Mr. F. L. Kent, of Portland, field representative of the Department of Agriculture, paid Heppner an official visit Tuesday. At the present time Mr. Kent is touring this section of the state to ascertain the extent of the damage to stock during the past winter. He finds that although stock losses were comparatively light, in many places the herds came through in very poor shape. Crop prospects throughout this part of the Inland Empire are unusually good and Mr. Kent looks for a very large yield.

Marjorie French, the little eight-year-old daughter of Mr. and Mrs. Jeff French was able to leave the Heppner Sanatorium Wednesday morning. She was taken to that institution last Wednesday a week ago, in a very serious condition, her appendix having been ruptured. After an operation, she is now on the road to rapid recovery.

Dr. Cecil Dabney and wife left Heppner Saturday morning for their old home in Baltimore, Maryland. They expect to locate in Hopewell, Va., the town that was made famous by its sudden growth, now having a population of 40,000 and an enormous payroll. Munition factories made the town.

W. C. Lacy arrived in Heppner on Monday from Portland and will remain in this city several days looking after business interests which he still retains in this county. Mr. Lacy was one of the leading farmers of the Black Horse section for many years. His ranch is now rented by Frank Glasscock.

Jeff Neel, accompanied by Mrs. Neel, returned from Portland Thursday evening. We are glad to state that Mr. Neel's condition is improving and his eye sight is slowly returning. Portland specialists were unable to say what the exact cause of Mr. Neel's trouble is.

STRAYED—From John Olden's pasture, one large dark sorrel mare, about seven years old. Branded J with horizontal line through it, commonly called J-cross brand, on left shoulder. Please notify Robert Allstott at Eight Mile and receive reward.

ALL WRONG

The Mistake is Made by Many Heppner Citizens.

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys You must get the kidneys working right.

A resident of this vicinity shows you how.

C. S. Howard, grocer, 1616 W. Webb St., Pendleton, Ore., says: "For fifteen years I had a great deal of suffering from a dull pain through the small of my back and left side. For over a year I was annoyed by numbness in my shoulder blades. I couldn't lie comfortably on my back. The kidney secretions were too frequent in passage. I tried several well-known medicines, but nothing did me any good until I used Doan's Kidney Pills. They relieved the aches and pains and regulated the action of my kidneys."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Howard had. **Poster-McBurn Co., Props., Buffalo, N. Y.**

Low Price Loses out Against Low Cost

PRICE may sell some things to farmers, but price alone is a poor argument compared with the records for low cost of operation made by Mogul kerosene engines.

Because they run on kerosene, Mogul engines produce farm power at the lowest possible cost.

You know what gasoline costs. You know, too, what kerosene costs. Take the difference—multiply it by the number of gallons of fuel an engine will consume in five years, figuring one pint of fuel per horse power per hour.

At what price must you buy a gasoline engine to make it cost you as little as a Mogul does? Could you afford to accept a gasoline engine as a gift? See the dealer about this. He has the figures all worked out for you on all sizes of Mogul engines from 1 to 50 H. P.
