One of my relatives had used Doan's Kidney Pills and advised me to try them. Two boxes drove away the aches and pains and I have had no kidney trouble since." (Statement given May 20, 1910.)

LASTING RESULTS. OVER A YEAR LATER, Mrs. Nibler said: "I have had no kidney trouble since Doan's Kidney Pills rid me of it." Price 50c, at all dealers. Low Price Loses out Against Low Cost

PRICE may sell some things to farmers, but price alone is a poor argument compared with the records for low cost of operation made by Mogul kerosene engines.

Because they run on kerosene, Mogul engines produce farm power at the lowest possible cost.

You know what gasoline costs. You know, too, what kerosene costs. Take the difference—multiply it by the number of gallons of fuel an engine will consume in five years, figuring one pint of fuel per horse power per hour.

At what price must you buy a gasoline engine to make it cost you as little as a Mogul? Could you afford to accept a gasoline engine as a gift? See the dealer about this. He has the figures all worked out for you on all sizes of Mogul engines from 1 to 50 H. P.
