Gold Mined in 1915.

Gold mining in the United States during 1915 was productive of a valuation of \$98,881,000, California heading the list of individual states with an output of \$23,000,000. The nation's total was an increase of \$4,359,300 over the output of 1914.

Colorado is second in point of amount produced, with \$22,000,000, and Alaska is third with \$17,000,000. Oregon comes ninth with \$2,000,000. Few of our Oregon people realize the importance of Oregon as a gold producing state, and her rank in this list is a credit to the mining men who have kept at it year after year in spite of discouragements. The main gold producing county is Baker.—Oregon Voter.

TYPHOID is no more necessary than smallpox. Army experience has demonstrated the almost miraculous efficacy, and harmlessness, of Antityphoid Vaccination. Be vaccinated NOW by your physician, you and your family. It is more vital than house insurance. AID THE KIDNEYS

Do Not Endanger Life When a Heppner Citizen Shows You the Way to Avoid It.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Heppner testimony:

Mrs. G. W. Thompson, Heppner, says: "One of our family used Doan's Kidney Pills and found them very effective in bringing relief from ailments, caused by disordered kidneys. This medicine is worthy of endorsement."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Thompson recommends. Foster-Milburn Co., Props., Buffalo, N. Y.
