## KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Heppner People Know How to Save it.

Many Heppner people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Heppner citizen's recommendation.

J. H. Cox, carpenter, Heppner, says: "Whenever I caught cold, it settled in my kidneys and caused an attack of lumbago. At times I was sick abed for at least a week. Being advised to try Doan's Kidney Pills, I did. They did me more good than any other medicine that I ever took. I am greatly indebted to Doan's Kidney Pills for their good work."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cox had. Foster-Milburn Co., Props., Buffalo, N. Y.

Headaches relieved, cross eyes straightened. No charge for consultation or examination. Satisfaction guaranteed. At Ione Thursday, March 9.

Mrs. Lillie Aiken, chairman of the committee which has in charge plans for perfecting an organization which will ultimately make Heppner the Crystalline City announces that a public meeting will soon be called to form an association and elect officers for the year 1916. According to Mrs. Aiken it is thought best to make a canvass of the town in order that more interest in the undertaking may be aroused thereby, and that flower growers may be given an opportunity to order directly from reliable firms or through this committee for their crystalline plants. The committee has catalogues from both eastern and western firms.

## What Are YOU Worth From the

## NECK UP?

It is estimated that the average man is worth \$2 a day from the neck down—what is he worth from the neck up?

That depends entirely upon training. If you are trained so that you plan and direct work you are worth ten times as much as the man who can work only under orders.

The International Correspondence Schools go to the man who is struggling along on small pay and say to him, "We will train you for promotion right where you are, or we will qualify you to take up a more congenial line of work at a much higher salary." Every month several hundred students voluntarily report advancement as the direct result of I. C. S. training. You need not leave your present work, or your own home.
