Does It Run On Kerosene?

THE most important feature of a farm power engine today is the fuel it uses.

That, more than anything else, determines its usefulness and economy.

At present prices of gasoline and kerosene, you could not afford to accept a gasoline engine as a gift, if you had to use it.

You could better afford to pay a big premium for a **Mogul kerosene engine**.

See the **Mogul** work on kerosene. Ask your dealer to show you the difference in fuel cost between a **Mogul** in any size from 1 to 50-H. P., and a gasoline engine of the same size. The figures will surprise you.

His Mistake.

"How did you lose your last job?"
"I was fired for making a mistake."
"That seems unfair. We are all liable to make mistakes."
"Yes, but I told the boss that he couldn't get along without me."

Circumstantial.
Mother (at the party)—Why did you allow that young man to kiss you?
Daughter—Why, ma!
Mother—Oh, you needn't "Why ma" me. One side of his nose is powdered and one side of yours isn't.
—Facts and Fancies.

Slow Chap.
"You wouldn't kiss a girl against her will, would you?" asked the leap year maiden.
"No, I would not."
Then she tried another approach.
"Would you resist very much if a girl tried to kiss you?"—Kansas City Journal.
