When you need two-vision lenses—be sure to get **KRYPTOK LENSES**
(Worn by over 250,000 people)
For in all other two-vision lenses there is a line or seam between the near and far vision portions that makes the wearer look less than his best, and unmistakably brands him or her with a sign of age.
Kryptoks are double-vision lenses that look exactly like regular one-vision lenses because there are no lines or seams in them.

Dr. Winnard can supply these lenses

Satisfaction guaranteed or money refunded.

HEAR WITHOUT EARS

Police and Detectives Are Using Lip Reading in Place of the Dictagraph.

Thousands of deaf people are today throwing away all hearing devices and are enjoying all conversation. This method is easily and quickly acquired thru our system. Absolutely the only thing of its kind in the country. Our proposition is entirely original. We guarantee results, it will amaze you. Cost is trifling. See what New International Encyclopedia says on Lip Reading. Hundreds of people with normal hearing are taking up Lip Reading for the many additional benefits gained. You can understand what the actors are saying in the moving pictures. You can understand what people are saying just as far away as you can see them. The eye understands beyond the range of hearing. Send no money, but mention this paper and state whether or not you are deaf. All particulars will be sent you absolutely free and with no expense to you. Address, School of Lip Language, Kansas City, Missouri.

COUNTY SCHOOL NOTES

By Supt. S. E. Notson.
In district No. 14, Miss Winnifred Williams and ten pupils were working diligently. The building was remodeled last year so as to admit the light from the left and rear of the pupils. A new set of maps has been added to the equipment. This school is making an effort to reach the requirements for a standard school. The pupils are planning to enter the project work.

Miss Ruth Parker teaches in District No. 27. This school has a fine new book-case and an excellent jacket for the stove. A can of water is kept on the stove. The water supply is kept in a closed jar, fitted with a faucet. This school will be represented in the project work.

In District No. 21, Miss Bertha Stretcher is the teacher. This school has a nice lot of play apparatus. The pupils were at work upon a croquet ground. This school expects to reach the standard this year again, having obtained all the points last year.

Mr. D. C. Conner is the teacher in District No. 36. Mr. Conner is quite a genius in the making of charts. He has a phonic chart which he has made and which is a most excellent piece of apparatus for school use. The pupils of this school expect to make a good showing in the project work.

At Hardman, Prof. Bernard Pehr and his assistant teachers are closing a very successful year. A fine lot of play apparatus has been placed upon the premises. The rooms are all striving to obtain the full number of stars for the standard school. This is the first year that the high school has been separated from the grades. The work in the high school has attracted several outside pupils. Prof. Pehr is planning to make a number of improvements in the high school next year. The teachers and pupils presented a program which delighted the people who came out to the evening meeting. They deserve much credit for the program, considering that they had only a few days in which to prepare. Every number was well rendered. The people showed their appreciation by generous applause and by complimentary remarks after the meeting closed. We may expect some good work in the industrial lines from this school. Some of the smaller girls have already done some splendid needle work.

Teachers who have not enrolled for the reading circle work should do so without delay. If you have lost the enrollment blank, write to the Extension Division of the State University for a blank. Those who desire to obtain the Palmer diploma in writing may enroll with the Palmer Company any time.

The order of Kappa Sigma Pi had a most interesting and enthusiastic meeting at the Christian church Monday evening. Four new members were initiated into the mysteries of this excellent society, and a really good informal program was rendered.
This society is really helpful in developing the best in the boys' life.
