendleton, Ore., says: "I was troubled more or less all my life by weakness of my kidneys. My hands and feet and sometimes my whole body swelled. A steady pain in the small of my back and sides annoyed me and it was hard to straighten after stooping. When I did stoop, sharp twinges shot through my back and sides. Dizzy spells and headaches were common and I couldn't rest well. In the morning I felt all tired out. I tried many medicines and spent a great deal of money for doctoring, but got no relief. Doan's Kidney Pills cured the aches and pains in my back and regulated the action of my kidneys."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McGregor had. Foster-Milburn Co., Props., Buffalo, N. Y.

### FOREST NOTES.

It does not seem to be generally known that the term "Forest Reserves" is no longer legal or official. This name was changed, by Act of Congress March 4, 1907, to "National Forests," to indicate that these resources were not locked up as reserves for the distant future, but were to be administered for the greatest good of the greatest number now.

The first allotment of national forest money made to Oregon and Washington in 1906, after the passage of the Act which gave the states a share of the national forest revenue, was \$7,565 for Oregon and \$1,823 for Washington. In 1915, Oregon's share of this revenue was \$49,675, and Washington's was \$37,445. The constantly increasing demand for national forest timber assures a much higher rate of increase in the next few years, and ultimately the States will receive a large revenue from this source.

Of the approximately 490,000 acres of school land within the national forests of Washington, 230,000 acres have thus far been cruised as a preliminary step in the exchange of these lands for a solid block of national forest land of equal area and equal value. Upon the completion of the cruise of the school lands, it will then be necessary to cruise an equal area of land to give to the State in exchange for the school lands. The cruising work is being done under a cooperative agreement between the federal government and the State of Washington.

### The Federated Church.

The regular service at the Federated church are as follows:

Preaching every Sunday, 11 a. m. and 7:30 p. m.

Federated Sunday School every Sunday 9:45 a. m.

Federated Young People's Meeting every Sunday 6:30 p. m.

Federated Missionary Society the last Tuesday in each month.

Prayer meeting every Thursday at 7:30 p. m.

Federated Ladies Aid meets the 2nd Tuesday in every month, 2:30 p. m.

A hearty welcome is extended to all.

W. B. SMITH, Pastor.  
Parsonage next door to the church.

### Life Insured for \$100,000.

The largest single life insurance policy ever written for a Pendleton resident was written during the week upon the life of Robert N. Stanfield, prominent sheepman, for \$100,000. With the policy already carried by him this new policy brings the amount of insurance on his life to \$160,000. Mr. Stanfield has extensive interests all over the northwest in sheep and land and the insurance upon his life he considers an insurance upon his business in case of death. For this insurance he must pay annually in premiums something between \$5000 and \$6000.—Pendleton E. O.

### Coyote Bite Fatal.

Two steers belonging to J. B. Saylor went mad this week, according to a report circulated here. It is said that they showed all the symptoms of a rabid animal, frothed at the mouth and bit at everything within reach. After a day of the attack the animals died. They are believed to have been bitten by a mad coyote which was killed at the ranch.—Echo News.

Frank Smith has bought his brother John's interest in the Smith building on Main street. John Smith has gone East to greener fields and pastures new.—Condon Times.

Glasses fitted satisfactorily by Dr. Winnard, or money refunded. His prices are reasonable, and he is where you can always find him. No charge for testing eyes. tt.

Fred Akers, who was in the city Monday from Eight Mile, reported 18 inches of snow at that place. On the other side of Rhea creek, where the snow has drifted, it is impossible to find the road and in many places the travelers have taken off through the fields.

### GOV. WITHYCOMBE WILL BE ONCE MORE A COLLEGE PROF.

With 13 Other Officials He Will Give 'Economics of State Administration' At State University Next Semester.

University of Oregon, Eugene, Jan. 29.—Fourteen state officials of Oregon will for a day each be members of the faculty of the State University next semester. Among them will be Governor Withycombe, Secretary of State Olcott and State Treasurer Kay. The experience will be nothing new to Governor Withycombe but will be a novelty to the others.

The 14 officials are to give a course in "Economics of State Administration." Mr. Olcott will give the first lecture, on February 14, and Mr. Withycombe the last, on May 29. Between, at weekly intervals, will come C. B. Aitchison, chairman of the public service commission; O. P. Hoff, state labor commissioner and factory inspector; William A. Marshall, chairman of the state industrial accident commission; Carle Abrams, member of the same commission; F. A. Elliot, state forester; John H. Lewis, state engineer; Chas. V. Galloway, chairman of the state tax commission; S. G. Sargent, superintendent of banks; Harvey Wells, insurance commissioner; H. J. Schullerman, corporation commissioner; G. G. Brown, clerk of the state land board, and Mr. Kay. The working methods of the office are to be described in each case.

### BOARDMAN TO GET BUSINESS HOUSES

The prospects for Boardman becoming the future metropolis of Morrow county are very bright, according to Dodd & Kennedy, selling agents of the townsite. They report a number of transfers closed recently with more assured. Business houses are also starting up and with the opening of spring will become an active point.

Thursday H. A. Frick went down with a big four horse load of his equipment. Mr. Frick has purchased five lots and in addition to concrete work and general contracting will have a lumber yard. Stock for the latter is ordered for delivery February 1. Mr. Frick has the Pearl house and will move down soon, keeping his home here for use when he and Mrs. Frick come up. Mr. Frick also has the contract for grading the streets of Boardman.

In addition to the lumber yard a general feed store will be opened February 1 by Merle Phelps and Carl Voyn, which will go under the name of Phelps and Voyn. They have purchased lots and will put up a building as soon as lumber is available. Their line will include feed, flour, vegetables, etc.

Plans for a 16-room hotel are drawn and the deal whereby it will be erected is expected to be closed shortly. Several have shown a willingness to open such a place, so there is no question of its materializing.

The reclamation service will do considerable work in that section next year and the various business houses will mean a great help not only to the men on the government work, but also to the reclamation service.—Hermiston Herald.

### Gilliam County Buys Roller and Oiler

The county court has ordered a new steam roller and a road oiler to be used in building good roads in Gilliam county. The roller cost \$2850 and the oiler \$1344. These machines will be delivered at Arlington in the near future and will be put on the roads as soon as the weather permits.—Condon Globe.
