Many inquiries have come to game warden Robert Young regarding killed deer. Mr. Young says according to the state law it is a crime to kill these birds, and all offenses coming under his notice will be duly taken care of in the form of fines.

While digging in his yard on Chase street last week A. L. Ayers uncovered a gold Elgin watch and chain which presumably had been buried at the time of the Heppner flood in 1903. The watch is on display at the Oscar Borg jewelry store.

Henry Schwarz is again able to be on the job after being confined to his home with an attack of lumbago.

**KRYPTOK LENSES**  
(Worn by over 250,000 people)  
For in all other two-vision lenses there is a line or seam between the near and far vision portions that makes the wearer look less than his best, and unmistakably brands him or her with a sign of age.  
Kryptoks are double-vision lenses that look exactly like regular one-vision lenses because there are no lines or seams in them.
